

# ASPA COVID-19 PUBLIC EDUCATION CAMPAIGN

A campaign to increase vaccine acceptance and reinforce basic prevention measures

## CET – Annotated Questionnaire (Wave 49)

Note: The questions below are the proposed questions for the forty-ninth wave of the Weekly Current Events Tracker (CET). Questions highlighted in yellow will be asked every week; questions highlighted in blue will be rotated into the survey on a monthly basis; and questions highlighted in green are meant to be asked in Wave 49 only or are being asked again to update data on a variable of interest. We will be fielding questions about trusted sources, booster hesitancy, vaccine mandates and parents' vaccination decisions.

Standard Questions

Modular Questions

One-Time or Repeat Questions Being Asked Again to Update Data

For the next section we would like to talk about current events.

// Page Break //

//PROGRAMMING NOTE: All respondents

Item #: Q1-Q2

Question Type: Single punch grid

// Soft Prompt: "We would like your response to this question." //

trust\_source. How much do you trust the following sources to provide you with accurate information about COVID and the COVID vaccines?

//PROGRAMMING NOTE: RANDOMIZE grid//

Variable Name	Variable Text	Variable Label
trust_source_1	Your State Government	trust_source_1: Source of Vaccine: Your State Government
trust_source_2	The U.S. Department of Health and Human Services (HHS)	trust_source_2: HHS
trust_source_3	The Centers for Disease Control and Prevention (CDC)	trust_source_3: CDC
trust_source_4	U.S. Federal public health officials	trust_source_4: Federal health officials
trust_source_5	The U.S. Food and Drug Administration (FDA)	trust_source_5: FDA
trust_source_6	Pharmaceutical companies	trust_source_6: Pharma
trust_source_7	Local public health officials (e.g., state, county, city, or town)	trust_source_7: Local public health officials
trust_source_8	The American Medical Association	trust_source_8: AMA
trust_source_9	Medical websites (e.g., WebMD, Healthline)	trust_source_9: Medical websites
trust_source_10	Celebrities or social media influencers	trust_source_10: Influencers
trust_source_11	The White House	trust_source_11: White House

trust_source_19	Your local hospital leadership (e.g., Chief Medical Officer)	trust_source_19: Hospital leadership
trust_source_20	Other (Please specify) [ANCHOR]	trust_source_20: Other

Value	Value Label
1	Not at all
2	Not very much
3	A fair amount
4	A great deal
99	Not familiar with this source
-99	Refused

// Page Break //

//BASE: All respondents//

Item #: Q3

Question Type: Single punch

// Soft Prompt: "We would like your response to this question." //

beh1\_cet\_r. Have you received a COVID-19 vaccine?

Variable Label: beh1\_cet\_r: Vaccination behavior

Value	Value Label
0	No, I have not received a COVID-19 vaccine
1	Yes, but I have only received one shot out of the two required shots
2	Yes, I have received all of the required shots
-99	Refused

// Page Break //

//BASE: beh1\_cet\_r=1 or 2//

Item #: Q4

Question Type: Single punch

// Soft Prompt: "We would like your response to this question." //

vaccine\_id. Which COVID-19 vaccine did you receive?

Variable Label: vaccine\_id: Vaccine ID

Value	Value Label
2	Johnson & Johnson/Janssen
3	Moderna
4	Pfizer-BioNTech
5	Other
99	I do not remember
-99	Refused
-100	Valid skip

// Page Break //

//BASE: beh1\_cet\_r=2//

Item #: Q5

**Question Type:** Dropdown menu

**// Soft Prompt: “We would like your response to this question.” //**

**fully\_vacc\_month.** In which month were you considered fully vaccinated (i.e., two weeks after your final COVID-19 vaccine dose)? *Final vaccine dose refers to either the second dose of the Pfizer or Moderna vaccine, or the single dose of the Johnson & Johnson vaccine. Please do not consider booster shots for this question. If you do not remember the specific month, give your best guess.*

**Variable Label:** fully\_vacc\_month: Month of vaccination

Value	Value Label
1	December, 2020
2	January, 2021
3	February, 2021
4	March, 2021
5	April, 2021

//BASE: booster\_uptake3=0//

Item #: Q10

Question Type:

// Soft Prompt: "We would like your response to this question." //

**booster\_hesitancy**. How much do you agree or disagree with the following statements about COVID vaccine booster shots?

**Variable Label:** booster\_hesitancy: Reasons for booster hesitancy

//PROGRAMMING NOTE: randomize variables in grid//

Variable Name	Variable Text	Variable Label
<b>booster_hesitancy_1</b>	Booster shots are unnecessary.	booster_hesitancy_1: Not necessary
<b>booster_hesitancy_2</b>	It is unfair for me to get a booster shot when many people in the world have not gotten their first COVID vaccine dose.	booster_hesitancy_2: Not fair
<b>booster_hesitancy_3</b>	If someone gets a breakthrough COVID infection, it is basically the same thing as getting a booster shot.	booster_hesitancy_3: Breakthrough same as booster
<b>booster_hesitancy_4</b>	Some people benefit from getting a booster shot, but that not everyone needs one.	booster_hesitancy_4: Some people benefit
<b>booster_hesitancy_5</b>	The only way I would get a booster shot is if I was mandated to.	booster_hesitancy_5: Not necessary
<b>booster_hesitancy_6</b>	It seems like there is disagreement in the public health community about whether booster shots are necessary.	booster_hesitancy_6: Disagreement
<b>booster_hesitancy_7</b>	Booster shots are an important tool for preventing COVID infection.	booster_hesitancy_7: Important for preventing COVID
<b>booster_hesitancy_8</b>	Booster shots are an important tool for preventing severe disease and death from COVID.	booster_hesitancy_8: Important for severe disease

Value	Value Label
1	Strongly disagree
2	Somewhat disagree
3	Neither agree nor disagree
4	Somewhat agree
5	Strongly agree
99	I don't know

Item #: Q25

Question Type: Single punch grid

// Soft Prompt: "We would like your response to this question."//

ptn\_w49.

We are interested in your opinion of a few messages about COVID-19 vaccines or boosters.

For each of the below messages, please indicate how much you agree or disagree with the following statement:

**"I would share the information in the message with a friend or family member who wants to know more about COVID-19 vaccines or boosters."**

//PROGRAMMING NOTE: randomize variables in grid//

Variable Name	Variable Text	Variable Label
ptn_w49_1	We've all gotten vaccines that require more than one dose, like the hepatitis B vaccine and tetanus shots. They offer durable and strong protection, even if you need boosters for some of them. Boosters give you continued protection against COVID.	ptn_w49_1: Multi-dose vaccines
ptn_w49_2	Over time, vaccine protection against COVID can decrease. Getting your booster ensures you have the best protection available and may keep you safer from emerging variants.	ptn_w49_2: Vaccine protection wanes
ptn_w49_3	People who don't get vaccinated after having COVID are more than twice as likely to get COVID again compared to people who boost their immunity with vaccines.	ptn_w49_3: Repeat infections
ptn_w49_4	Even mild cases of COVID-19 can cause damage	ptn_w49_4:

	to the lungs, heart, brain, and many other organs, leading to an increased risk of long-term health problems such as strokes or seizures. Boosters give you continued protection from COVID.	Continuing health problems
ptn_w49_5	In January over 2 million children got COVID.	ptn_w49_5: 2 mill children

Value	Value Label
1	Strongly disagree
2	Disagree
3	Neither agree nor disagree
4	Agree
5	Strongly agree
