The following statement will appear on the login page for eTIMSS, MyTIMSS, and the bottom of the front cover of each printed questionnaire (the phrase "search existing data resources, gather the data needed" will not be included on the student questionnaire):

The National Center for Education Statistics (NCES), within the U.S. Department of Education, conducts TIMSS in the United States as authorized by the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543). All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151).

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this voluntary information collection is 1850-0695. The time required to complete this information collection is estimated to average [*XX*] minutes per [*respondent type*], including the time to review instructions [*, search existing data resources, gather the data needed*,] and complete and review the information collection. If you have any comments or concerns regarding the accuracy of the time estimate(s), suggestions for improving the form, or questions about the status of your individual submission of this form, write directly to: Trends in Mathematics and Science Study (TIMSS), National Center for Education Statistics, Potomac Center Plaza, 550 12<sup>th</sup> Street, SW, 4<sup>th</sup> floor, Washington, DC 20202.

OMB No. 1850-0695, Approval Expires xx/xx/20xx.

#### TIMSS 2023 - Grade 4 - Field Test - English (United States)

#### **School Questionnaire**

#### **School Questionnaire**

Your school has agreed to participate in TIMSS 2023 (Trends in International Mathematics and Science Study), an educational research project sponsored by the International Association for the Evaluation of Educational Achievement (IEA). TIMSS measures trends in student achievement in mathematics and science and studies differences in national education systems in almost 60 countries in order to help improve teaching and learning worldwide.

This questionnaire is addressed to school principals and department heads who are asked to supply information about their schools. Since your school has been selected as part of a nationwide sample, your responses are very important in helping to describe primary/elementary education in the United States.

It is important that you answer each question carefully so that the information provided reflects the situation in your school as accurately as possible. Some of the questions will require that you look up school records, so you may wish to arrange for the assistance of another staff member to help provide this information.

Since TIMSS is an international study and all countries are using the same questionnaire, you may find that some of the questions seem unusual or are not entirely relevant to you or schools in the United States. Nevertheless, it is important that you do your best to answer all of the questions so comparisons can be made across countries in the study.

We appreciate the time and effort that this takes and thank you for your cooperation and contribution.

NCES is authorized to collect information from the questionnaire under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543). You do not have to provide the information requested. However, the information you provide will help the U.S. Department of Education's ongoing efforts to understand better how the educational system in the United States compares to that in other countries. There are no penalties should you choose not to participate in this study. All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). Your responses will be combined with those from other participants to produce summary statistics and reports.

This survey is estimated to take an average of 30 minutes, including time for reviewing instructions, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing burden to: Trends in International Mathematics and Science Study (TIMSS), National Center for Education Statistics, Potomac Center Plaza (PCP), 550 12th St., SW, 4th floor, Washington, DC 20202.

To begin the questionnaire, please click on the "Next" button. When navigating through the questionnaire, make sure to confirm your responses by clicking on the "Next" or "Back" button. To go to a particular section or item, please click on the corresponding link in the "Table of Contents".

When you have completed the questionnaire, please click on the "Finish" button at the end of the last question in order to submit your answers.

Thank you

#### **School Enrollment and Characteristics**

#### 1. What is the total enrollment of students in your school as of March 1, 2022?

students

Type in the number.

#### 2. What is the total enrollment of fourth-grade students in your school as of March 1, 2022?

students

Type in the number.

## 3. Approximately what percentage of students in your school have the following backgrounds?

|    |  | 0 to 10%   | 11 to 25%  | 26 to 50%  | More than<br>50% |
|----|--|------------|------------|------------|------------------|
| a) | Come from economically disadvantaged homes | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$       |
| b) | Come from economically affluent homes      | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$       |

4. Around the 1st of October 2021, what percentage of students at this school were eligible to receive free or reduced-price lunches through the National School Lunch Program?

Type in the number.

percentage of students

## 5. Approximately what percentage of students in your school have English as their native language?

| Click <b>o</b> | ne ci | ircle | only. |
|----------------|-------|-------|-------|
|----------------|-------|-------|-------|

- More than 90%
- 76 to 90%
- 51 to 75%
- 26 to 50%
- 25% or less

## 6. Of the students currently enrolled in your school, what percentage has been identified as limited-English proficient (LEP)/English language learners (ELL)?

Click one circle only.

- 0%
- 1-5%
- 6-10%
- 11-25%
- 26-50%
- 51-75%
- 76-90%
- Over 90%

## 7. A. How many people live in the city, town, or area where your school is located?

Click one circle only.

- More than 500,000 people
- 100,001 to 500,000 people
- 50,001 to 100,000 people
- 30,001 to 50,000 people
- 15,001 to 30,000 people
- 3,001 to 15,000 people
- 3,000 people or fewer

#### B. Which best describes the immediate area in which your school is located?

Click one circle only.

- Urban–Densely populated
- Suburban–On fringe or outskirts of urban area
- Medium size city or large town
- Small town or village
- Remote rural

Instructional Time

For the fourth-grade students in your school:

#### 8. A. How many days per year is your school open for instruction?

days

Type in the number.

## B. What is the total instructional time, excluding breaks, in a typical day?

Type in the number of minutes per day. Please convert the number of hours into minutes.

## C. In one calendar week, how many days is the school open for instruction?

Click one circle only.

