DEAR APPLICANT LETTER

UNITED STATES DEPARTMENT OF EDUCATION

OFFICE OF POSTSECONDARY EDUCATION

Date TBD

Dear Applicant:

Thank you for your interest in the Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) program. We are pleased to provide the application package for the fiscal year (FY) 2022 GEAR UP State grant competition (CFDA 84.334S). Included in this application package are the program statute and regulations, and the instructions and forms needed for you to submit a State application to the U.S. Department of Education (Department).

Please be sure to thoroughly review the entire application package for information concerning the GEAR UP program. Applicants should pay particular attention to the section entitled "Competition Highlights" that outlines program and competition details.

The Notice published in the Federal Register is the official document describing the requirements for applying for a GEAR UP State grant and provides application submission procedures. You should not rely upon any information that is inconsistent with the guidance contained within the official document.

We appreciate your interest in the GEAR UP program. For further information regarding the program, please contact Craig Pooler, Director, GEAR UP and TRIO Talent Search Division at (202) 453-6195 or Craig.Pooler@ed.gov.

Sincerely,

Michelle Asha Cooper, Ph.D.
Deputy Assistant Secretary for Higher Education Programs,
Delegated the Authority to Perform the Functions and Duties of the
Assistant Secretary,
Office of Postsecondary Education

COMPETITION HIGHLIGHTS

1. **Authorization**

Title IV, Sections 404A-404H, of the Higher Education Act of 1965, as amended.

2. **Program Website**

GEAR UP statutory and regulatory requirements and additional information can be found on the Department's website at: <http://www2.ed.gov/programs/gearup/index.html>.

3. **Purpose of the Program**

GEAR UP is a discretionary grant program, which encourages applicants to provide support and maintain a commitment to eligible low-income students, including students with disabilities, to assist the students in obtaining a secondary school diploma and preparing for and succeeding in postsecondary education.

4. **Eligible Applicants**

At the time of application, the Governor of the State must designate the eligible State entity that can apply for a GEAR UP State grant on behalf of the State. State applicants must include in the application an Applicant Eligibility Form.

Note: The CFDA number for the State Program is 84.334[S]. Please do not mistakenly submit your application under the Partnership Program CFDA number - 84.334[A].

5. **Invitational Priority**

TBD

6. **Competitive Preference Priority**

TBD

7. **Required Activities**

GEAR UP State projects are required to implement the following activities:

- Providing comprehensive mentoring, outreach, and supportive services to students participating in the programs;
- Providing information regarding financial aid for postsecondary education to participating students in the cohort;
- Encouraging student enrollment in rigorous and challenging curricula and coursework, in order to reduce the need for remedial coursework at the postsecondary level;

- Improving the number of participating students who: a) obtain a secondary school diploma and b) complete applications for and enroll in a program of postsecondary education; and
- Providing scholarships to students.

8. Allowable Implementation Model

Applicants can choose to implement two models: *cohort and/or priority students model*. Details regarding the two implementation models are provided later in the application.

9. Budgetary Information

- Maximum Amount - The maximum amount a State applicant can request each year of funding under the FY 2022 competition is TBD.
- Required Federal Allocation - State applicants must allocate no less than 25 percent and no more than 50 percent of Federal funds for activities and the remaining Federal funds for scholarships. However, there is an exception in the statute that allows applicants to allocate more for activities. Additional information on the exception is provided in the application package.
- Matching/Cost-Share - Applicants must clearly demonstrate in the application how the matching/cost-share requirement will be satisfied. GEAR UP projects are required to provide not less than 50 percent of project costs (or \$1 of non-Federal funds for every \$1 of Federal funds awarded), which may be cash or in-kind. Proposed Federal and non-Federal expenditures must be provided on the Budget Summary Form, and the 6- or 7-year total proposed matching contributions must be equal to or more than proposed Federal expenditures for the six- or seven-year performance period.
- Out-Year Funding - Applicants will not receive more Federal funding in out-years than the amount awarded in the first year of the grant; and therefore, the Budget Summary Form should not reflect budgetary increases in years two through six or seven.

10. Electronic Submission of Applications

GEAR UP applications must be submitted electronically using Grants.gov.

Note: The CFDA number for the State Program is 84.334[S]. Please do not mistakenly submit your application under the Partnership Program CFDA number - 84.334[A].

You are urged to acquaint yourself with the requirements of Grants.gov early as the registration procedures may require five or more days to complete. A more thorough discussion is included later in this application package. The requirements for obtaining an exception to the electronic submission requirement are included in the Notice. If you think you may need an exception, you are urged to review the requirements promptly.

Please note that you must submit your application by 11:59:59 p.m., Eastern Time, on or before the application deadline date. Late applications will not be accepted. We suggest that you submit your application several days before the deadline. The Department is re-

quired to enforce the established deadline to ensure fairness to all applicants. No changes or additions to an application will be accepted after the deadline date and time. We recommend that all attachments be in .PDF format.

Note: If you registered in SAM prior to April 4, 2022, and submit your application before April 4, 2022, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered in SAM. If you do not include the same DUNS number assigned by SAM on your application as the DUNS you registered with, Grants.gov will reject your application.

To submit successfully beginning on April 4, 2022, you must provide the UEI on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This UEI is assigned to your organization in SAM at the time your organization registers in SAM, when that registration occurs after April 4, 2022. If you do not enter the UEI assigned by SAM on your application, Grants.gov will reject your application.

11. Recommended Format of Application

There are no formatting requirements for this competition. However, we recommend that applicants double space the application narrative and use a font that is either 12-point or larger. Charts, tables, figures, and graphs can be single spaced. The following fonts are suggested: Times New Roman, Courier, Courier New, or Arial.

12. GEAR UP Program Required Forms

The following forms and documentation are required. Additional information on these documents is provided in this application package.

- Applicant Eligibility Form
- State Project Profile Sheet
- Project Budget Summary Form
- First-Year Budget Narrative Form

Please note that more detailed instructions for attaching these forms are covered in the “INSTRUCTIONS FOR COMPLETING THE APPLICATION PACKAGE” section of the application.

13. Project Abstract

The project abstract in the application should be presented on one page, single spaced. The abstract should include:

- Applicant name (branch and/or campus, if applicable)
- City and State
- Contact information (contact person, email address, telephone number)

14. Selection Criteria

The selection criteria in EDGAR 34 CFR part 75 sections 75.209(a) and 75.210 are used to evaluate applications. The selection criteria and maximum possible points are included in the Notice.

15. Notice to Successful Applicants

The Department’s Office of Legislation and Congressional Affairs will inform the Congress regarding applications approved for new GEAR UP program grants.

GRANTS.GOV SUBMISSION PROCEDURES AND TIPS FOR APPLICANTS

Updated 01/2022

IMPORTANT – PLEASE READ FIRST

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

Browser Support

The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues. Grants.gov no longer provides support for Microsoft Internet Explorer 9 or below.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html#browser>.

