

preliminarily assigned subsidy rates as indicated above. Consistent with section 751(a)(2)(C) of the Act, upon issuance of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Rate

Pursuant to section 751(a)(2)(C) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amount indicated above with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit instructions, when imposed, shall remain in effect until further notice.

Disclosure and Public Comment

Commerce intends to disclose to parties to this proceeding the calculations performed in reaching the preliminary results within five days after the date of publication of this notice in the **Federal Register**.¹¹ Commerce intends to issue a post-preliminary analysis memorandum subsequent to the publication of this notice to address the new subsidy allegations submitted by the petitioner, Covid-19 fee reductions self-reported by Hyundai Steel, and whether to attribute any potential subsidies received by Hyundai Green Power to Hyundai Steel. Commerce will notify the parties to this proceeding of the deadlines for the submission of case and rebuttal briefs after the issuance of the post-preliminary analysis memorandum. Rebuttal briefs, limited to issues raised in case briefs, may be filed within seven days¹² after the time limit for filing case

briefs. Parties who submit case or rebuttal briefs are requested to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.¹³ Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁴

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must do so within 30 days of publication of these preliminary results by submitting a written request to the Assistant Secretary for Enforcement and Compliance using ACCESS.¹⁵ Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs.¹⁶ If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined.¹⁷ Parties should confirm the date and time of the hearing two days before the scheduled date. Parties are reminded that all briefs and hearing requests must be filed electronically using ACCESS and received successfully in their entirety by 5:00 p.m. Eastern Time on the due date.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised by parties in their comments, within 120 days after the date of publication of these preliminary results.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 19 CFR 351.221(b)(4).

Dated: February 23, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Total Annual Burden Hours: 16,030 hours.

Needs and Uses: The National Marine Fisheries Service (NMFS), Alaska Regional Office, is requesting renewal of a currently approved information collection that contains requirements for the North Pacific Observer Program (Observer Program). A slight revision is requested to change the title of the collection from “Alaska Observer Program” to “North Pacific Observer Program.”

Section 313 of the Magnuson-Stevens Act (16 U.S.C. 1862) authorizes the North Pacific Fishery Management Council (Council), in consultation with NMFS, to prepare a fishery research plan for the purpose of stationing observers and electronic monitoring (EM) systems to collect data necessary for the conservation, management, and scientific understanding of the commercial groundfish and Pacific halibut fisheries of the Bering Sea and Aleutian Islands (BSAI) and Gulf of Alaska (GOA) management areas. The Observer Program is implemented by regulations at subpart E of 50 CFR part 679, which authorize the deployment of observers and EM to collect information necessary for the conservation and management of the BSAI and GOA groundfish and halibut fisheries. Under the Observer Program, observers and EM systems collect fishery-dependent information used to estimate total catch and interactions with protected species. Managers use this data to manage groundfish and prohibited species catch within established limits and to document and reduce fishery interactions with protected species. Scientists use this data to assess fish stocks, provide data for fisheries and ecosystem research and fishing fleet behavior, assess marine mammal interactions with fishing gear, and characterize fishing impacts on habitat.

All vessels and processors that participate in federally managed or

parallel groundfish and halibut fisheries off Alaska (except catcher vessels delivering unsorted codends to a mothership) are subject to Observer Program requirements and assigned to one of two categories: (1) The full observer coverage category, where vessels and processors obtain observer coverage by contracting directly with observer providers; or (2) the partial coverage category, where NMFS, in consultation with the Council determines when and where observer coverage is needed. Some vessels and processors may be in full coverage for part of the year and partial coverage at other times of the year depending on the observer coverage requirements for specific fisheries. Funds for deploying observers on vessels in the partial coverage category are provided through a system of fees based on the gross ex-vessel value of retained groundfish and halibut. This observer fee is assessed on all landings by vessels that are not otherwise in full coverage. The observer fee is approved under OMB Control Number 0648–0711.

Information in this collection is submitted by observer provider companies and owners and operators of vessels and processors subject to Observer Program requirements. Information submitted by owners and operators includes information on owner identification, vessels, observer coverage category, deck safety, the EM system, fishing trips, and fishing operations. Information submitted by observer provider companies includes information on ownership and operations; observers and observer candidates; observer deployment; insurance coverage; contracts with observers, vessels, and processors; costs for observer services; and other information including possible observer harassment, prohibited actions, safety concerns, observer illness or injury preventing the observer from completing duties, and any information, allegation, or reports regarding observer conflict of interest or breach of the standards of behavior. Observers, observer provider companies, and industry may submit information on improving observer data quality and resolving observer sampling issues.

More information on the Observer Program is provided on the NMFS Alaska Region website at <https://www.fisheries.noaa.gov/alaska/fisheries-observers/north-pacific-observer-program>.

Affected Public: Individuals or households; Business or other for-profit organizations.

Frequency: On Occasion; Weekly; Annually.

Respondent's Obligation: Voluntary; Required to Obtain or Retain Benefits; Mandatory.

Legal Authority: Magnuson-Stevens Fishery Conservation and Management Act.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0318.