6 days

| 5 1/2 days  |                         |                |                      |
|---|-------------------------|----------------|----------------------|
| ◯ 5 days  |                         |                |                      |
| 4 1/2 days  |                         |                |                      |
| 4 days  |                         |                |                      |
| Other   |                         |                |                      |
| Resources and Technology  |                         |                |                      |
| 9. How many computers (including tablets) do students?                                  | es your schoo           | I have for use | by fourth-grade      |
| computers   |                         |                |                      |
| Type in the number.   |                         |                |                      |
| 10. A. Does your school have a science labora   | tory that can <b>b</b>  | be used by fou | irth-grade students? |
| Click <b>one</b> circle only.   |                         |                |                      |
| Yes   |                         |                |                      |
| Νο  |                         |                |                      |
| B. Do teachers usually have assistance availal experiments?                             | ble when stude          | ents are condu | ucting science       |
| Click <b>one</b> circle only.   |                         |                |                      |
| Yes   |                         |                |                      |
| No  |                         |                |                      |
| 11. Does your school use an online learning m teacher-student communication, management |                         |                |                      |
| Click <b>one</b> circle only.   |                         |                |                      |
| Yes   |                         |                |                      |
| No  |                         |                |                      |
| 12. Do students in your school have access to   | these resourc           | es?            |                      |
|   | Click <b>one</b> circle | for each line. |                      |
|   | Yes                     | No             |                      |
| a) A library or media center  | $\bigcirc$              | $\bigcirc$     |                      |
| b) Digital devices (e.g., computers, laptops, tablets)                                  |                         |                |                      |
|   | 4                       |                |                      |

# 13. How much is your school's capacity to provide instruction affected by a shortage or inadequacy of the following?

|      |   | Click <b>one</b> circle for each line. |            |            |            |  |  |
|------|---|--|------------|------------|------------|--|--|
| A. G | General School Resources  | Not at all                             | A little   | Some       | A lot      |  |  |
| a)   | Instructional materials (e.g., textbooks)   | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |  |  |
| b)   | Supplies (e.g., papers, pencils, materials)   | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |  |  |
| c)   | School buildings and grounds  | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |  |  |

#### TIMSS 2023 - Grade 8 - Field Test - English (United States)

#### **School Questionnaire**

#### **School Questionnaire**

Your school has agreed to participate in TIMSS 2023 (Trends in International Mathematics and Science Study), an educational research project sponsored by the International Association for the Evaluation of Educational Achievement (IEA). TIMSS measures trends in student achievement in mathematics and science and studies differences in national education systems in almost 60 countries in order to help improve teaching and learning worldwide.

This questionnaire is addressed to school principals and department heads who are asked to supply information about their schools. Since your school has been selected as part of a nationwide sample, your responses are very important in helping to describe secondary education in the United States.

It is important that you answer each question carefully so that the information provided reflects the situation in your school as accurately as possible. Some of the questions will require that you look up school records, so you may wish to arrange for the assistance of another staff member to help provide this information.

Since TIMSS is an international study and all countries are using the same questionnaire, you may find that some of the questions seem unusual or are not entirely relevant to you or schools in the United States. Nevertheless, it is important that you do your best to answer all of the questions so comparisons can be made across countries in the study.

We appreciate the time and effort that this takes and thank you for your cooperation and contribution.

NCES is authorized to collect information from the questionnaire under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543). You do not have to provide the information requested. However, the information you provide will help the U.S. Department of Education's ongoing efforts to understand better how the educational system in the United States compares to that in other countries. There are no penalties should you choose not to participate in this study. All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). Your responses will be combined with those from other participants to produce summary statistics and reports.

This survey is estimated to take an average of 30 minutes, including time for reviewing instructions, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing burden to: Trends in International Mathematics and Science Study (TIMSS), National Center for Education Statistics, Potomac Center Plaza (PCP), 550 12th St., SW, 4th floor, Washington, DC 20202.

To begin the questionnaire, please click on the "Next" button. When navigating through the questionnaire, make sure to confirm your responses by clicking on the "Next" or "Back" button. To go to a particular section or item, please click on the corresponding link in the "Table of Contents".

When you have completed the questionnaire, please click on the "Finish" button at the end of the last question in order to submit your answers.

Thank you.

#### **School Enrollment and Characteristics**

#### 1. What is the total enrollment of students in your school as of March 1, 2022?

students

Type in the number.

#### 2. What is the total enrollment of eighth-grade students in your school as of March 1, 2022?

students

Type in the number.

## 3. Approximately what percentage of students in your school have the following backgrounds?

|    |  |            | Click <b>one</b> circle for each line. |            |                  |  |
|----|--|------------|--|------------|------------------|--|
|    |  | 0 to 10%   | 11 to 25%                              | 26 to 50%  | More than<br>50% |  |
| a) | Come from economically disadvantaged homes | $\bigcirc$ | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$       |  |
| b) | Come from economically affluent homes      | $\bigcirc$ | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$       |  |

4. Around the 1st of October 2021, what percentage of students at this school were eligible to receive free or reduced-price lunches through the National School Lunch Program?

Type in the number.

percentage of students

## 5. Approximately what percentage of students in your school have English as their native language?

| Click <b>o</b> | ne ci | ircle | only. |
|----------------|-------|-------|-------|
|----------------|-------|-------|-------|

- More than 90%
- 76 to 90%
- 51 to 75%
- 26 to 50%
- 25% or less

## 6. Of the students currently enrolled in your school, what percentage has been identified as limited-English proficient (LEP)/English language learners (ELL)?

Click one circle only.