ATTENTION – Workspace, Adobe Forms and PDF Files

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a workspace.

Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: <https://www.grants.gov/web/grants/applicants/workspace-overview.html>.

- 1) Create a Workspace: Creating a workspace allows you to complete it online and route it through your organization for review before submitting.
- 2) Complete a Workspace: Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.
 - a. Adobe Reader: If you decide not to apply by filling out web forms, you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader. NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: <https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>.
 - b. Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

c. Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and UEI Number. Once it is completed, the information will transfer to the other forms.

- 3) Submit a Workspace: An application may be submitted through Workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.
- 4) Track a Workspace Submission: After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

For additional training resources, including video tutorials, refer to <https://www.grants.gov/web/grants/applicants/applicant-training.html>.

Helpful Reminders

- 1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately 7 to 10 business days, but could take longer, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the registration steps, please go to: <http://www.grants.gov/web/grants/register.html>. [Note: Your organization will need to update its SAM registration annually.]

Until April 3, 2022, entities that are not already registered in SAM.gov and who wish to do business with the Federal Government must obtain and/or use a valid Data Universal Numbering System number (DUNS) to register their entity in SAM.gov. On and after April 4, 2022, entities that are not registered in SAM.gov will be assigned a Unique Entity Identifier (UEI) when they register and will not need to use a DUNS for entity registration or reporting. If registering before April 4, 2022, you can obtain a DUNS number from Dun and Bradstreet at the following website: <http://fedgov.dnb.com/webform>. A DUNS number can be created within one to two business days.

Information about SAM is available at www.SAM.gov. To further assist you with registering in SAM or updating your existing SAM registration, see the [Quick Start Guide for Grant Registrations](#) and the Entity Registration Video at <https://sam.gov/content/entity-registration>.

- 2) **SUBMIT EARLY** – **We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded.** The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 11:59:59 p.m. Eastern Time on the deadline date.

Note: If you registered in SAM prior to April 4, 2022, and submit your application before April 4, 2022, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered in SAM. If you do not include the same DUNS number assigned by SAM on your application as the DUNS you registered with, Grants.gov will reject your application.

To submit successfully beginning on April 4, 2022, you must provide the UEI on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This UEI is assigned to your organization in SAM at the time your organization registers in SAM, when that registration occurs after April 4, 2022. If you do not enter the UEI assigned by SAM on your application, Grants.gov will reject your application.

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, log in to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 11:59:59 p.m. Eastern Time on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 11:59:59 p.m. Eastern Time on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/encountering-error-messages.html>. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <mailto:support@grants.gov> or access the Grants.gov Self-Service Knowledge Base web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>.

If electronic submission is required, you must submit an electronic application before 11:59:59 p.m. Eastern Time, unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please go to <http://www.grants.gov/web/grants/support.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Applicant FAQs found at this Grants.gov link: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html>, as well as additional information on Workspace at <https://www.grants.gov/web/grants/applicants/applicant-faqs.html#workspace>.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application:

- When you submit your application electronically, you must upload any narrative sections and all other attachments to your application as files in either Portable Document Format (PDF) or Microsoft Word. Although applicants have the option of uploading any narrative sections and all other attachments to their application in either PDF or Microsoft Word, we **recommend** applicants submit all documents as read-only flattened PDFs, meaning any fillable PDF files must be saved and submitted as non-fillable PDF files and not as interactive or fillable PDF files, to better ensure applications are processed in a more timely, accurate, and efficient manner.
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.

APPLICATION SUBMISSION PROCEDURES AND REQUIREMENTS

This program requires the electronic submission of applications.

Important Note: The CFDA number for the State Program is 84.334^S. Please do not mistakenly submit your application under the Partnership Program CFDA number - 84.334^A.

According to the instructions found in the Federal Register Notice, those requesting and qualifying for an exception to the electronic submission requirement may submit an application by mail, commercial carrier or by hand delivery.

If you want to apply for a grant and be considered for funding, you must meet the following deadline requirements:

Applications Submitted Electronically:

1. A private metered postmark.
2. A mail receipt that is not dated by the U.S. Postal Service.

An applicant should note that the U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an applicant should check with its local post office.

Special Note: Due to potential disruption to normal mail delivery, the Department encourages you to consider using an alternative delivery method (for example, a commercial carrier, such as Federal Express or United Parcel Service; U.S. Postal Service Express Mail; or a courier service) to transmit your application for this competition to the Department. If you use an alternative delivery method, please obtain the appropriate proof of mailing under “Applications Delivered by Mail,” and then follow the instructions for “Applications Delivered by Hand.”

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The GEAR UP program is a discretionary grant program that encourages eligible entities to provide support, and maintain a commitment to, eligible low-income students, including students with disabilities, to assist the students in obtaining a secondary school diploma (or its recognized equivalent) and to prepare for and succeed in postsecondary education. Under the GEAR UP program, the Department awards grants to two types of entities: (1) States and (2) eligible partnerships.

Background: In this notice, the Department invites applications for State grants only. We will invite applications for Partnership grants in another notice published in the Federal Register. Required services under the GEAR UP program are specified in section 404D(a) of the Higher Education Act of 1965, as amended (HEA) (20 U.S.C. 1070a-24(a)), and permissible services under the GEAR UP program are specified in section 404D(b) and (c) of the HEA (20 U.S.C. 1070a-24(b) and (c)). Grantee activities must include providing financial aid information for postsecondary education; encouraging enrollment in rigorous and challenging coursework in order to reduce the need for remediation at the postsecondary level; implementing activities to improve the number of participating students who obtain a secondary school diploma and who complete applications for and enroll in a program of postsecondary education; and providing scholarships as specified in section 404E of the HEA. Additional permissible activities for State grantees are specified in sections 404D(b) and (c) of the HEA.

Recent data suggest that the COVID-19 pandemic has created academic challenges and greatly exacerbated mental health issues among school-aged youth. For example, the Centers for Disease Control (CDC) reports the proportion of emergency room visits related to mental health crises has increased dramatically for young children and adolescents since the start of the

pandemic.¹ Researchers also estimate that COVID-19-related disruptions may put students substantially behind, particularly in topics like mathematics, causing many to reenter school with more variability in their academic skills compared to normal circumstances.²

In addition, the transition to remote learning has introduced academic challenges for all students, particularly students from low-income backgrounds, students of color, English learners, and students with disabilities. Students living in rural communities face additional challenges to accessing instruction. Across the Nation, there are gaps in access to broadband in rural locations and on Tribal lands. In addition to less access to academic instruction, COVID-19 has impacted the well-being of rural students³ and their likelihood of enrolling in postsecondary education.⁴

Priorities: This notice contains two competitive preference priorities and three invitational priorities. In accordance with 34 CFR 75.105(b)(2)(ii) and (iv), Competitive Preference Priority 1 is from section 404A(b)(3) of the HEA (20 U.S.C. 1070a-21(b)(3)) and the GEAR UP program regulations (34 CFR 694.19). Competitive Preference Priority 2 is from 34 CFR 75.226(d).

