SURVEY INFORMATION

Mathematica is conducting the Head Start Family and Child Experiences Survey (FACES) under contract with the Administration for Children and Families (ACF) of the U.S. Department of Health and Human Services (HHS).

To help us understand your center better, we need you to complete this brief survey. It asks about:

- staffing and recruitment;
- staff education and training;
- curriculum and assessment;
- program management;
- use of program data and information
- a few questions about yourself

Some questions will be about the COVID-19 pandemic, mental health, and national events that have potentially caused distress. The National Suicide Prevention Lifeline offers free and confidential support for people in distress and is available 24 hours a day at 1-800-273-8255.

Using the Login Identification Number and Password ensures that the information you provide to the study will be protected and will only be seen by selected members of the study team. The next page provides general instructions on how to complete the survey.

Privacy Statement

- Your participation in the study is voluntary and you may refuse to answer any questions you are not comfortable answering.
- Your individual answers will be completely private and will not be shared with parents or other staff in your program, or anybody else not working on this study.
- Please be assured that all information you provide will be kept private to the extent
 permitted by law. In the future, survey responses from the study (with nothing identifying
 individuals, programs, or communities) may be securely shared with qualified individuals
 for additional learning purposes to better understand the strengths and needs of children
 and families in Head Start and the programs that serve them.
- Additionally, there are a few questions that you will answer using your own words. The
 information you provide as part of those open-ended questions may be directly quoted in
 order to illustrate a point, but any specific names or places (or any other information that
 could identify an individual, program, or community) that you mention will be omitted from
 study reports.
- The survey will take about 35 minutes to complete.

Please click the button below to continue or close this webpage to exit the survey.

Paperwork Reduction Act Statement: This collection of information is voluntary. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The valid OMB control number for this information collection is 0970-0151 which expires 04/30/2022. The time required to complete this collection of information is estimated to average 35 minutes, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the collection of information. (Click <u>here</u> for "Automatic rating" and "Alternative Pathway" definition)

PROGRAMMER BOX O6A

SET UP HYPERLINK FOR TEXT "HERE" THAT WILL POP UP TO PROVIDE THE FOLLOWING DEFINITION:

Some state or local quality rating and improvement systems (QRIS) do not require programs to go through a full application or review process if the program meets quality standards external to the QRIS (for example, Head Start, state-funded pre-K, and NAEYC-accredited programs).

Automatic ratings award a program a higher rating level without going through the QRIS application or review process, because the program already meets quality standards external to the QRIS. Alternative pathways award a program automatic credit for some (but not all) of the quality components in the QRIS, because the program already meets quality standards external to the QRIS. However, for other quality components the program still has to go through a rating process to receive a higher rating level.
