

### **PPQ Citrus Nursery Stock Protocol Survey**

The State government agriculture partners will be invited to participate in a small discussion group interview to obtain information related to their experiences with applying the citrus nursery stock protocol and to assess its usefulness and gaps. The interview questions will be:

- a. What training have you taken to help with your understanding of how to implement the USDA/APHIS/PPQ CNS protocol and its purpose?
- b. What are your successes supporting PPQ staff with the USDA/APHIS/PPQ CNS protocol, and how and what information do you share with PPQ?
- c. What are your challenges/gaps/inconsistencies supporting PPQ staff with the PPQ CNS protocol?
- d. When supporting PPQ staff with the USDA/APHIS/PPQ CNS protocol, have you encountered any challenges or inconsistencies that impede your ability to successfully respond to and address breaches?
- e. What supplemental documents do you use when supporting PPQ staff with the USDA/APHIS/PPQ CNS protocol? How were they developed and by whom? (Please share templates, if any.)
- f. What else would you like to share about your experience supporting PPQ with the USDA/APHIS/PPQ CNS protocol in your state? Do you have any ideas for improvement?

#### **Paperwork Reduction Act Notice**

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The OMB control number for this information collection is 0579-0377. The time required to complete this information collection is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