Competitive Preference Priorities: For FY 2021 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional five points to an application, depending on how well the application meets the priorities. These priorities are:

Competitive Preference Priority 1–Successful State GEAR UP grant prior to August 14, 2008 (Up to 2 points).

We give priority to an eligible applicant for a State GEAR UP grant that has: (a) Carried out a successful State GEAR UP grant prior to August 14, 2008, determined on the basis of data (including outcome data) submitted by the applicant as part of its annual and final performance reports and the applicant's history of compliance with applicable statutory and regulatory requirements; and (b) a prior demonstrated commitment to early intervention leading to college access through collaboration and replication of successful strategies.

Competitive Preference Priority 2–Moderate Evidence (Up to 3 points).

Applications supported by evidence that meets the conditions in the definition of “moderate evidence” (as defined in this notice).

Note:

To address the priority, an applicant may submit up to two study citations that it believes support the implementation of a GEAR UP authorized activity proposed in the application and that meet the moderate evidence standard. For State grantees, required GEAR UP services are specified in section 404D(a) of the HEA (20 U.S.C. 1070a-24(a)), and permissible services are specified in section 404D(b) and (c) of the HEA (20 U.S.C. 1070a-24(b) and (c)).

Applicants can cite What Works Clearinghouse (WWC) intervention reports, WWC practice guides, or individual studies—both those already listed in the Department's WWC Database of Individual Studies⁵ and those that have not yet been reviewed by the WWC. Studies listed in the WWC Database of Individual Studies do not necessarily satisfy the criteria needed to meet the moderate evidence standard. Therefore, applicants should themselves ascertain the suitability of the study for the evidence priority. The proposed studies must be cited in the section of the application that addresses Competitive Preference Priority 2 as well as on the Evidence Form. Applicants should also describe (1) the project component(s) from the cited research they intend to implement in their GEAR UP project, (2) the relevant outcome(s) that are included in both the study (or WWC practice guide or intervention report) and in the proposed project, (3) the

research findings suggesting a favorable relationship between the project component and the relevant outcome, and (4) how the population and/or settings in the cited research overlap with that of the proposed project. The Department will review the research cited by the applicant to determine if it meets the requirements for moderate evidence, as well as whether it is sufficiently aligned with the project proposed.

Invitational Priorities: For FY 2021, and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are invitational priorities. Under 34 CFR 75.105(c)(1) we do not give an application that meets these invitational priorities a competitive or absolute preference over other applications.

These priorities are:

Invitational Priority 1—Building Capacity for Remote Learning.

Projects that are designed to address one or both of the following priority areas:

(a) Providing personalized and job-embedded professional learning to build the capacity of GEAR UP educators who serve GEAR UP participants to create remote learning experiences for GEAR UP participants that advance student engagement and learning through effective use of technology (*e.g.*, both live and video conferencing professional learning opportunities, professional learning networks or communities, and coaching).

(b) Providing access to software applications to GEAR UP participants without access to such software applications to meet all GEAR UP students' and GEAR UP educators' remote learning needs, regardless of whether students and educators are inside the school building or in remote learning environments.

Note:

The remote learning environment must be accessible to individuals with disabilities in accordance with Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act, as applicable. The remote learning environment must also provide appropriate remote learning language assistance services to English learners.

For the purposes of this priority, "remote learning" means programming where at least part of the learning occurs away from the physical building in a manner that addresses a learner's education needs. Remote learning may include online, hybrid/blended learning, or non-technology-based learning (e.g., lab kits, project supplies, paper packets).

Invitational Priority 2— Addressing the Impact of COVID-19 on Students' Mental Health and Academic Outcomes.

Projects designed to provide integrated student support services (also known as wrap-around services) for GEAR UP participants to address mental health and academic support needs due to the COVID-19 pandemic. An applicant should describe in its application how it will collaborate with any partners to provide

resources to support students and communities hit the hardest by COVID-19 and implement evidence-based best practices to address the existing inequities exacerbated by the pandemic. The proposed system of integrated student support services should include services that meet the whole needs of students from low-income backgrounds, including aid for school supplies, transportation costs as allowable by program regulations, connections to mental health services, mentoring, tutoring, and peer support groups, that help ensure graduation from high school and enrollment in postsecondary education.

Invitational Priority 3—Providing GEAR UP Services to Schools Located in Rural Areas.

Applications that include descriptive plans to provide GEAR UP services and resources in rural communities and schools, including those local educational agencies (LEAs) with a locale code of 32, 33, 41, 42, or 43.

Definitions: These definitions are from 34 CFR 77.1(c).

Demonstrates a rationale means a key project component included in the project's logic model is informed by research or evaluation findings that suggest the project component is likely to improve relevant outcomes.

Experimental study means a study that is designed to compare outcomes between two groups of individuals (such as students) that are otherwise equivalent except for their assignment to either a treatment group receiving a project component or a

control group that does not. Randomized controlled trials, regression discontinuity design studies, and single-case design studies are the specific types of experimental studies that, depending on their design and implementation (*e.g.*, sample attrition in randomized controlled trials and regression discontinuity design studies), can meet What Works Clearinghouse (WWC) standards without reservations as described in the WWC Handbooks:

(i) A randomized controlled trial employs random assignment of, for example, students, teachers, classrooms, or schools to receive the project component being evaluated (the treatment group) or not to receive the project component (the control group).

(ii) A regression discontinuity design study assigns the project component being evaluated using a measured variable (*e.g.*, assigning students reading below a cutoff score to tutoring or developmental education classes) and controls for that variable in the analysis of outcomes.

(iii) A single-case design study uses observations of a single case (*e.g.*, a student eligible for a behavioral intervention) over time in the absence and presence of a controlled treatment manipulation to determine whether the outcome is systematically related to the treatment.

Moderate evidence means that there is evidence of effectiveness of a key project component in improving a relevant outcome for a

sample that overlaps with the populations or settings proposed to receive that component, based on a relevant finding from one of the following:

(i) A practice guide prepared by the WWC using version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks reporting a “strong evidence base” or “moderate evidence base” for the corresponding practice guide recommendation;

(ii) An intervention report prepared by the WWC using version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks reporting a “positive effect” or “potentially positive effect” on a relevant outcome based on a “medium to large” extent of evidence, with no reporting of a “negative effect” or “potentially negative effect” on a relevant outcome; or

(iii) A single experimental study or quasi-experimental design study reviewed and reported by the WWC using version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks, or otherwise assessed by the Department using version 4.1 of the WWC Handbooks, as appropriate, and that—

(A) Meets WWC standards with or without reservations;

(B) Includes at least one statistically significant and positive (*i.e.*, favorable) effect on a relevant outcome;

(C) Includes no overriding statistically significant and negative effects on relevant outcomes reported in the study or in a corresponding WWC intervention report prepared under version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks; and

(D) Is based on a sample from more than one site (e.g., State, county, city, school district, or postsecondary campus) and includes at least 350 students or other individuals across sites. Multiple studies of the same project component that each meet requirements in paragraphs (iii)(A), (B), and (C) of this definition may together satisfy the requirement in this paragraph (iii)(D).