- 0%
- 1-5%
- 6-10%
- 11-25%
- 26-50%
- 51-75%
- 76-90%
- Over 90%

## 7. A. How many people live in the city, town, or area where your school is located?

Click one circle only.

- More than 500,000 people
- 100,001 to 500,000 people
- 50,001 to 100,000 people
- 30,001 to 50,000 people
- 15,001 to 30,000 people
- 3,001 to 15,000 people
- 3,000 people or fewer

#### B. Which best describes the immediate area in which your school is located?

Click one circle only.

- Urban–Densely populated
- Suburban–On fringe or outskirts of urban area
- Medium size city or large town
- Small town or village
- Remote rural

#### Instructional Time

#### For the eighth-grade students in your school:

#### 8. A. How many days per year is your school open for instruction?

days

Type in the number.

## B. What is the total instructional time, excluding breaks, in a typical day?

Type in the number of minutes per day. Please convert the number of hours into minutes.

## C. In one calendar week, how many days is the school open for instruction?

Click one circle only.

6 days

| $\bigcirc$              |  |                                 |  |

#### TIMSS 2023 - Grade 4 - Field Test - English (United States)

#### **Teacher Questionnaire**

#### **Teacher Questionnaire**

Your school has agreed to participate in TIMSS 2023 (Trends in International Mathematics and Science Study), an educational research project sponsored by the International Association for the Evaluation of Educational Achievement (IEA). TIMSS measures trends in student achievement in mathematics and science and studies differences in national education systems in almost 60 countries in order to help improve teaching and learning worldwide.

This questionnaire is addressed to teachers of fourth-grade students, and seeks information about teachers' academic and professional backgrounds, classroom resources, instructional practices, and attitudes toward teaching. Since your class has been selected as part of a nationwide sample, your responses are very important in helping to describe primary/elementary education in the United States.

Some of the questions in the questionnaire refer to the "TIMSS class" or "this class". This is the class that is identified with the login documentation, and which will be tested as part of TIMSS in your school. If you teach some but not all of the students in the TIMSS class, please think only of the students that you teach when answering these class-specific questions. It is important that you answer each question carefully so that the information that you provide reflects your situation as accurately as possible.

Since TIMSS is an international study and all countries are using the same questionnaire, you may find that some of the questions seem unusual or are not entirely relevant to you or schools in the United States. Nevertheless, it is important that you do your best to answer all of the questions so comparisons can be made across countries in the studies.

We appreciate the time and effort that this takes and thank you for your cooperation and contribution.

NCES is authorized to collect information from the questionnaire under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543). You do not have to provide the information requested. However, the information you provide will help the U.S. Department of Education's ongoing efforts to understand better how the educational system in the United States compares to that in other countries. There are no penalties should you choose not to participate in this study. All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). Your responses will be combined with those from other participants to produce summary statistics and reports.

This survey is estimated to take an average of 35 minutes, including time for reviewing instructions, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing burden to: Trends in International Mathematics and Science Study (TIMSS), National Center for Education Statistics, Potomac Center Plaza (PCP), 550 12th St., SW, 4th floor, Washington, DC 20202.

To begin the questionnaire, please click on the "Next" button. When navigating through the questionnaire, make sure to confirm your responses by clicking on the "Next" or "Back" button. To go to a particular section or item, please click on the corresponding link in the "Table of Contents".

When you have completed the questionnaire, please click on the "Finish" button at the end of the last question in order to submit your answers.

Thank you.

#### About You

#### 1. What year did you start teaching?

Please type in a year.

2. By the end of this school year, how many years will you have been teaching altogether?

years

Please round to the nearest whole number.

## 3. Which of these describes you?

Click one circle only.

- Female
- Male
- Other
- Prefer not to say

## 4. How old are you?

Click one circle only.

- Under 25
- 25–29
- 30–39
- 40–49
- 50–59
- 60 or more

#### 5. What is the highest level of formal education you have completed?

Click one circle only.

- Did not complete high school
- High school graduate

(If you have not completed any college, you will be directed to #7)

- Associate's degree (2-year college program)
- Bachelor's degree (4-year college program)
- Master's degree or professional degree (MD, DDS, lawyer, minister)
- Doctorate (Ph.D., Ed.D.)

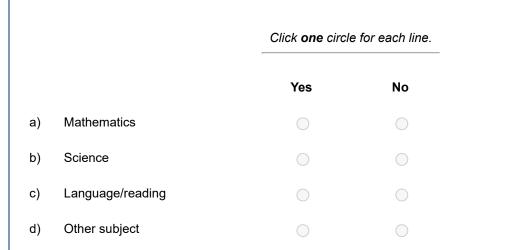

6. A. During your college or university education, what was your major or main area(s) of study?

No

Click one circle for each line.

| a) | Education—Primary/Elementary | $\bigcirc$ | $\bigcirc$ |
|----|------------------------------|------------|------------|
| b) | Education—Secondary          | $\bigcirc$ | $\bigcirc$ |
| c) | Mathematics                  | $\bigcirc$ | $\bigcirc$ |
| d) | Science                      | $\bigcirc$ | $\bigcirc$ |
| e) | English                      | $\bigcirc$ | $\bigcirc$ |
| f) | Other                        | $\bigcirc$ | $\bigcirc$ |

