Dear <NAME>,

We are sending this letter to let you know about a new Social Security Administration (SSA) project. SSA is testing new rules for the Social Security Disability Insurance (SSDI) program. The new rules will give people the chance to earn more money from work and to keep more of their benefits than they can now. This project is called the Promoting Opportunity Demonstration or POD. POD will determine whether these new rules help people who want to go back to work or work more. SSA has hired Abt Associates and Mathematica Policy Research to work on SSA's behalf and they may contact you. Abt Associates is helping run the POD program, and Mathematica Policy Research is studying it. You are invited to sign up today!

Under the new rules your cash benefits go down little by little as you earn more instead of stopping completely if you earn too much. This change could help you make more money if you expect to earn more than \$1,170 a month from working. You can use a benefits calculator to help you figure out how much your benefit payment will change under the new POD rules (www.podssa.org).

It is your choice to sign up. To sign up, please fill out the survey and complete and sign the last two pages of the attached consent form in this packet. Please return the forms using the envelope provided. You will be paid \$25 for returning the completed survey and signed consent form.

To learn more about this study, please read the enclosed brochure. You can also go to www.podssa.org. Everyone that signs up will have a two in three chance to be randomly assigned to the new POD rules and a one in three chance to be randomly assigned to SSA's current rules. You can also call the study's helpline at 888-771-9188. POD project staff will give you information to help you decide whether to sign up. If you would like help in completing the survey, please call the study's helpline at 888-771-9188.

Enroll today and see how POD can work for you! We look forward to speaking with you!

Sincerely,

Kate Bent, RN, PhD
