Overview of This Information Collection

Title: Application for Extension of Bond for Temporary Importation.

OMB Number: 1651-0015.

Form Number: CBP Form 3173.

Current Actions: CBP proposes to extend the expiration date of this information collection and to revise this information collection to allow electronic submission via the Document Image System (DIS). There is no change to the information collected and no change to CBP Form 3173.

Type of Review: Revision.

Affected Public: Businesses.

Abstract: Imported merchandise which is to remain in the customs territory for a period of one year or less without the payment of duties with the intent to destroy or export is entered as a temporary importation of goods under bond (TIB), as authorized under the Harmonized Tariff Schedule of the United States (HTSUS) (19 U.S.C. 1202).

The general requirements for all TIB categories and specific rules for certain types of goods are set forth the notes to Chapter 98 (HTSUS), and in the U.S. notes, article provisions, and rates of duty columns to subchapter XIII. Consistent with 19 CFR 10.37, when this time period is not sufficient, importers and brokers may request an extension by submitting a CBP Form 3173, “Application for Extension of Bond for Temporary Importation”, either electronically or manually, to the Center Director. The period of time may be extended for not more than two further periods of 1 year each, or such shorter periods as may be appropriate. An Extension may be granted by CBP, upon written or electronic submission of a CBP Form 3173, provided that the articles have not been exported or destroyed before receipt of the application, and liquidated damages have not been assessed under the bond before receipt of the application. TIB extensions requested by the Trade will automatically be accepted in the Automated Customs Environment (ACE), but CBP can deny an extension as necessary. CBP Form 3173 is provided for in 19 CFR 10.37 and is accessible at: <https://www.cbp.gov/newsroom/publications/forms?title=3173>.

CBP published its plan to conduct a test of the National Customs Automation Program (NCAP) concerning document imaging in the **Federal Register** (77 FR 20835), on April 4, 2012. Under the test, certain ACE participants are able to submit electronic images of a specific set of CBP and Participating Government Agency (PGA) forms and supporting information to CBP. Specifically, importers, and brokers, are allowed to submit official CBP documents and specified PGA forms via the Electronic Data Interchange (EDI). Although the first phase of the DIS test was limited to certain CBP and PGA forms, the DIS Guidelines were updated over time to include various entry summary documents.

This information collection is necessary to ensure compliance with 19 CFR 10.37 and the DIS guidance.

Proposed Change:

CBP Form 3173 is considered an entry summary document, and ACE participants will be able to submit the CBP Form 3173 electronically through the Document Image System (DIS).

SUPPLEMENTARY INFORMATION:

The Robert T. Stafford Disaster Relief and Emergency Assistance Act (Pub. L. 93-288) (the Stafford Act), as amended, is the legal basis for FEMA to provide financial assistance and services to individuals who apply for disaster assistance benefits in the event of a Federally-declared disaster. Regulations in Title 44 of the Code of Federal Regulations, Subpart D, “Federal Assistance to Individuals and Households,” implement the policy and procedures set forth in section 408 of the Stafford Act. This program provides financial assistance and, if necessary, direct assistance to eligible individuals and households who, as a direct result of a major disaster, have necessary expenses and serious needs that are unable to be met through other means. Individuals and households may apply for assistance (Registration Intake) under the Individuals and Households Program (IHP) in person, via telephone, or internet. FEMA provides financial assistance under the Other Needs Assistance provision of the IHP to individuals or households affected by a major disaster to meet disaster-related funeral expenses under Section 408(e)(1) of the *Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), Public Law 93-288, as amended*.

Historically, the agency has utilized a combination of public and commercial validation of ownership and or occupancy, which impacts eligibility for Housing Assistance and some forms of Other Needs Assistance. This update applies to the proposed expansion of the acceptable documentation applicants can submit to FEMA to verify the occupancy and/or ownership of their primary residence and establish eligibility for disaster assistance.

This proposed information collection previously published in the **Federal Register** on November 5, 2021, at 86 FR 61283 with a 60-day public comment period. No comments were received. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below
