AUTHORITY: 49 U.S.C. § 114; Pub. L. 108-176. **PRINCIPAL PURPOSE(S):** This information will be used to conduct background checks in connection with flight authorizations and waivers of flight restrictions. **ROUTINE USE(S):** This information may be shared with aircraft and airport operators, the FBI, and the FAA, or for routine uses identified in TSA system of records, DHS/TSA 002, Transportation Security Threat Assessment System. **DISCLOSURE:** Voluntary; failure to furnish the requested information may result in delays in processing your application or a denial of your application. Paperwork Reduction Act Burden Statement: Through this information collection, TSA is gathering information about you to facilitate your application for a flight authorization or waiver of a flight restriction into or out of Ronald Reagan Washington National Airport (DCA) or other applicable flight restricted airspace. This is a mandatory collection of information if you wish to obtain a flight authorization into or from DCA or waivers of flight restricted airspace. It is estimated that the total average burden per response associated with this collection is approximately 45 minutes. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The control number assigned to this collection is OMB 1652-0033, which expires 07/31/2022.

About Waiver Processing

If you are determined to be eligible for a waiver, you will be notified and provided with a unique waiver authorization. Although complete criminal history checks take time to complete, we anticipate returning results as soon as they are received, provided there is no indication of a criminal history. Normally the process may take up to 5 business days to complete.

All previous waivers pertaining to this type of flight operation are void.

About DASSP Flight Authorization Processing

The guidance listed below is a broad overview of the flight authorization application process for operations into DCA.

In order to receive an authorization for DCA access from TSA, an operator must be on the TSA DCA approved operator list, take off from an approved TSA Gateway Airport and utilize a TSA approved Armed Security Officer (ASO).

1. Before completing the flight authorization application form, please reserve an FAA slot reservation at this website: www.fly.faa.gov. This reservation is tentative until the flight authorization is approved, at which time TSA Office of Security Operations, Airspace Waivers Branch will confirm the slot reservation with FAA.
2. The approved security coordinator, or company equivalent, must complete the flight
