1. Introduction

The purpose of this document is to list all the data elements of the host site application collected online through the Fellowship Management System (FMS). The FMS online host site assignment module is a streamlined mechanism for agencies, who are interested in hosting fellows of the Centers for Disease Control and Prevention (CDC) fellowships to submit their assignment proposals online and track statuses of the application processes. The FMS is a robust flexible framework and is successfully tailored for various CDC fellowships. The following fellowships use the FMS Host Site Application module to collect applications from federal and non-federal public health agencies and organizations:

1. Epidemic Intelligence Service (EIS)
2. CDC E-learning Institute (ELI)
3. Epidemiology Elective Program (EEP)
4. Future Leaders in Infections and Global Health Threats (FLIGHT)
5. Laboratory Leadership Service (LLS)
6. CDC Steven M. Teutsch Prevention Effectiveness (PE) Fellowship
7. Public Health Associate Program (PHAP)
8. Public Health Informatics Fellowship Program (PHIFP)
9. Science Ambassador Fellowship (SAF)
10. Preventive Medicine Residency and Fellowship (PMR/F)
11. Population Health Training in Place Program (PH-TIPP)

1.1 Document Structure

This document is broken down by the major pages of the FMS Host Site Application. In this document, each page of the FMS Host Site Application has sections and some sub-sections. In addition, application instructions, login, and registration pages are included.

Following the screenshots in each section is a table that shows the status of the collection of data elements by each CDC fellowships. The following labels indicate the status of the collection:

- "Yes" indicates that the fellowship collects the information and that alumni are required to submit this information.
- "No" indicates that the fellowship does not collect this information.
- "-" indicates open text field

In addition, the table shows the data values of each data element, and for ones that have a list of dropdown values, the data value category is hyperlinked to its list located in the Appendix.

AI/AN Tribal/Tribally-Focused Assignment

Using the radio button options below, please select from one of the following mutually-exclusive criteria to classify this assignment as a tribal or a tribally-focused assignment. An assignment would be considered "tribal" or "tribally-focused" if any one (1) of the following criteria are met.

1. **Tribe:** An Indian or Alaska Native tribe, band, pueblo, village, or community that the Secretary of the Interior acknowledges to exist as an Indian tribe pursuant to the Federally Recognized Indian Tribe List Act of 1994, 25 USC 5130 reclassified
2. **Tribal Organization:** Tribal organizations include the following:
    - Regional Intertribal Organizations such as All Indian Pueblo Council, Great Lakes Intertribal Council, and United South and Eastern Tribes;
    - National Indian Organizations such as National Indian Health Board, National Native American AIDS Prevention Center, etc.;
    - Tribal Epidemiology Centers (TECs).
3. **Federal agency with a tribal focus:** Any agency within the federal government that is responsible for providing services to American Indians and Alaska Natives including but not limited to the following:
    - Indian Health Service (IHS);
    - Environmental Protection Agency (EPA);
    - Bureau of Indian Affairs (BIA)
4. **Assignment working with elected American Indian/Alaska Native (AI/AN) tribal leaders:** This includes any PHAP assignment in a state health department, local health department, nongovernmental organization (NGO), university, or non-federally recognized state tribal organization with associate work activities actively engaged with elected American Indian/Alaska Native (AI/AN) tribal leaders.
