According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0579-0377. The time required to complete this information collection is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

OMB APPROVED 0579-0377 EXP: XX/XXXX

Thank you in advance for providing input for the National Animal Health Monitoring System (NAHMS) Sheep 2023 study of the sheep industry. NAHMS conducts nationally representative studies of US animal livestock, equine and aquaculture industries annually and on a rotating basis. In preparation for the upcoming NAHMS Sheep study, we are looking for your input as to the most important health issues facing the US sheep industry. You are in a unique position to know the information needs of the industry and to determine which issue areas should be the focus in the upcoming Sheep 2023 study. Your responses will help us identify and prioritize study objectives. For more information on NAHMS studies, please visit our website: www.aphis.usda.gov/nahms.

Please complete by *****

1.		dicate your primary involvement with the sheep industry:
	(P	lease select only one.)
	\bigcirc	Producer or farmer
	\bigcirc	Private practice veterinarian
	\bigcirc	Nutritionist
	\bigcirc	University/Extension- outreach, research
	\bigcirc	Federal, State, or Tribal government
	\bigcirc	Researcher (not with University/Extension)
	\bigcirc	Hobby/4-H/Club/Exhibition/Show
	\bigcirc	Other (please specify:)
2.	In	dicate your secondary involvement with the sheep industry:
	(P	lease select only one.)
	\bigcirc	Producer or farmer
	\bigcirc	Private practice veterinarian
	\bigcirc	Nutritionist
	\bigcirc	University/Extension- outreach, research
	\bigcirc	Federal, State, or Tribal government
	\bigcirc	Researcher (not with University/Extension)
	\bigcirc	Hobby/4-H/Club/Exhibition/Show
	\bigcirc	Not applicable
	\bigcirc	Other (please specify:)

3.		you are a producer, what type of sheep do you raise on your operation? Please select all that apply.)
	\bigcirc	Sheep for meat
	\bigcirc	Sheep for wool
	\bigcirc	Sheep for seed stock
	\bigcirc	Sheep for milk
	\bigcirc	Sheep for show/hobby (4-H or club lambs)
	\bigcirc	Sheep for other (please specify:)
	\bigcirc	Not applicable (no sheep owned)
4.	(I	lease select the industry below in which you invest the most resources (time, labor, money) Please select only one. If you selected multiple groups in question 3 above, but invest in nem all equally, select "Other" and specify the industry sectors.)
	\bigcirc	Meat production
	\bigcirc	Wool production
	\bigcirc	Dairy production
	\bigcirc	Show or hobby
	\bigcirc	Seed stock production
	\bigcirc	Other (please specify:)
5.	If	you are a sheep producer, what is the maximum number of sheep you had in 2020?
6.	Ir	n which State do you reside?

7. Please rank your top three topics that you would like to have as **the focus of the NAHMS**Sheep 2023 Study. Choose from the list below. Please note there is an "other" option at the

bottom of the list if you would like to add a topic.

	1	2	3
