**Abstract:** The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Printing, Coating and Dyeing of Fabrics and Other Textiles apply to each existing, new, or reconstructed source involved in printing, coating, slashing, dyeing or finishing of fabric and other textiles. In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance with 40 CFR part 63, subpart OOOO.

**Form Numbers:** 5900-530.

**Respondents/affected entities:**

Printing, coating, slashing, dyeing, or finishing of fabric and other textiles facilities.

**Respondent's obligation to respond:** Mandatory (40 CFR part 63, subpart OOOO).

**Estimated number of respondents:** 44 (total).

**Frequency of response:** Initially and semiannually.

**Total estimated burden:** 7,080 hours (per year). Burden is defined at 5 CFR 1320.3(b).

**Total estimated cost:** \$960,000 (per year), which includes \$123,000 in annualized capital/startup and/or operation & maintenance costs.

**Changes in the estimates:** There is an increase in burden from the most-recently approved ICR as currently identified in the OMB Inventory of Approved Burdens. This is due to three considerations. This ICR incorporates the incremental burden from the 2019 RTR amendment (ICR No. 2071.09) into the total cost of the rule. The regulations were revised in the 2019 RTR amendment adding a requirement to periodically test add-on control devices, resulting in an increase in capital/startup costs for this testing, as well as for increased labor burden for conducting the tests, submitting reports, and keeping records. An additional

facility that is subject to this subpart was identified in a search of EPA's ECHO database. This facility became subject to this subpart after the 2019 RTR; therefore, the respondent counts in this ICR renewal are updated to include this facility.

*General Description of Collection:* The Government Securities Act of 1986 requires all financial institutions acting as government securities brokers and dealers to notify their Federal regulatory agencies of their broker dealer activities, unless exempted from the notice requirements by Treasury Department regulation. The Form G–FIN and Form G–FINW are used by insured State nonmember banks that are government securities brokers or dealers to notify the FDIC of their status or that they have ceased to function as a government securities broker or dealer. The Form G–FIN–4 is used by associated persons

of insured State nonmember banks that are government securities brokers or dealers to provide certain information to the bank and to the FDIC concerning employment, residence, and statutory disqualification. The Form G–FIN–5 is used by insured State nonmember banks that are government securities brokers or dealers to notify the FDIC that an associated person is no longer associated with the government securities broker or dealer function of the bank.

There is no change in the method or substance of the collection. The overall increase in burden hours is the result of

economic fluctuation. In particular, the estimated number of submissions of form G–FIN–4 has increased by four, the hours per response increased by one and frequency of responses have remained the same.

2. *Title:* Activities and Investments of Insured State Banks.

*OMB Number:* 3064–0111.

*Form Numbers:* None.

*Affected Public:* Insured state nonmember banks and insured state savings associations.

*Burden Estimate:*

<sup>1</sup> There is no official form used to submit an application or notice. Institutions write a letter with supporting documentation to FDIC to file a response.

*General Description of Collection:* Section 24 of the Federal Deposit Insurance (FDI Act), 12 U.S.C. 1831a, limits investments and other activities in which state banks may engage, as principal, to those permissible for national banks and those approved by the FDIC under procedures set forth in part 362 of the FDIC’s Rules and Regulations, 12 CFR part 362. With certain exceptions, section 24 of the FDI Act limits the activities and investments of state banks to those activities and investments that are permissible for national banks. In addition, the statute prohibits a state bank from directly engaging, as a principal, in any activity or investment that is not permissible for a national bank, or indirectly through a subsidiary in an activity or investment

that is not permissible for a subsidiary of a national bank, unless such bank meets its minimum capital requirements and the FDIC determines that the activity or investment does not pose a significant risk to the Deposit Insurance Fund (DIF). The FDIC can make such a determination for exception by regulation or by order. Section 28(a), 12 U.S.C. 1831e, similarly limits the investments and activities of state savings associations and their service corporations to those permitted by federal savings associations and their service corporations, absent FDIC approval. Part 362 details the activities that state banks or their subsidiaries may engage in, under certain criteria and conditions and identifies the information that state banks must

furnish to the FDIC in order to obtain the FDIC’s approval or non-objection. Part 362 also applies to the activities and investments of state savings associations and their subsidiaries.

There is no change in the method or substance of the collection. The increase in burden hours is the result of economic fluctuation. In particular, the number of respondents has increased while the hours per response and frequency of responses have remained the same.

3. *Title:* Privacy of Consumer Financial Information.

*OMB Number:* 3064–0136.

*Form Number:* None.

*Affected Public:* Insured state nonmember banks and consumers.

*Burden Estimate:*

*General Description of Collection:* The elements of this collection are required under sections 503 and 504 of the Gramm-Leach-Bliley Act, 15 U.S.C. 6803, 6804. The collection mandates notice requirements and restrictions on a financial institution’s ability to disclose nonpublic personal information about consumers to nonaffiliated third parties.

There is no change in the method or substance of the collection. The overall decrease in burden hours is the result of economic fluctuation. In particular, the

estimated number of respondents to the Consumer Opt-out component increased, the number of respondents to the other components decreased and the hours per response and frequency of responses have remained the same.

**Request for Comment**

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the

burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

*General Description of Collection:* The regulation containing this information collection requirement is 12 CFR part 334, which implements sections 114 and 315 of the Fair and Accurate Credit Transactions Act of 2003 (FACT Act), Public Law 108-159 (2003). FACT Act Section 114: Section 114 requires the Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency and the FDIC (the Agencies) to jointly propose guidelines for financial institutions and creditors identifying patterns, practices, and specific forms of activity that indicate the possible existence of identity theft. In addition, each financial

institution and creditor is required to establish reasonable policies and procedures to address the risk of identity theft that incorporate the guidelines. Credit card and debit card issuers must develop policies and procedures to assess the validity of a request for a change of address under certain circumstances. The information collections pursuant to section 114 require each financial institution and creditor to create an Identity Theft Prevention Program and report to the board of directors, a committee thereof, or senior management at least annually on compliance with the proposed regulations. In addition, staff must be

trained to carry out the program. Each credit and debit card issuer is required to establish policies and procedures to assess the validity of a change of address request. The card issuer must notify the cardholder or use another means to assess the validity of the change of address. FACT Act Section 315: Section 315 requires the Agencies to issue regulations providing guidance regarding reasonable policies and procedures that a user of consumer reports must employ when such a user receives a notice of address discrepancy from a consumer reporting agencies. Part 334 provides such guidance. Each user of consumer reports must develop