B. If your major or main area of study was education, did you have a specialization in any of the following?

## **School Emphasis on Academic Success**

## 7. How would you characterize each of the following within your school?

|    |   | Click <b>one</b> circle for each line. |            |            |            |            |
|----|---|--|------------|------------|------------|------------|
|    |   | Very high                              | High       | Medium     | Low        | Very low   |
| a) | Teachers' understanding of the school's curricular goals                  | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
| b) | Teachers' degree of success in<br>implementing the school's<br>curriculum | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
| c) | Teachers' expectations for student achievement                            | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
| d) | Teachers' ability to inspire students                                     | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
| e) | Parental involvement in school activities                                 | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
| f) | Parental commitment to ensure   | $\bigcirc$                             | 23         | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |

#### 7. (continued)

## How would you characterize each of the following within your school?

|    |   | Click one circle for each line. |            |            |            |            |
|----|---|---------------------------------|------------|------------|------------|------------|
|    |   | Very high                       | High       | Medium     | Low        | Very low   |
| g) | Parental expectations for student achievement           | $\bigcirc$                      | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
| h) | Parental support for student achievement                | $\bigcirc$                      | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
| i) | Students' desire to do well in school                   | $\bigcirc$                      | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
| j) | Students' ability to reach school's academic goals      | $\bigcirc$                      | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
| k) | Students' respect for classmates who excel academically | $\bigcirc$                      | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |

## **School Environment**

## 8. How much do you agree or disagree with the following statements about your current school?

|    |  | Click <b>one</b> circle for each line. |                   |                      |                   |  |
|----|--|--|-------------------|----------------------|-------------------|--|
|    |  | Agree<br>a lot                         | Agree<br>a little | Disagree<br>a little | Disagree<br>a lot |  |
| a) | I feel safe at this school                                       | $\bigcirc$                             | $\bigcirc$        | $\bigcirc$           | $\bigcirc$        |  |
| b) | This school's security policies and practices are sufficient     | $\bigcirc$                             | $\bigcirc$        | $\bigcirc$           | $\bigcirc$        |  |
| c) | The students behave in an orderly manner                         | $\bigcirc$                             | $\bigcirc$        | $\bigcirc$           | $\bigcirc$        |  |
| d) | The students are respectful of the teachers                      | $\bigcirc$                             | $\bigcirc$        | $\bigcirc$           | $\bigcirc$        |  |
| e) | The students respect school property                             | $\bigcirc$                             | $\bigcirc$        | $\bigcirc$           | $\bigcirc$        |  |
| f) | This school has clear rules about student conduct                | $\bigcirc$                             | $\bigcirc$        | $\bigcirc$           | $\bigcirc$        |  |
| g) | This school's rules are enforced in a fair and consistent manner | $\bigcirc$                             | $\bigcirc$        | $\bigcirc$           | $\bigcirc$        |  |

## Mathematics Topics Taught to the TIMSS Class

20. The following list includes topics addressed by the TIMSS mathematics test. Choose the response that best describes when each topic is taught for students in this class.

If a topic was in the curriculum before fourth grade, choose "Mostly taught before this year". If you have taught a topic this year, choose "Mostly taught this year". If a topic is not in the fourthgrade curriculum for this year or you have not yet taught a topic, choose "Not yet taught".

|      |  | Click o                              | line.                         |                   |
|------|--|--------------------------------------|-------------------------------|-------------------|
| A. N | umber  | Mostly taught<br>before this<br>year | Mostly<br>taught<br>this year | Not yet<br>taught |
| a)   | Recognize place value and order whole numbers                    | $\bigcirc$                           | $\bigcirc$                    | $\bigcirc$        |
| b)   | Add and subtract up to 4-digit numbers                           | $\bigcirc$                           | $\bigcirc$                    | $\bigcirc$        |
| c)   | Multiply up to 3-digit by 1-digit and 2-digit by 2-digit numbers | $\bigcirc$                           | $\bigcirc$                    | $\bigcirc$        |
| d)   | Divide up to 3-digit by 1-digit numbers                          | $\bigcirc$                           | $\bigcirc$                    | $\bigcirc$        |
| e)   | Solve problems with odd/even numbers, multiples, or factors      | $\bigcirc$                           | $\bigcirc$                    | $\bigcirc$        |
| f)   | Round or make estimations with whole numbers                     | $\bigcirc$                           | $\bigcirc$                    | $\bigcirc$        |
| g)   | Find the missing number or operation in a number sentence        | $\bigcirc$                           | $\bigcirc$                    | $\bigcirc$        |
| h)   | Extend a number pattern or find the missing number in a pattern  | $\bigcirc$                           | $\bigcirc$                    | $\bigcirc$        |
| i)   | Represent, compare, and order fractions                          | $\bigcirc$                           | $\bigcirc$                    | $\bigcirc$        |
| j)   | Add and subtract simple fractions 29                             | $\bigcirc$                           | $\bigcirc$                    | $\bigcirc$        |

| k) | Represent, compare, and order decimals up to two decimal places | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
|----|---|------------|------------|------------|
| I) | Add and subtract with decimals up to two decimal places         | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |

#### 20. (continued)

Choose the response that best describes when each topic is taught for students in this class.

If a topic was in the curriculum before fourth grade, choose "Mostly taught before this year". If you have taught a topic this year, choose "Mostly taught this year". If a topic is not in the fourth-grade curriculum for this year or you have not yet taught a topic, choose "Not yet taught".

## Mathematics Homework for the TIMSS Class

21. A. How often do you usually assign mathematics homework to the students in this class?

Click one circle only.

