

### **PPQ Citrus Nursery Stock Protocol Survey**

Citrus nursery growers/owners will be provided a web-based written survey/questionnaire that may be completed and returned via email. If respondents are unable to complete the survey because they don't have access to the internet, the project team will call the nursery owner to ask if he or she would like to complete the survey by phone. The questions are:

- a. What is your understanding of the purpose of the USDA/APHIS/PPQ CNS protocol? Please describe your experience.
- b. What is working well for you when following the PPQ CNS protocol? Please describe your experience.
- c. What challenges/gaps/ambiguities have you experienced when following the PPQ CNS protocol? Please describe your experience.
- d. How easy or difficult is it for you to follow the approved structure requirements in the PPQ CNS protocol? Please describe your experience.
- e. How easy or difficult is it for you to follow the breach requirements in the PPQ CNS protocol? Please describe your experience.
- f. How easy or difficult is it for you to follow the interstate movement requirements in the PPQ CNS protocol? Please describe your experience.
- g. What else would you like to share about your experience following the PPQ CNS protocol? Ideas for improvement?

#### **Paperwork Reduction Act Notice**

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The OMB control number for this information collection is 0579-0377. The time required to complete this information collection is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