Project component means an activity, strategy, intervention, process, product, practice, or policy included in a project. Evidence may pertain to an individual project component or to a combination of project components (e.g., training teachers on instructional practices for English learners and follow-on coaching for these teachers).

Quasi-experimental design study means a study using a design that attempts to approximate an experimental study by identifying a comparison group that is similar to the treatment group in important respects. This type of study, depending on design and implementation (e.g., establishment of baseline equivalence of the groups being compared), can meet WWC standards with reservations, as described in the WWC Handbooks.

Relevant outcome means the student outcome(s) or other outcome(s) the key project component is designed to improve, consistent with the specific goals of a program.

What Works Clearinghouse (WWC) Handbooks (WWC Handbooks) means the standards and procedures set forth in the WWC Standards

Handbook, Versions 4.0 or 4.1, and WWC Procedures Handbook, Versions 4.0 or 4.1, or in the WWC Procedures and Standards Handbook, Version 3.0 or Version 2.1 (all incorporated by reference, see §77.2). Study findings eligible for review under WWC standards can meet WWC standards without reservations, meet WWC standards with reservations, or not meet WWC standards. WWC practice guides and intervention reports include findings from systematic reviews of evidence as described in the WWC Handbooks documentation.

Program Authority: 20 U.S.C. 1070a-21-1070a-28.

Note: Projects will be awarded and must be operated in a manner consistent with the nondiscrimination requirements contained in Federal civil rights laws.

Estimated Number of Awards: 11.

Note: The Department is not bound by any estimates in this notice.

Project Period: Either 72 months or 84 months.

Note: An applicant that wishes to seek funding for a seventh project year (*i.e.*, for a project period greater than 72 months) in order to provide project services to GEAR UP students through their first year of attendance at an institution of higher education (IHE) must propose to do so in its application.

III. Eligibility Information

1. Eligible Applicants: States (as defined in section 103(20) of the HEA (20 U.S.C. 1003(20)), which includes the Commonwealth of Puerto Rico, the District of Columbia, Guam,

American Samoa, the United States Virgin Islands, the Commonwealth of the Northern Mariana Islands, and the Freely Associated States. Per congressional direction in House Report 116-450 and reinforced in the Explanatory Statement to the Department of Education Appropriations Act, 2021 (Pub. L. 116-260), only States without an active State GEAR UP grant, or States that have an active State GEAR UP grant that is scheduled to end prior to October 1, 2021, are eligible to receive a new State GEAR UP award in this competition. States with grants remaining open beyond October 1, 2021, for a no-cost extension period or for the sole purpose of data collection and analysis activities, are not considered active for purposes of implementing this directive.

2. a. Cost Sharing or Matching: Section 404C(b)(1) of the HEA requires grantees under this program to provide from State, local, institutional, or private funds, not less than 50 percent of the cost of the program (or one dollar of non-Federal funds for every one dollar of Federal funds awarded), which may be provided in cash or in-kind. The provision also specifies that the match may be accrued over the full duration of the grant award period, except that the grantee must make substantial progress towards meeting the matching requirement in each year of the grant award period.

Section 404C(c) of the HEA provides that in-kind contributions may include (1) the amount of the financial assistance obligated

under GEAR UP to students from State, local, institutional, or private funds, (2) the amount of tuition, fees, room or board waived or reduced for recipients of financial assistance under GEAR UP, (3) the amount expended on documented, targeted, long-term mentoring and counseling provided by volunteers or paid staff of non-school organizations, including businesses, religious organizations, community groups, postsecondary educational institutions, nonprofit and philanthropic organizations, and other organizations, and (4) equipment and supplies, cash contributions from non-Federal sources, transportation expenses, in-kind or discounted program services, indirect costs, and facility usage.

Grantees must include a budget detailing the source of the matching funds and must provide an outline of the types of matching contributions for at least the first year of the grant in their grant applications. Consistent with 2 CFR 200.306(b), any matching funds must be an allowable use of funds consistent with the GEAR UP program requirements and the cost principles detailed in subpart E of 2 CFR part 200, and not included as a contribution for any other Federal award.

b. Supplement-Not-Supplant: This program involves supplement, not supplant funding requirements. Under section 404B(e) of the HEA (20 U.S.C. 1070a-22(e)), grant funds awarded under this program must be used to supplement, and not supplant,

other Federal, State, and local funds that would otherwise be expended to carry out activities assisted under this program.

c. Indirect Cost Rate Information: For entities eligible to apply to this competition, the program regulations at 34 CFR 694.11 limit indirect cost reimbursement to the rate determined in the entity's negotiated indirect cost rate agreement, or eight percent of a modified total direct cost base, whichever amount is less. For more information regarding indirect costs, or to obtain a negotiated indirect cost rate, please see www2.ed.gov/about/offices/list/ocfo/intro.html.

d. Administrative Cost Limitation: This program does not include any program-specific limitation on administrative expenses. All administrative expenses must be reasonable and necessary and conform to Cost Principles described in 2 CFR part 200 subpart E of the Uniform Guidance.

3. Other: General Application Requirements: All applicants must meet the following application requirements in order to be considered for funding. The application requirements are from sections 404C(a) and 404E of the HEA (20 U.S.C. 1070a-23(a); 20 U.S.C. 1070a-25).

In order for an eligible entity to qualify for a grant under the GEAR UP program, the eligible entity must submit to the Secretary an application for carrying out a GEAR UP program that—

(a) Describes the activities for which assistance under this program is sought, including how the eligible entity will carry

out the required activities described in section 404D(a) of the HEA;

(b) Describes, in the case of an eligible entity described in section 404A(c)(1) of the HEA, how the eligible entity will meet the requirements of section 404E of the HEA;

(c) Provides assurances that adequate administrative and support staff will be responsible for coordinating the activities described in section 404D of the HEA;

(d) Provides assurances that activities assisted under this program will not displace an employee or eliminate a position at a school assisted under this program, including a partial displacement such as a reduction in hours, wages, or employment benefits;

(e) Describes, in the case of an eligible entity described in section 404A(c)(1) of the HEA that chooses to use a cohort approach, how the eligible entity will define the cohorts of the students served by the eligible entity pursuant to section 404B(d) of the HEA, and how the eligible entity will serve the cohorts through grade 12, including—

(i) How vacancies in the program under this program will be filled; and

(ii) How the eligible entity will serve students attending different secondary schools;