I do not assign mathematics homework

Less than once a week

- 1 or 2 times a week
- 3 or 4 times a week
- Every day

# 21. B. How often do you do the following with the mathematics homework assignments for this class?

|    |   | Click <b>one</b> circle for each line. |            |                          |  |
|----|---|--|------------|--------------------------|--|
|    |   | Always or<br>almost always             | Sometimes  | Never or<br>almost never |  |
| a) | Correct assignments and give feedback to students | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$               |  |
| b) | Discuss the homework in class                     | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$               |  |
| c) | Monitor whether or not the homework was completed | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$               |  |

### Mathematics Assessment of the TIMSS Class

# 22. How much importance do you place on these strategies to assess students' learning in mathematics?

|    |  | Click <b>one</b> circle for each line. |            |            |
|----|--|--|------------|------------|
|    |  | A lot                                  | Some       | None       |
| a) | Observing students as they work                  | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ |
| b) | Asking students to answer questions during class | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ |
| c) | Short, regular written assessments               | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ |
| d) | Longer tests (e.g., unit tests or exams)         | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ |
| e) | Long-term projects                               | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ |

## 23. About how often do fourth-grade students in this class take mathematics tests on computers or tablets?

Click one circle only.

More than once a month

Once a month

Twice a year

Once a year

Never

## **Professional Development to Teach Mathematics**

#### 24.

|    |   | A. In the past to<br>you partic<br>professional d<br>any of the | cipated in<br>evelopment in | B. Do you r<br>professional d<br>any of the | evelopment in    |  |

| e) | Experiments where students determine their own procedures to answer a given question | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |

## 28. B. How often do you go to a separate science laboratory when conducting experiments or investigations with students in this class?

| Click | one | circle | only. |
|-------|-----|--------|-------|
|-------|-----|--------|-------|

Always or almost always

- Sometimes
- Never or almost never

#### Using Digital Devices for Teaching Science to the TIMSS Class

## 29. A. Do the students in this class have digital devices (including computers, tablets, or smartphones) available to use during science lessons?

Click one circle only.

- Yes
- No

## 29. B. What access do the students have to digital devices?

|    |   | Click <b>one</b> circle for each line. |            |
|----|---|--|------------|
|    |   | Yes                                    | No         |
| a) | The class has digital devices for each student to use           | $\bigcirc$                             | $\bigcirc$ |
| b) | The class has digital devices that students can share           | $\bigcirc$                             | $\bigcirc$ |
| c) | The school has digital devices that the class can use sometimes | $\bigcirc$                             | $\bigcirc$ |
| d) | Students bring their own digital devices                        | $\bigcirc$                             | $\bigcirc$ |

## C. How often do you have students use digital devices during science instruction?

Click one circle only.

At least once a week

Once or twice a month

A few times a year

Never or almost never

| 29. D.   | How often do you ask the students in your o | class to use digital | devices to do these sc | ience |
|----------|---|----------------------|------------------------|-------|
| activiti | ies?  |                      |                        |       |

|    |  | Click <b>one</b> circle for each line. |                       |                       |                             |

| d) | Lack of technical support from the school                          | $\bigcirc$                             | $\bigcirc$ | $\bigcirc$ |

#### Science Topics Taught to the TIMSS Class

31. The following list includes topics and concepts addressed by the TIMSS science test. Choose the response that best describes when each topic or concept is taught for students in this class.

If a topic or concept was in the curriculum before fourth grade, choose "Mostly taught before this year". If you have taught a topic this year, choose "Mostly taught this year". If a topic is not in the fourth-grade curriculum for this year or you have not yet taught a topic, choose "Not yet taught".

. . .

| A. Li | fe Science  | Mostly<br>taught<br>before this<br>year | Mostly<br>taught<br>this year | Not yet<br>taught |
|-------|---|---|-------------------------------|-------------------|
| a)    | Basic differences between living and nonliving things                                       | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| b)    | Defining characteristics of major groups of living things                                   | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| c)    | Functions of major structures in living things (e.g., roots in plants)                      | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| d)    | Life cycle stages of common plants and animals (e.g., flowering plants, frogs)              | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| e)    | Inherited characteristics of living things  | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| f)    | How living things survive in their environments (e.g., physical characteristics, behaviors) | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| g)    | How human actions impact the environment  | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| h)    | Common ecosystems and their organisms (e.g., forest, desert)                                | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| i)    | Interpreting simple food chains   | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| j)    | Competition within ecosystems   | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| k)    | Ways for humans to maintain good health and avoid illness                                   | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |

#### TIMSS 2023 - Grade 8 - Field Test - English (United States)

Teacher Questionnaire Mathematics

#### Teacher Questionnaire Mathematics

Your school has agreed to participate in TIMSS 2023 (Trends in International Mathematics and Science Study), an educational research project sponsored by the International Association for the Evaluation of Educational Achievement (IEA). TIMSS measures trends in student achievement in mathematics and science and studies differences in national education systems in almost 60 countries in order to help improve teaching and learning worldwide.

This questionnaire is addressed to teachers of eighth-grade students, and seeks information about teachers' academic and professional backgrounds, classroom resources, instructional practices, and attitudes toward teaching. Since your class has been selected as part of a nationwide sample, your responses are very important in helping to describe secondary education in the United States.

Some of the questions in the questionnaire refer to the "TIMSS class" or "this class". This is the class that is identified with the login documentation, and which will be tested as part of TIMSS in your school. If you teach some but not all of the students in the TIMSS class, please think only of the students that you teach when answering these class-specific questions. It is important that you answer each question carefully so that the information that you provide reflects your situation as accurately as possible.

