WHAT IS THE PURPOSE OF THIS SURVEY?

This data collection seeks to obtain current information about private schools, such as type of school, length of school year, number of students and teachers, and number of high school graduates, if any. The data will be used to produce a web-based private school search tool and statistical summaries about the providers of private education in the United States.

WHO AUTHORIZES THIS SURVEY?

The National Center for Education Statistics (NCES), within the U.S. Department of Education, is authorized to conduct this survey by the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543). The U.S. Census Bureau is administering this survey on behalf of NCES.

NCES has instituted this survey in recognition of the important role of private education in the United States. While there is no penalty for not responding, a high response rate is very important to maintain high data quality about private education. We encourage you to participate in this voluntary survey.

Subject line: Upcoming In-Person Visit for U.S. Dept. of Education Survey

Dear <ADMINISTRATOR>:

We have been trying to contact your school by mail and phone to participate in the 2023-24 Private School Survey (PSS), which seeks to collect crucial data about all private schools in the United States. If you have already completed and returned your questionnaire, thank you!

Census Bureau representatives will begin visiting schools in April to provide a replacement paper questionnaire and the opportunity to respond in person. We understand the many difficulties surrounding schools, their staff, and students, due to the ongoing COVID-19 pandemic. Our convenient online instrument allows your school to respond on a secure website, without the need for survey staff to travel to your school in person.

Your participation is vital to the success of this survey as higher response rates give us confidence that the findings are accurate. **It is critical that you respond now** using the information below.

If not, **we must receive your completed response as soon as possible**. If we do not receive a completed response, your school's information, including your school's National Center for Education Statistics (NCES) ID, will not be listed on the NCES [private school search tool](#).