(f) Describes how the eligible entity will coordinate programs under this program with other existing Federal, State,

or local programs to avoid duplication and maximize the number of students served;

(g) Provides such additional assurances as the Secretary determines necessary to ensure compliance with the requirements of this program;

(h) Provides information about the activities that will be carried out by the eligible entity to support systemic changes from which future cohorts of students will benefit;

(i) Describes the sources of matching funds that will enable the eligible entity to meet the matching requirement described in section 404C(b); and

(j) Demonstrates, in the case of an eligible entity that is requesting to use more than 50 percent of grant funds on GEAR UP early intervention activities and less than 50 percent of grant funds on scholarships, that the eligible entity has another means of providing the students with GEAR UP scholarships. Such means must ensure that (1) any student that qualifies as a student eligible for a GEAR UP scholarship under 20 U.S.C. 1070a-25(g) will receive a scholarship that meets the minimum Pell Grant requirements under 20 U.S.C. 1070a-25(d), and (2) the eligible entity will not impose additional eligibility criteria that would have the effect of limiting or denying a scholarship to an eligible student as required by 34 CFR 694.14(c)(3).

4. Subgrantees: A grantee under this competition may not award subgrants to entities to directly carry out project activities described in its application.

IV. Application and Submission Information

1. Application Submission Instructions: Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768) and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf, which contain requirements and information on how to submit an application.

2. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

3. Funding Restrictions: We specify unallowable costs in subpart E of 2 CFR part 200. We reference regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

Under HEA section 404E(b)(1), a State must use not less than 25 percent and not more than 50 percent of the grant funds for GEAR UP project activities described in HEA section 404D,⁶ with the remainder of grant funds spent on scholarships to eligible GEAR

⁶ Excluding the provision of funds for postsecondary scholarships required by HEA section 404D(a)(4).

UP students described in HEA section 404E. However, HEA section 404E(b)(2) permits the Secretary to allow a State to use more than 50 percent of grant funds received under this program for GEAR UP project activities described in HEA section 404D if the State demonstrates that it has another means of providing eligible GEAR UP students with the financial assistance described in HEA section 404E and describes such means in the State's application.

4. Recommended Page Limit: The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 65 pages and (2) use the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double-space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, captions as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12-point font or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the

assurances and certifications or the one-page abstract. However, the recommended page limit does apply to all of the application narrative.

We recommend that any application addressing the competitive preference priorities and invitational priorities include no more than three additional pages for each priority addressed.

Applicants that do not follow the page limit and formatting recommendations will not be penalized.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d) (3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23). For this competition, a panel of non-Federal reviewers will review each application in accordance with the selection criteria in 34 CFR 75.217(d)(3), as required by 20 U.S.C. 1070-a23(d). The individual scores of the reviewers will be added and the sum divided by the number of reviewers to determine the peer review score received in the review process.

If there are insufficient funds for all applications with the same total scores, the Secretary will, to the extent practicable, consider the distribution of grant awards based on the geographic distribution of such grant awards and the distribution between urban and rural applicants for the GEAR UP program consistent with 20 U.S.C. 1070a-22(a)(3).

3. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee

Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually.

Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. In General: In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with—

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with

section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115-232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN), or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we will notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most

current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. Performance Measures: The performance measures for the GEAR UP Program are established for the Government Performance and Results Act of 1993 (GPRA). These measures are also used for Department reporting under 34 CFR 75.110. The objectives of the GEAR UP program are (1) to increase the academic performance and preparation for postsecondary education of participating students; (2) to increase the rate of high school graduation and participation in postsecondary education of participating students; and (3) to increase education expectations for participating students and increase student and family knowledge of postsecondary education options, preparation, and financing. The effectiveness of this program depends on the rate at which program participants complete high school and enroll in and complete a postsecondary education. Under GPRA, we developed the following performance measures to track progress toward achieving the program's goals:

1. The percentage of GEAR UP students who pass Algebra 1 or its equivalent by the end of ninth grade.
 2. The percentage of GEAR UP students who graduate from high school.
 3. The percentage of GEAR UP students who complete the Free Application for Federal Student Aid.
 4. The percentage of GEAR UP students and former GEAR UP students who are enrolled at an IHE.
 5. The percentage of current GEAR UP students and former GEAR UP students who enrolled at an IHE and persisted to the second year of postsecondary education at the initial or a subsequent IHE.
- In addition, to assess the efficiency of the program, we track the average cost, in Federal funds, of achieving a successful outcome, where success is defined as enrollment in a program of undergraduate instruction at an IHE of GEAR UP students immediately after high school graduation. These performance measures constitute GEAR UP's indicators of the success of the program. Accordingly, we require that applicants include these performance measures in conceptualizing the design, implementation, and evaluation of their proposed projects.
6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved

application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

§694.8 - Under what conditions may the Secretary approve a request from a Partnership applying for a GEAR UP grant to waive a portion of the matching requirement?

(a) The Secretary may approve a Partnership applicant's request for a waiver of up to 75 percent of the matching requirement for up to two years if the applicant demonstrates in its application a significant economic hardship that stems from a specific, exceptional, or uncontrollable event, such as a natural disaster, that has a devastating effect on the members of the Partnership and the community in which the project would operate.

(b)(1) The Secretary may approve a Partnership applicant's request to waive up to 50 percent of the matching requirement for up to two years if the applicant demonstrates in its application a pre-existing and an on-going significant economic hardship that precludes the applicant from meeting its matching requirement.

(2) In determining whether an applicant is experiencing an on-going economic hardship that is significant enough to justify a waiver under this paragraph, the Secretary considers documentation of such factors as:

(i) Severe distress in the local economy of the community to be served by the grant (*e.g.*, there are few employers in the local area, large employers have left the local area, or significant reductions in employment in the local area).

(ii) Local unemployment rates that are higher than the national average.

(iii) Low or decreasing revenues for State and County governments in the area to be served by the grant.

(iv) Significant reductions in the budgets of institutions of higher education that are participating in the grant.

(v) Other data that reflect a significant economic hardship for the geographical area served by the applicant.

(3) At the time of application, the Secretary may provide tentative approval of an applicant's request for a waiver under paragraph (b)(1) of this section for all remaining years of the project period. Grantees that receive tentative approval of a waiver for more than two years under this paragraph must submit to the Secretary every two years by such time as the Secretary may direct documentation that demonstrates that—

(i) The significant economic hardship upon which the waiver was granted still exists; and

(ii) The grantee tried diligently, but unsuccessfully, to obtain contributions needed to meet the matching requirement.

(c) The Secretary may approve a Partnership applicant's request in its application to match its contributions to its scholarship fund, established under section 404E of the HEA, on the basis of two non-Federal dollars for every one Federal dollar of GEAR UP funds.