Since TIMSS is an international study and all countries are using the same questionnaire, you may find that some of the questions seem unusual or are not entirely relevant to you or schools in the United States. Nevertheless, it is important that you do your best to answer all of the questions so comparisons can be made across countries in the studies.

We appreciate the time and effort that this takes and thank you for your cooperation and contribution.

NCES is authorized to collect information from the questionnaire under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543). You do not have to provide the information requested. However, the information you provide will help the U.S. Department of Education's ongoing efforts to understand better how the educational system in the United States compares to that in other countries. There are no penalties should you choose not to participate in this study. All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). Your responses will be combined with those from other participants to produce summary statistics and reports.

This survey is estimated to take an average of 35 minutes, including time for reviewing instructions, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing burden to: Trends in International Mathematics and Science Study (TIMSS), National Center for Education Statistics, Potomac Center Plaza (PCP), 550 12th St., SW, 4th floor, Washington, DC 20202.

To begin the questionnaire, please click on the "Next" button. When navigating through the questionnaire, make sure to confirm your responses by clicking on the "Next" or "Back" button. To go to a particular section or item, please click on the corresponding link in the "Table of Contents".

When you have completed the questionnaire, please click on the "Finish" button at the end of the last question in order to submit your answers.

Thank you.

#### About You

#### 1. What year did you start teaching?

Please type in a year.

#### 2. By the end of this school year, how many years will you have been teaching altogether?

years

Please round to the nearest whole number.

#### 3. Which of these describes you?

Click one circle only.

- Female
- Male
- Other
- Prefer not to say

#### 4. How old are you?

Click one circle only.

- Under 25
- 25–29
- 30–39
- 40-49
- 50–59
- 60 or more

#### 5. What is the highest level of formal education you have completed?

Click one circle only.

- Did not complete high school
- High school graduate

(If you have not completed any college, you will be directed to #7)

- Associate's degree (2-year college program)
- Bachelor's degree (4-year college program)
- Master's degree or professional degree (MD, DDS, lawyer, minister)
- Doctorate (Ph.D., Ed.D.)

6. During your college or university education, what was your major or main area(s) of study?

|    |                       | Yes        | Νο         |  |

#### Mathematics Homework for the TIMSS Class

#### 22. A. How often do you usually assign mathematics homework to the students in this class?

Click one circle only.

- I do not assign mathematics homework
- Less than once a week
- 1 or 2 times a week
- 3 or 4 times a week
- Every day

# 22. B. How often do you do the following with the mathematics homework assignments for this class?

|    |   | Always or<br>almost<br>always | Sometimes  | Never or<br>almost never |
|----|---|-------------------------------|------------|--------------------------|
| a) | Correct assignments and give feedback to students | $\bigcirc$                    | $\bigcirc$ | $\bigcirc$               |
| b) | Have students correct their own homework          | $\bigcirc$                    | $\bigcirc$ | $\bigcirc$               |
| c) | Discuss the homework in class                     | $\bigcirc$                    | $\bigcirc$ | $\bigcirc$               |
| d) | Monitor whether or not the homework was completed | $\bigcirc$                    | $\bigcirc$ | $\bigcirc$               |

e) Use the homework to contribute towards students' grades or marks

#### Mathematics Assessment of the TIMSS Class

# 23. How much importance do you place on these strategies to assess students' learning in mathematics?

|  | Click <b>one</b> circle for each line.   |  |  |
|--|--|--|--|
|  | A lot  | Some   | None   |
| Observing students as they work                  | $\bigcirc$   | $\bigcirc$   | $\bigcirc$   |
| Asking students to answer questions during class | $\bigcirc$   | $\bigcirc$   | $\bigcirc$   |
| Short, regular written assessments               | $\bigcirc$   | $\bigcirc$   | $\bigcirc$   |
| Longer tests (e.g., unit tests or exams)         | $\bigcirc$   | $\bigcirc$   | $\bigcirc$   |
| Long-term projects                               | $\bigcirc$   | $\bigcirc$   | $\bigcirc$   |

#### TIMSS 2023 - Grade 8 - Field Test - English (United States)

Teacher Questionnaire Science

## Teacher Questionnaire Science

Your school has agreed to participate in TIMSS 2023 (Trends in International Mathematics and Science Study), an educational research project sponsored by the International Association for the Evaluation of Educational Achievement (IEA). TIMSS measures trends in student achievement in mathematics and science and studies differences in national education systems in almost 60 countries in order to help improve teaching and learning worldwide.

This questionnaire is addressed to teachers of eighth-grade students, and seeks information about teachers' academic and professional backgrounds, classroom resources, instructional practices, and attitudes toward teaching. Since your class has been selected as part of a nationwide sample, your responses are very important in helping to describe secondary education in the United States.

Some of the questions in the questionnaire refer to the "TIMSS class" or "this class". This is the class that is identified with the login documentation, and which will be tested as part of TIMSS in your school. If you teach some but not all of the students in the TIMSS class, please think only of the students that you teach when answering these class-specific questions. It is important that you answer each question carefully so that the information that you provide reflects your situation as accurately as possible.

Since TIMSS is an international study and all countries are using the same questionnaire, you may find that some of the questions seem unusual or are not entirely relevant to you or schools in the United States. Nevertheless, it is important that you do your best to answer all of the questions so comparisons can be made across countries in the studies.

We appreciate the time and effort that this takes and thank you for your cooperation and contribution.

