|     | impact, as well as the project's ability to comply with environmental and social policies, including  |
|     | labor and human rights, as consistent with the agency's authorizing legislation.  |

<sup>&</sup>lt;sup>1</sup> Leave blank for new forms. For form renewals, the OMB Control Number should be at the top of the DFC form and also at the top of both the 60 Day and 30 Day Notices.

<sup>&</sup>lt;sup>2</sup> Items 5-6 should be no unless indicated otherwise by the Administrative Attorney. If you believe one of these items should be answered "yes," please consult with the Administrative Attorney.

<sup>&</sup>lt;sup>3</sup> You may reuse the abstract from your 60 Day and 30 Day Notices.

<sup>&</sup>lt;sup>4</sup> Items 6-10 should be no unless indicated otherwise by the Administrative Attorney. If you believe one of these items should be answered "yes," please consult with the Administrative Attorney.

<sup>&</sup>lt;sup>5</sup> OCIO determines whether Privacy Impact Assessments (PIAs) are necessary whenever there is a new or changed collection of personally identifiable information (PII). When you submitted a Privacy Threshold Analysis (PTA) to the CISO, he should have informed you if a PIA was necessary. If it was not necessary, answer NO. If it was necessary, consult with the Administrative Attorney and the CISO on whether you are filing your PIA with OMB at this time as a joint package (YES) or as two separate packages (NO).

<sup>&</sup>lt;sup>13</sup> Note that the OMB system does not allow time periods smaller than one year. If your form is filled out only once per project or investor, then type "1" here and explain under item 12 in the Supporting Statement.

<sup>&</sup>lt;sup>14</sup> Please use \$75.00/hour to determine the public cost. This will ensure consistency in our calculations for OMB. Therefore if it takes the average respondent 2 hours to fill out the form, you would write \$150.00 on line A. (\$75.00 x 2)

<sup>&</sup>lt;sup>15</sup> This refers to the time actually spent completing the form.

<sup>&</sup>lt;sup>16</sup> This refers to time spent maintaining records that they would not otherwise maintain except that the records are needed to complete your information collection. For example, if you require them to maintain special financial statements in order to complete your information collection, but they would not otherwise create and maintain these special statements. This is usually zero.

<sup>&</sup>lt;sup>17</sup> This refers to time spent creating and publishing new disclosures that they would not otherwise publish except that your form requires them to. For example, if your form requires them to publish their yearly accident rates. This is usually zero.

<sup>&</sup>lt;sup>18</sup> This number should match the answer to question 12 in your supporting statement

31. If the total annual burden is an increase or decrease in the previously claimed burden, <sup>19</sup> please explain why in 4000 characters or less.

The annual burden is an increase from previous claimed burden as the form is more comprehensive to be in line with new reporting requirements and to best serve the newly created performance measurement system as dictated by statute.

<sup>&</sup>lt;sup>19</sup> The previously claimed burden is what OMB previously approved for your form. You can obtain these numbers from the previous OMB submissions or from <a href="http://www.reginfo.gov/public/do/PRAMain">http://www.reginfo.gov/public/do/PRAMain</a> (Select "United States International Development Finance Corporation" under the "Current Inventory" menu.) If your form is new, then this is zero and your increase is due to this being a new information collection.

  - (ii) The way such information is planned to be and/or has been used to further the proper performance of the functions of the agency;
  - (iii) An estimate, to the extent practicable, of the average burden of the collection (together with a request that the public direct to the agency any comments concerning the accuracy of this burden estimate and any suggestions for reducing this burden);
  - (iv) Whether responses to the collection of information are voluntary, required to obtain or retain a benefit (citing authority), or mandatory (citing authority);
  - (v) The nature and extent of confidentiality to be provided, if any (citing authority); and
  - (vi) The fact that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