(d) The Secretary may approve a request by a Partnership applicant that has three or fewer institutions of higher education as members to waive up to 70 percent of the matching requirement if the Partnership applicant includes—

(1) A fiscal agent that is eligible to receive funds under title V, or Part B of title III, or section 316 or 317 of the HEA, or a local educational agency;

(2) Only participating schools with a 7th grade cohort in which at least 75 percent of the students are eligible for free or reduced-price lunch under the Richard B. Russell National School Lunch Act; and

(3) Only local educational agencies in which at least 50 percent of the students enrolled are eligible for free or reduced-price lunch under the Richard B. Russell National School Lunch Act.

§694.9 - Under what conditions may the Secretary approve a request from a Partnership that has received a GEAR UP grant to waive a portion of the matching requirement?

(a) After a grant is awarded, the Secretary may approve a Partnership grantee's written request for a waiver of up to—

(1) 50 percent of the matching requirement for up to two years if the grantee demonstrates that—

(i) The matching contributions described for those two years in the grantee's approved application are no longer available; and

(ii) The grantee has exhausted all funds and sources of potential contributions for replacing the matching funds.

(2) 75 percent of the matching requirement for up to two years if the grantee demonstrates that matching contributions from the original application are no longer available due to an uncontrollable event, such as a natural disaster, that has a devastating economic effect on members of the Partnership and the community in which the project would operate.

(b) In determining whether the grantee has exhausted all funds and sources of potential contributions for replacing matching funds, the Secretary considers the grantee's documentation of key factors such as the following and their direct impact on the grantee:

(1) A reduction of revenues from State government, County government, or the local educational agency (LEA).

(2) An increase in local unemployment rates.

(3) Significant reductions in the operating budgets of institutions of higher education that are participating in the grant.

(4) A reduction of business activity in the local area (*e.g.*, large employers have left the local area).

(5) Other data that reflect a significant decrease in resources available to the grantee in the local geographical area served by the grantee.

(c) If a grantee has received one or more waivers under this section or under §694.8, the grantee may request an additional waiver of the matching requirement under this section no earlier than 60 days before the expiration of the grantee's existing waiver.

(d) The Secretary may grant an additional waiver request for up to 50 percent of the matching requirement for a period of up to two years beyond the expiration of any previous waiver.

(3) If an eligible student who is awarded a GEAR UP scholarship attends an institution of higher education on a less than full-time basis during any award year, the State or Partnership awarding the GEAR UP scholarship may reduce the scholarship amount, but in no case may the percentage reduction in the scholarship be greater than the percentage reduction in tuition and fees charged to that student.

(c) Grantees providing section 404E scholarship awards in accordance with this section—

(1) Must award GEAR UP scholarships first to students who will receive, or are eligible to receive, a Federal Pell Grant during the award year in which the GEAR UP scholarship is being awarded; and

(2) May, if GEAR UP scholarship funds remain after awarding scholarships to students under paragraph (c)(1) of this section, award GEAR UP scholarships to other eligible students (*i.e.*, students who are not eligible to receive a Federal Pell Grant) after considering the need of those students for GEAR UP scholarships.

GEAR UP STATE GRANTS PROGRAM OVERVIEW

Legislative Authority

Title IV, Sections 404A-404H, of the Higher Education Act of 1965, as amended.

Purpose

The GEAR UP program is a discretionary grant program, which encourages applicants to provide support and maintain a commitment to eligible low-income students, including students with disabilities, to assist the students in obtaining a secondary school diploma and preparing for and succeeding in postsecondary education.

GEAR UP provides six- or seven-year grants to States to provide services at high-poverty middle and high schools and through the first year of college. The services include: providing information regarding financial aid for postsecondary education to participating students in the cohort, encouraging student enrollment in rigorous and challenging curricula and coursework, and improving the number of participating students who obtain a secondary school diploma and complete applications for and enroll in a program of postsecondary education. GEAR UP funding can also be used to provide scholarships to students.

Eligibility

The governor of each State must designate one agency to apply for and administer a GEAR UP State grant. Applicants must submit the Applicant Eligibility Form.

Size of Awards

The maximum Federal award for State grants awarded under the FY 2022 competition will be TBD. There is no minimum award.

Out-Year Costs

State grants will receive level funding in the out-years based on approved funding for the first-year award. For example, if a grantee requests \$100,000 of funding in year one of the grant and that amount is approved, the grantee will receive no more than \$100,000 of Federal funding for years two through six or seven of the grant.

Match Requirements

State applicants are required to provide from State, local, institutional, or private funds, not less than 50 percent of the cost of the program. **The requirement is not 50 percent of what the Federal government provides. For example, if the total cost to run the project for the 6- or 7-year performance period is \$300, the required match is \$150.** Matching funds may be provided in cash or in kind and may be accrued over the full duration of the grant award period. Projects are required to make substantial progress towards meeting the matching requirement in each year of the grant award period. Applicants must also specify the methods by which

matching funds will be paid and include provisions designed to ensure that funds provided shall supplement and not supplant funds expended for existing programs.

Note: Applicants will be held to the matching commitment proposed in the application for funding, even if the proposed match is higher than the percent required by statute. No points will be awarded for match exceeding the 50 percent level required by statute.

Required Activities

The following are required activities that eligible entities receiving a grant must implement:

- Providing comprehensive mentoring, outreach, and supportive services to students participating in the programs;
- Providing information regarding financial aid for postsecondary education to participating students in the cohort;
- Encouraging student enrollment in rigorous and challenging curricula and coursework, in order to reduce the need for remedial coursework at the postsecondary level;
- Improving the number of participating students who: a) obtain a secondary school diploma and b) complete applications for and enroll in a program of postsecondary education; and

Implementation Models

States may choose to:

1. Serve priority students; and/or
2. Serve a cohort of students

Priority Students Model (§404D(d) of HEA)

States must serve students in secondary school who are eligible, as follows:

- To be counted under section 1124(c) of the Elementary and Secondary Education Act of 1965;
- For assistance under the Temporary Assistance for Needy Families (TANF) program or under Federal Payments for Foster Care and Adoption Assistance (FPFCAA), authorized by Title IV of the Social Security Act;
- For assistance under the McKinney-Vento Homeless Assistance Act; or
- Any student the applicant considers to be disconnected.

Cohort Model (§404B(d) of HEA)

States implementing a cohort model must provide services to an entire grade level of students. Applicants can elect to provide services to an entire grade level of students who reside in public housing. Public Housing is defined according to section 33(b)(1) of the United States Housing Act of 1937)

Cohort Model Services. Below are the parameters regarding services under the cohort model:

- Provide services to at least one grade level of students (e.g., all 7th graders);
- Begin services no later than 7th grade;
- Ensure services are provided through the 12th grade to students in the participating grade level;
- Ensure services are provided through the student's first year of attendance at an institution of higher education (with a 7-year grant award);
- After the students complete the last grade level at the originating school, the project must continue to provide services to the school that the substantial majority of students attend; and
- Provide services to students who have received services under a previous GEAR UP grant award but have not yet completed the 12th grade.