NCES is authorized to collect information from the questionnaire under the Education Sciences Reform Act of 2002 (ESRA 2002, 20 U.S.C. §9543). You do not have to provide the information requested. However, the information you provide will help the U.S. Department of Education's ongoing efforts to understand better how the educational system in the United States compares to that in other countries. There are no penalties should you choose not to participate in this study. All of the information you provide may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose except as required by law (20 U.S.C. §9573 and 6 U.S.C. §151). Your responses will be combined with those from other participants to produce summary statistics and reports.

This survey is estimated to take an average of 35 minutes, including time for reviewing instructions, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing burden to: Trends in International Mathematics and Science Study (TIMSS), National Center for Education Statistics, Potomac Center Plaza (PCP), 550 12th St., SW, 4th floor, Washington, DC 20202.

To begin the questionnaire, please click on the "Next" button. When navigating through the questionnaire, make sure to confirm your responses by clicking on the "Next" or "Back" button. To go to a particular section or item, please click on the corresponding link in the "Table of Contents".

When you have completed the questionnaire, please click on the "Finish" button at the end of the last question in order to submit your answers.

Thank you.

#### About You

#### 1. What year did you start teaching?

Please type in a year.

#### 2. By the end of this school year, how many years will you have been teaching altogether?

years

Please round to the nearest whole number.

#### 3. Which of these describes you?

Click one circle only.

- Female
- Male
- Other
- Prefer not to say

#### 4. How old are you?

Click one circle only.

- Under 25
- 25–29
- 30–39
- 40-49
- 50–59
- 60 or more

#### 5. What is the highest level of formal education you have completed?

Click one circle only.

- Did not complete high school
- High school graduate

(If you have not completed any college, you will be directed to #7)

- Associate's degree (2-year college program)
- Bachelor's degree (4-year college program)
- Master's degree or professional degree (MD, DDS, lawyer, minister)
- Doctorate (Ph.D., Ed.D.)

6. During your college or university education, what was your major or main area(s) of study?

|    |                       | Yes        | Νο         |  |
|----|-----------------------|------------|------------|--|
| a) | Mathematics           | $\bigcirc$ | $\bigcirc$ |  |
| b) | Biology               | $\bigcirc$ | $\bigcirc$ |  |
| c) | Physics               | $\bigcirc$ | $\bigcirc$ |  |
| d) | Chemistry             | $\bigcirc$ | $\bigcirc$ |  |
| e) | Earth Science         | $\bigcirc$ | $\bigcirc$ |  |
| f) | Education–Mathematics | $\bigcirc$ | $\bigcirc$ |  |

## Teaching Science to the TIMSS Class

#### 15. In a typical week, how much time do you spend teaching science to the students in this class?

minutes per week

*Type in the number of minutes per week. Please convert the number of hours into minutes.* 

16. In teaching science to the students in this class, how often do you ask them to do the following?

|                |  | Every or<br>almost<br>every lesson | About half<br>the lessons | Some<br>lessons    | Never         |
|----------------|--|------------------------------------|---------------------------|--------------------|---------------|
| a)             | Listen to me explain new science content                   | $\bigcirc$                         | $\bigcirc$                | $\bigcirc$         | $\bigcirc$    |
| b)             | Observe natural phenomena and describe what they see       | $\bigcirc$                         | $\bigcirc$                | $\bigcirc$         | $\bigcirc$    |
| c)             | Watch me demonstrate an experiment or investigation        | $\bigcirc$                         | $\bigcirc$                | $\bigcirc$         | $\bigcirc$    |

#### Science Topics Taught to the TIMSS Class

22. The following list includes topics and concepts addressed by the TIMSS science test. Choose the response that best describes when each topic or concept is taught for students in this class.

If a topic or concept was in the curriculum before eighth grade, choose "Mostly taught before this year". If you have taught a topic this year, choose "Mostly taught this year". If a topic is not in the eighth-grade curriculum for this year or you have not yet taught a topic, choose "Not yet taught".

|      |   | Click <b>one</b> circle for each line.  |                            | ine.              |

| d)    | Classifying matter according to physical and chemical properties               | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| e)    | Methods for separating mixtures  | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| f)    | Solution concentration and rate of dissolving                                  | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| g)    | Properties of acids and bases  | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| h)    | Matter and energy in chemical reactions, including evidence of chemical change | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| i)    | How to change the rate of chemical reactions                                   | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| j)    | Chemical bonds (e.g., role of electrons)                                       | $\bigcirc$                              | $\bigcirc$                    | $\bigcirc$        |
| 22. ( | continued)   |   |                               |                   |

Choose the response that best describes when each topic or concept is taught for students in this class.

If a topic or concept was in the curriculum before eighth grade, choose "Mostly taught before this year". If you have taught a topic this year, choose "Mostly taught this year". If a topic is not in the eighth-grade curriculum for this year or you have not yet taught a topic, choose "Not yet taught".

Click one circle for each line.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this voluntary information collection is 1850-0695. The time required to complete this information collection is estimated to average 30 minutes per student, including the time to review instructions and complete and review the information collection. If you have any comments or concerns regarding the accuracy of the time estimate(s), suggestions for improving the form, or questions about the status of your individual submission of this form, write directly to: Trends in International Mathematics and Science Study (TIMSS), National Center for Education Statistics, Potomac Center Plaza, 550 12<sup>th</sup> Street, SW, 4<sup>th</sup> floor, Washington, DC 20202. OMB No. 1850-0695, Approval Expires 01/31/2025.

#### Student Questionnaire - Grade 4

#### Directions

In this questionnaire, you will find questions about you and what you think. For each question, you should choose the answer you think is best.

