Screen #1 – SSA.gov Landing Page

The screenshot shows the SSA.gov landing page for requesting an appointment to file for benefits. The page has a dark blue header with the Social Security logo and the text "Social Security" on the left, and a "EXIT" button on the right. The main content area is white and contains the following text:

Request an Appointment to File for Benefits

If you believe you may be eligible for Supplemental Security Income (SSI), or if you are assisting someone who wants to file for SSI, you can request an appointment to file for SSI and any other benefits you (or the person you are assisting) may be eligible to receive. The online process takes about 5-10 minutes and no documentation is required at this time. We will need basic information about you and, if applicable, the person you are assisting.

Information we need:

- Name, date of birth, and Social Security number of the individual interested in SSI.
- Mailing address, phone number, and email address (optional) for the individual interested in SSI.
- Your name, phone number, and email address (optional) if you are assisting another individual.

Once you have completed the online process, a Social Security representative will schedule the appointment. We will send an appointment confirmation with the appointment date and time to the individual interested in filing by mail and email (if an email address is provided). In some cases, a Social Security representative may contact you by phone to schedule the appointment.

If you are not able to complete the request, you may schedule an appointment by phone by calling 1-800-772-1213 (TTY 1-800-325-0778) from 8:00 a.m. to 7:00 p.m. Eastern time, Monday through Friday. You may also contact your local Social Security office. You can find the phone number for your local office by using our [Field Office Locator](#).

Individuals visiting the SSA website to learn about [Supplemental Security Income \(SSI\)](#) payments will be provided with a description of the SSI program and information about how to file an application. In the informational section, individuals will be able to access the link “**Request an Appointment to File for Benefits**” which will direct them to the “Landing Page” shown above. This page informs individuals about the information needed prior to accessing the online tool, the process for the request, and what to expect next once the information is submitted.

Answer a few questions to schedule an appointment

We will ask a series of questions about you (or someone you are assisting) and schedule an appointment to file for Supplemental Security Income (SSI) and other potential Social Security benefits. Answering the questions may take approximately 5-10 minutes.

We may use the date you submit the information as the date of the application if you submit the information and keep the appointment to file for benefits. It is important that you do not miss your appointment to avoid the loss of potential benefits.

This is NOT an application for benefits. You must file an application with SSA to receive a formal determination of eligibility or entitlement. Once you submit the information, we will schedule an appointment to file the application.

Please contact us right away if you are not available the date and time of the appointment we provide you or if you need to reschedule your appointment. Visit our [Frequently Asked Questions](#) to find out more about scheduling and rescheduling an appointment.

Underneath the title is a progress bar with 9 segments, the first of which is highlighted in blue and contains the number "1". To the right of the progress bar, the text "1 of 9 Who is scheduling" is shown. Below this, there are two lines of asterisked text: "* Indicates required information" and "* Who are you answering these questions about?". The main question is followed by three radio button options: "Yourself", "A minor child (including your own) for whom you are a caretaker or for whom a court has appointed you the legal representative", and "An incompetent adult whose care you are responsible for or for whom a court has appointed you the legal representative". Below these options is the word "OR" in all caps. This is followed by three more radio button options: "Your spouse", "Someone else who is with you as you answer these questions", and "Someone else who is not with you but has a good reason why they cannot sign their own SSI application at this time". The last option is selected, indicated by a blue dot. At the bottom left of the form area, there are two buttons: a blue "Next" button and a white "Exit" button with a blue border.

We ask individuals to indicate who they are answering the questions about. If the individual selects any option other than “Yourself” or “Someone else who is with you as you answer these questions”, the system presents the third-party/Assistor path.

The Supplemental Security Income (SSI) program provides monthly payments to certain adults and children with a disability or blindness, and individuals age 65 and older without a disability. Therefore, we request individuals to indicate if they have a disability or if they are blind. If they select “Yes” to the first question, the system presents the third question to provide us with an estimated date of when the condition began. This information, along with the date of birth, helps us to determine the type of appointment needed (e.g., aged, adult, or child appointment). In addition, we provide a message about the option to request special notices for those with a visual impairment.

Individuals selecting “No” to the first two questions, receive the following alert advising them of the SSI eligibility requirement. The alert does not prevent individuals from continuing to request an appointment, as individuals are able to file an application to obtain a formal determination from SSA about whether they may be entitled to benefits

i Please review the answers before clicking next. To be eligible for SSI benefits, they must be disabled, blind, or over the age of 65.

This screen is to collect information about the individual using the tool. We request this information to contact the individual that requested the appointment (if needed) and evaluate if they are the parent of a child or legal representative of an incompetent adult whose care they are responsible for. Their response helps us to determine to who address the appointment mail notices and determine who is receiving the appointment (e.g., parent, legal guardian, etc.,).