Eligible Schools under Cohort Model. An applicant implementing a cohort model must comply with the following requirements regarding the originating target school. Please note there are no originating school requirements if your focus is on students who reside in public housing.. The originating target school is where the project will begin serving students. The following are requirements for the originating school:

- Must have a 7th grade class; and
- At least fifty percent of the students enrolled in the school must be eligible for free or reduced-price lunch.

Important note: All originating target schools should be presented in your application. School eligibility is determined based on the information provided in the application. If an application is approved for funding, school changes will only be approved based on special or extenuating circumstances.

Coordination

State projects must ensure that the activities proposed are, to the extent practicable, coordinated with, and complement and enhance services provided by, other eligible entities serving the same school district or State and related services under other Federal or non-Federal programs. GEAR UP grant funds shall be used to supplement and not supplant other Federal, State, and local funds.

Indirect Costs

Consistent with section 75.562 of EDGAR, all grant recipients are limited to a maximum indirect cost rate of eight percent of a modified total direct cost base or the amount permitted by its negotiated indirect cost rate agreement, whichever is less. Notwithstanding 34 CFR 75.560-75.562 and 34 CFR 80.22, the maximum indirect cost rate that an agency of a state or local government receiving funds under GEAR UP may use to charge indirect costs to these funds is

the lesser of (a) the rate established by the negotiated indirect cost agreement; or (b) eight percent of a modified total direct cost base. (Authority: 20 U.S.C. 1070a-21 to 1070a-28.) Unrecovered indirect costs cannot be used to fulfill non-Federal matching requirements.

Scholarships

State applicants are required to establish or maintain a financial assistance program that awards scholarships to eligible students. Applicants are encouraged to ensure that a scholarship is available to an eligible student for use at any institution of higher education.

a. Required Funding Allocation

State applicants are required to spend not less than 25 percent and not more than 50 percent of the grant funds for required activities. The remainder of grant funds must be used to fund the scholarship program. There is one exception to the required funding allocation. An applicant is allowed to allocate more than 50 percent of grant funds for required activities if the applicant has another means of providing students with financial assistance and describes these means in its application. If you are requesting an exception, you have to fill out Question 10(d)(ii) of the *Project Profile Sheet*, which is located at the end of the application package under Program-Specific Forms. If your application is successful in this competition, we will assess whether you are eligible for an exception based on the information provided in your application. You will receive a determination notification after the grant is awarded. Please note that State projects will be required to report on scholarships that are provided to students through another means.

b. Scholarship Student Eligibility

A student is eligible for a scholarship if the student:

1. is less than 22 years old at time of first scholarship award;
2. receives a secondary school diploma or its recognized equivalent on or after January 1, 1993;
3. is enrolled or accepted for enrollment in a program of undergraduate instruction at an institution of higher education that is located within the State's boundaries, except that, at the State's option, an eligible entity may offer scholarship program portability for recipients who attend institutions of higher education outside such State; and
4. participated in the required activities component.

c. Notification of Scholarship Eligibility

Grantees must provide information on the eligibility requirements for the scholarships to all participating students upon the students' entry into the program.

d. Priority Students Model and Scholarships

States using a priority students model may award scholarships to eligible students identified by priority at any time during the grant award period rather than reserving scholarship funds for use only in the seventh year of, or after, the grant award period. GEAR UP scholarships are designed to supplement, not supplant, other scholarship funding.

e. Scholarship Portability

States must provide scholarship funds to all eligible students who attend an institution of higher education in the State and may also provide scholarship funds to eligible students who attend institutions of higher education outside of the State.

f. Scholarship Amount

Individual States may determine the maximum amount of a scholarship that an eligible student shall receive. The *minimum* amount of the scholarship for each fiscal year *shall not* be less than the minimum Federal Pell Grant award.

g. Reserve Scholarship Funds

1. State grantees must hold in reserve scholarship funds of at least the minimum required scholarship amount multiplied by the estimated number of eligible students. However, this does not apply to grantees that were given an exception to the required funding allocation.
2. States using a priority model may award scholarships directly rather than holding funds in reserve.

h. Return of Scholarship Funds

States must return to the Secretary any Federal scholarship funds that are not used by an eligible student within six years of the student's scheduled completion of secondary school or have not been redistributed to the other eligible students.

i. Reporting Scholarship Funds

States must report, annually to the Secretary, information on Federal and non-Federal reserved funds held for GEAR UP scholarships and the disbursement of these funds to eligible students until these funds are fully expended or returned to the Secretary. Scholarship funds are subject to audit or monitoring by authorized representatives throughout the life of the fund.

j. Educational Expenses Relative to Scholarships

The scholarship funds available to an eligible student may be used for:

1. Tuition, fees, books, supplies, and equipment required for the enrollment or attendance of the eligible student at an institution of higher education; and
2. In the case of an eligible student with special needs, expenses for special needs services that are incurred in connection with such enrollment or attendance.

EVALUATION OF PROJECT PERFORMANCE

Your application must explain your GEAR UP project's overall objectives. These objectives must be clear and measurable, and be outcome-oriented (i.e., related to achieving specific, desirable results of your GEAR UP services for participants) rather than process-oriented. The activities that you propose to implement for students, parents, and teachers must be linked to the objectives approved for your project.

Each year, successful applicants will be required to submit to the Department an annual performance report that includes evidence of their progress in meeting the project's objectives and overall program goals which are:

Objective 1: Increase the academic performance and preparation for postsecondary education for GEAR UP students.

Objective 2: Increase the rate of high school graduation and enrollment in postsecondary education for GEAR UP students.

Objective 3: Increase GEAR UP students' and their families' knowledge of postsecondary education options, preparation, and financing.

In addition, Public Law 100-315, Title IV, Part A, Sec. 404G requires each GEAR UP grant project to report biennially on the progress in implementing the proposed services and other provisions, achieving the objectives/expected outcomes (and overall impact on the affected project participants), as well as any warranted adjustments to components (e.g., type, frequency, duration) of the services not achieving their expected results or enhancing student learning.

Overall, GEAR UP projects, similar to other Federal projects, are required to provide documented evidence of their accountability for the expenditures of the obligated funds and the utilization of the accompanying matching contributions. Therefore, if you are chosen as a GEAR UP grantee, you will be required to consistently collect, analyze, and report on the participation and outcome data that enables the Department to verify that your GEAR UP project is accomplishing the proposed (measurable) objectives during each year.

In this application, you need to report on each of your project objectives and associated **performance measures** for each of those objectives. (Note: there can be multiple performance measures tied to each (measurable) project objective.)