Let us take a few minutes to practice the kinds of questions you will answer in this questionnaire.

**Examples** 

## Example 1

Example 1 is one kind of question you will find in this questionnaire.

## Do you go to school?

Click one circle only.

Yes

No

## Example 2

Example 2 is another kind of question you will find in this questionnaire.

## How often do you do these things?

|    |                        | Click one circle for each line.     |                            |                             |                             |
|----|------------------------|-------------------------------------|----------------------------|-----------------------------|-----------------------------|
|    |                        | Every day<br>or almost<br>every day | Once or<br>twice a<br>week | Once or<br>twice a<br>month | Never or<br>almost<br>never |
| a) | I talk with my friends | $\bigcirc$                          | $\bigcirc$                 | $\bigcirc$                  | $\bigcirc$                  |
| b) | l play sports          | $\bigcirc$                          | $\bigcirc$                 | $\bigcirc$                  | $\bigcirc$                  |
| c) | l ride a skateboard    | $\bigcirc$                          | $\bigcirc$                 | $\bigcirc$                  | $\bigcirc$                  |

## Example 3

Example 3 is another kind of question you will find in this questionnaire.

## What do you think? Tell how much you agree with these statements.

|    |                              | Agree<br>a lot | Agree<br>a little | Disagree<br>a little | Disagree<br>a lot |
|----|------------------------------|----------------|-------------------|----------------------|-------------------|
| a) | Watching movies is fun       | $\bigcirc$     | $\bigcirc$        | $\bigcirc$           | $\bigcirc$        |
| b) | Ice cream tastes good        | $\bigcirc$     | $\bigcirc$        | $\bigcirc$           | $\bigcirc$        |
| c) | Waking up early is difficult | $\bigcirc$     | $\bigcirc$        | $\bigcirc$           | $\bigcirc$        |
| d) | I enjoy doing chores         | $\bigcirc$     | $\bigcirc$        | $\bigcirc$           | $\bigcirc$        |

• Read each question carefully, and pick the answer you think is best.

- Click the circle next to or under your answer.
- Ask for help if you do not understand something or are not sure how to answer.
- You may change your answers at any time before submitting the questionnaire.

# About You

#### Student Questionnaire - Grade 8

In this questionnaire, you will find questions about yourself. Some questions ask for facts while other questions ask for your opinion.

Each question is followed by a number of answers. Click the circle next to or under the answer of your choice as shown in Examples 1, 2, and 3.

## **Examples**

#### Example 1

#### Do you go to school?

Click one circle only.

Yes

No

#### Example 2

#### How often do you do these things?

Click **one** circle for each line.

|    |                        | Every day<br>or almost<br>every day | Once or<br>twice a<br>week | Once or<br>twice a<br>month | Never or<br>almost<br>never |
|----|------------------------|-------------------------------------|----------------------------|-----------------------------|-----------------------------|
| a) | I talk with my friends | $\bigcirc$                          | $\bigcirc$                 | $\bigcirc$                  | $\bigcirc$                  |
| b) | l play sports          | $\bigcirc$                          | $\bigcirc$                 | $\bigcirc$                  | $\bigcirc$                  |
| c) | l ride a skateboard    | $\bigcirc$                          | $\bigcirc$                 | $\bigcirc$                  | $\bigcirc$                  |

#### Example 3

What do you think? Tell how much you agree with these statements.

 Click one circle for each line.

 Agree
 Agree
 Disagree
 Disagree

 a lot
 a little
 a little

| a) | Watching movies is fun       |            |            |            |            |
|----|------------------------------|------------|------------|------------|------------|
| b) | Ice cream tastes good        | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
| c) | Waking up early is difficult | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |
| d) | I enjoy doing chores         | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ | $\bigcirc$ |

• Read each question carefully, and pick the answer you think is best.

- Click the circle next to or under your answer.
- Ask for help if you do not understand something or are not sure how to answer.
- You may change your answers at any time before submitting the questionnaire.

# About You

#### 1. A. Which of these describes you?

Click one circle only.

- Girl
- 🛛 Воу
- Other
- Prefer not to say

#### 1. B. Are you Hispanic or Latino?

Click one circle only.

- Yes, I am Hispanic or Latino
- No, I am not Hispanic or Latino

#### 1. C. Which of the following best describes you?

#### Check all that apply.

- American Indian or Alaska Native
- Asian
- Black or African American

- Native Hawaiian or other Pacific Islander
- White

## 2. When were you born?

## a) Month

Click the circle next to the month you were born.

- January
- February
- March
- April
- May
- June
- July
- August
- September
- October
- November
- December

#### 2. When were you born?

## b) Year

Click the circle next to the year you were born.

- 2005
- 2006
- 2007
- 2008
- 2009
- 2010

- 2011
- 2012
- 2013
- Other

## 3. A. How often do you speak English at home?

Click one circle only.

- Always
- Almost always
- Sometimes
- Never

## 3. B. What language do you speak at home (other than English)?

#### Check all that apply.

Spanish

# 4. About how many books are there in your home? (Do not count magazines, newspapers, or your school books.)

Click one circle only.

- None or very few (0–10 books)
- Enough to fill one shelf (11–25 books)
- Enough to fill one bookcase (26–100 books)
- Enough to fill two bookcases (101–200 books)
- Enough to fill three or more bookcases (more than 200)
- 5. Do you have any of these things at your home?

|              |   |                           |                           | Click <b>one</b> circle for each<br>line. |                        |
