Please make corrections to name, address and ZIP Code, if necessary.

The information you provide will be used for statistical purposes only. Your responses will be kept confidential and any person who willfully discloses ANY identifiable information about you or your operation is subject to a jail term, a fine, or both. This survey is conducted in accordance with the Confidential Information Protection provisions of Title V, Subtitle A, Public Law 107-347 and other applicable Federal laws. For more information on how we protect your information please visit: <https://www.nass.usda.gov/confidentiality>. Response to this survey is voluntary.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB number is 0535-0002. The time required to complete this information collection is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

1. Did this operation (shown on the label) grow any dry edible peas or lentils in 2018?

- Include both green and yellow varieties as dry edible peas
 - Exclude crops grown on land rented to others
 - Exclude immature peas

099 1 ☐ Yes - Continue 3 ☐ No - Go to Item 4

2. How many total acres of dry edible peas were planted on this operation in 2018?

- Include both green and yellow varieties
 - Exclude Austrian winter peas and wrinkled seed peas
 - Exclude immature peas

a. Of these acres, how many acres were or will be harvested?

b. What is the expected yield (clean basis)? (If harvest is not complete, make your best estimate of the yield.)

201

acres

202

acres

204

pounds per acre

3. How many total acres of lentils were planted for all purposes on this operation in 2018?

a. Of these acres, how many acres were or will be harvested?

b. What is the expected yield (clean basis)? (If harvest is not complete, make your best estimate of the yield.)