Your performance measures should include the following:

1. Government Performance and Results Act of 1993 (GPRA) measures, which are related to GEAR UP's performance indicators that are published in this application. (Please refer to the GEAR UP GPRA Performance Indicators for these measures.) These indicators include students' completion of courses such as Pre-algebra by the end of eighth grade, students' completion of Algebra I by the end of ninth grade, and students' and parents' knowledge of necessary academic preparation for college. An example of a performance measure related to a GPRA indicator would be "Increase the percentage of

GEAR UP students who have completed Algebra I by the end of ninth grade by 10 percentage points each year of the project.”

2. Program measures are additional performance measures the GEAR UP program office has established that are aligned with the GEAR UP statute and program goals. These specific measures are: (a) average daily attendance at the GEAR UP schools, (b) percentages of GEAR UP students promoted on time to successive grade levels, and (c) students’ educational aspirations/expectations (i.e., percentages of GEAR UP students who expect to graduate from high school). An example of a program performance measure could be, “Each project year, at least 95 percent of GEAR UP students will be promoted to the next grade level on time.”
3. Project-specific measures are performance measures in addition to those mentioned above that you establish and include in your GEAR UP application. These measures can relate to, for instance, academic factors such as grade point averages or standardized test scores. An example of a project-specific performance measure could be to “Increase the average percentile rank of GEAR UP students’ math scores by 5 points each year.”

In addition to reporting the specific performance measures for each of your objectives, your application must show the **targets** you have set for each of those measures. Targets must be set for each of the six or seven years of your GEAR UP project. Please note that these targets are set **after** you have collected baseline data on the performance measures. If you have already collected baseline data on any of the performance measures (e.g., baseline data such as the average daily attendance of seventh graders in the middle school you propose to serve in your GEAR UP project) and included these data in this application, please set targets for each year of your GEAR UP project on those specific performance measures and include them in your application as well. If you have **not** included baseline data for each performance measure in your application, then baseline data should be collected during the first year of the project (on those specific measures). Once the baseline data are obtained for a particular measure, targets for that measure can then be set for the second and subsequent years of the project.

GEAR UP grantees must consistently collect and analyze student achievement, educational attainment (e.g., course completions), and other outcome data on an ongoing basis, especially data linked to the ten GPRA measures. The data also provide evidence that your grant project is meeting the GEAR UP mission of preparing students to graduate from high school and enter, persist, and succeed in postsecondary education. In order to show that your grant is in compliance, merits continuation of Federal funds in subsequent award years, and will eventually close in good standing, you must report the data requested in each Annual Performance Report (APR). Each year, when you submit your APR, Department of Education GEAR UP staff will compare the target you have established for each performance measure to the actual performance data. In your Final Performance Report (FPR), you must report on the numbers of cohort students who have graduated from high school with an official diploma and who have enrolled in postsecondary education.

INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS EXECUTIVE ORDER 12372

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive Order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

<https://www.whitehouse.gov/wp-content/uploads/2020/04/SPOC-4-13-20.pdf>.

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number--including suffix letter, if any], U.S. Department of Education, room 7E200, 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

THE GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 is a straightforward statute that requires all Federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In doing so, it is expected that GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of Federal programs, and promote a new government focus on results, service delivery, and customer satisfaction. GPRA performance measures were developed to assist projects in tracking progress toward achieving the program's goals. These measures are outlined in the Notice.

How has the Department of Education Responded to the GPRA Requirements?

As required by GPRA, the Department of Education prepared a strategic plan for 2018-2022. This plan reflects the Department's priorities and integrates them with its mission and program authorities and describes how the Department will work to improve education for all children and adults in the U.S. The Department's goals, as listed in the plan, are:

Goal 1: Support state and local efforts to improve learning outcomes for all P-12 students in every community.

Goal 2: Expand postsecondary educational opportunities, improve outcomes to foster economic opportunity and promote an informed, thoughtful and productive citizenry.

Goal 3: Strengthen the quality, accessibility and use of education data through better management, increased privacy protections and transparency.

Goal 4: Reform the effectiveness, efficiency and accountability of the Department.

What are the Performance Indicators for the GEAR UP Program?

The Department's specific goal for the GEAR UP Program is: "to significantly increase the number of low-income students who are prepared to enter and succeed in postsecondary education."

Objective 1: Increase the academic performance and preparation for postsecondary education of GEAR UP students.

Objective 2: Increase the rate of high school graduation and enrollment in postsecondary education for GEAR UP students.

Objective 3: Increase GEAR UP students' and their families' knowledge of postsecondary education options, preparation, and financing.

INSTRUCTIONS FOR PROGRAM-SPECIFIC AND STANDARD FORMS

PROGRAM-SPECIFIC FORMS INSTRUCTIONS:

APPLICANT ELIGIBILITY FORM: This form must be submitted to verify if the entity has been designated by the Governor of the State to apply for and administer a GEAR UP grant.

STATE PROJECT PROFILE SHEET: This form represents an outline of the project's overall design and implementation strategy.

BUDGET SUMMARY FORM: This form presents a complete budget summary for each year of grant funding. Applicants are required to fill out and submit *both sections* (Federal and non-Federal) of this form.

The matching requirement is not 50 percent of what is requested in Federal funds. DEPARTMENT OF EDUCATION SUPPLEMENTAL INFORMATION FOR SF 424 INSTRUCTIONS: Applicants should read the accompanying directions before filling out this form.

GEPA SECTION 427 REQUIREMENT: Section 427 of the General Education Provisions Act (GEPA) requires each applicant to include in its application a description of proposed steps to ensure equitable access to, and participation in, its

Your description need not be lengthy, but it should include a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances, and it should support the discussion of similar issues in the narrative section of the application.

GRANTS.GOV LOBBYING FORM (Formerly ED 80-0013): Applicants should refer to the regulations cited in each section of the form to determine the certification to which they are required to attest.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some

demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be **directly or indirectly** linked to that individual), the definition of human subject is met* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods. ***If an educational practice is being introduced to the site and is not widely used for similar populations, it is not covered by this exemption.***

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is

recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed.***

Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed. [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects. ***[This exemption applies only to retrospective studies using data collected before the initiation of the research.]***

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs. ***[The standards of this exemption are rarely met because it was designed to apply only to specific research conducted by the Social Security Administration and some Federal welfare benefits programs.]***

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 3.b. of the U.S. Department of Education Supplemental Information for the SF 424, the applicant must attach a human subjects "exempt research" or "nonexempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424 form. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked "Yes" for item 3.b. and designated exemption numbers(s), attach the "exempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 3.b. you must attach the "nonexempt research" narrative to the U.S. Department of Education Supplemental Information for the SF-424. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant

women, prisoners, institutionalized individuals, or others who are likely to be vulnerable

(2) **Sources of Materials:** Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) **Recruitment and Informed Consent:** Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

(4) An applicant that proposes a project to increase school safety might describe the special efforts it will take to address concern of lesbian, gay, bisexual, and transgender students, and efforts to reach out to and involve the families of LGBT students

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.
