PRIVACY IMPACT ASSESSMENT (PIA)

PRESCRIBING AUTHORITY: DoD Instruction 5400.16, "DoD Privacy Impact Assessment (PIA) Guidance". Complete this form for Department of Defense (DoD) information systems or electronic collections of information (referred to as an "electronic collection" for the purpose of this form) that collect, maintain, use, and/or disseminate personally identifiable information (PII) about members of the public, Federal employees, contractors, or foreign nationals employed at U.S. military facilities internationally. In the case where no PII is collected, the PIA will serve as a conclusive determination that privacy requirements do not apply to system.

DISCS provides professional education, research, and support to advance U.S. foreign policy through security assistance and cooperation. The DISCS Information System Mission (DISM) was established to hold several web applications for the purpose of better management of students through centralized maintenance of data and to reduce redundancy, including the support of the security cooperation community. DISM also allows for more effective management of personnel within DISCS.

The types of personal information collected in DISM are as follows:

DISCS Personnel data including: Full name, DoD Identification Number (DoD ID) number, gender, date of birth, home address, personal cell phone and work numbers, work domain name, work email address, arrival and departure dates, duty hours, emergency name and contact information, position title, funding source, directorate and office names, employment status, academic rank and degree, salary, job series, civilian grade, military Joint Manpower Program rank and number, date of rank, service branch, occupational specialty code and description, military evaluation dates, tour completion date, recall order, DoD billet manning document number, height and weight, arrival date, security clearance type, issue and expiration dates, investigation type and date, IT level, supervisor name, list of DoD annual training requirements, training completion dates and year required, faculty member, function and program type.

DISCS Personnel Travel data including: Traveler's name, government point of contact information, request number, agency directorate, priority and requirement types, purpose of travel, group and class type, order and voucher numbers, voucher check and Military Interdepartmental Purchase Request (MIPR) dates, funding source, source organization, departure and arrival information, travel location cost information, DoD status of travel request, administrative notes and comments.

Student data including: Full name, student and DoD ID Number, gender, date of birth, nationality, organization and mailing addresses, work number, position title, hotel confirmation number, country name, combatant command, student type, area of expertise and duty type, civilian grade, service branch, military rank, diploma, test scores, supervisor name, email address, and work number, course type, registration date, level and status, certificates, student and registrar comments, administrative notes and emergency point of contact information.

Guest Speaker data including: Full name, position title, gender, social security number (SSN), DoD ID Number, home, cell phone, and work numbers, fax number, email and mailing address, employment status, security clearance type, military rank, civilian grade, course information, honorarium, DISAM host name, and funding information.

m. What is the authority to collect information? A Federal law or Executive Order must authorize the collection and maintenance of a system of records. For PII not collected or maintained in a system of records, the collection or maintenance of the PII must be necessary to discharge the requirements of a statue or Executive Order.
 If this system has a Privacy Act SORN, the authorities in this PIA and the existing Privacy Act SORN should be similar. If a SORN does not apply, cite the authority for this DoD information system or electronic collection to collect, use, maintain and/or disseminate PII. (If multiple authorities are cited, provide all that apply).
(a) Cite the specific provisions of the statute and/or EO that authorizes the operation of the system and the collection of PII.
(b) If direct statutory authority or an Executive Order does not exist, indirect statutory authority may be cited if the authority requires the operation or administration of a program, the execution of which will require the collection and maintenance of a system of records.
(c) If direct or indirect authority does not exist, DoD Components can use their general statutory grants of authority ("internal housekeeping") as the primary authority. The requirement, directive, or instruction implementing the statute within the DoD Component must be identified.
