Instructions for the Generic Drug User Fee Cover Sheet

Welcome to FDA's online process for completing Form FDA 3794 (Generic Drug User Fee Cover Sheet). The following instructions identify when the cover sheet is required, what information is needed to complete the cover sheet, and what payment options are available to remit the user fee. Once the cover sheet is submitted electronically, a User Fee Payment I.D. Number (PIN) will be assigned which enables the FDA to track your cover sheet submission and payment receipt. For assistance in completing the cover sheet, please contact the User Fee Helpdesk at (301)796-7200 or userfees@fda.gov.

Form FDA 3794 is required to be completed for each of the following human generic drug user fees:

- Abbreviated new drug application (ANDA) or applicable amendment;
- Generic Drug Applicant Program;
- Type II active pharmaceutical ingredient (API) drug master file (DMF) that is referenced on or after October 1, 2012, in a generic drug submission to the FDA and for which the DMF fee has not already been paid;
- Generic drug facility which is identified at least one generic drug submission that is approved to produce a finished dosage form (FDF) of a human generic drug or an API contained in a human generic drug; and
- Backlog ANDA which is pending on October 1, 2012, and that has not received a tentative approval prior to that date.

A signed copy of Form FDA 3794 must be included in the following submissions to the FDA:

- ANDA submission and placed in the first volume with Form FDA 356h
- Type II API DMF submission

Note: Form FDA 3794 is not required for all ANDA amendments. It is only applicable to an amendment that is adding API manufacturing information other than by reference to a Type II DMF which is subject to the Section 744B(x)(2)(F) fee under GDUFA.

The following information is needed to complete the cover sheet:

General Information:

- Name/address/contact information of applicant/holder/owner/parent company
- Name/address/contact information of representative/U.S. agent

ANDA Information:

- ANDA number assigned by FDA
- Established name of product
- If applicable, for Section 744B(x)(2)(F) only
 - Name of drug substance(s)/API(s)
 - All facilities including facility's name, address, FDA Establishment Identifier (FEI) number, facility DUNS number, and the user fee payment ID number (if Section 744B(x)(2)(F) fee has already been paid)

* GDUFA requires applicants to pay the Section 744B(x)(2)(F) fee if the application includes API manufacturing information other than by reference to a Type II DMF.

Generic Drug Applicant Program Information:

- Parent company name

Type II API DMF Information:

- DMF number assigned by FDA
- Drug substance/API name

Facility Information:

- Facility's name, address, FDA Establishment Identifier (FEI) number, and facility DUNS number
- Confirmation whether the facility manufactures Positron Emission Tomography (PET) products **only**
- Confirmation whether the facility is listed in ANDAs submitted by a State or Federal Government for a drug that is not distributed commercially **only**
- Confirmation whether the FDF facility is qualified as a contract manufacturing organization (CMO)

Backlog Information:

- ANDA number assigned by FDA
- Established name of product

Additional instructions to complete FDA Form 3794 are available at [Form FDA 3794 -- Instructions](#)

Upon completion of the cover sheet and assignment of the User Fee Payment I.D. Number, the following payment options are available for remittance of the user fee:

- Check, Bank Draft, or Postal Money Order
- Pay.gov
- Wire Transfer

For all payment options, the payment must be made in U.S. currency drawn on a U.S. financial institution.

Check, Bank Draft, or Postal Money Order
Payment by check, bank draft or U.S. postal money order must be made payable to the Food and Drug Administration and include the PIN. The payment and a copy of your cover sheet must be mailed to a designated address for GDUFA user fee payments.

Pay.gov
FDA has partnered with the U.S. Department of Treasury to utilize Pay.gov for online electronic payment. Pay.gov is a Web-based payment application that allows payments to be made directly from your bank account. This payment option is accessible after completing the cover sheet and generating the PIN.

Wire Transfer
For payment by wire transfer, you must contact your financial institution to initiate the wire transfer and provide them with the necessary account information for the FDA to receive your payment. Your financial institution may charge you a wire transfer fee between \$15 and \$35. Please ask your financial institution about the wire transfer fee and include it with your user fee payment to ensure that your fee is fully paid.
