

and Preliminary Results, we provided all interested parties with an opportunity to comment and request a public hearing regarding our preliminary results. No party requested a hearing, submitted a case brief, or otherwise commented on the *Initiation and Preliminary Results*.

Scope of the Order³

The products covered by the *Order* are certain heavy walled rectangular welded steel pipes and tubes of rectangular (including square) cross section, having a nominal wall thickness of not less than 4 mm. The merchandise includes, but is not limited to, the American Society for Testing and Materials (ASTM) A-500, grade B specifications, or comparable domestic or foreign specifications.

Included products are those in which: (1) Iron predominates, by weight, over each of the other contained elements; (2) the carbon content is 2 percent or less, by weight; and (3) none of the elements below exceed the quantity, by weight, respectively indicated:

- 2.50 percent of manganese, or
- 3.30 percent of silicon, or
- 1.50 percent of copper, or
- 1.50 percent of aluminum, or
- 1.25 percent of chromium, or
- 0.30 percent of cobalt, or
- 0.40 percent of lead, or
- 2.0 percent of nickel, or
- 0.30 percent of tungsten, or
- 0.80 percent of molybdenum, or
- 0.10 percent of niobium (also called columbium), or
- 0.30 percent of vanadium, or
- 0.30 percent of zirconium.

The subject merchandise is currently provided for in item 7306.61.1000 of the Harmonized Tariff Schedule of the United States (HTSUS). Subject merchandise may also enter under HTSUS 7306.61.3000. While the HTSUS subheadings and ASTM specification are provided for convenience and customs purposes, the written description of the scope of the *Order* is dispositive.

Final Results of Changed Circumstances Review

Having received no comments from interested parties and finding no information or evidence on the record that calls into question the preliminary results, we continue to find that Ozdemir A.S. is the successor-in-interest to Ozdemir LLC and, as such, that Ozdemir A.S. is entitled to Ozdemir

LLC's CVD cash deposit rate with respect to entries of subject merchandise for the reasons stated in the *Initiation and Preliminary Results*.⁴ As a result of this determination and consistent with established practice, we find that Ozdemir A.S. should receive the CVD cash deposit rate previously assigned to Ozdemir LLC. Consequently, Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise produced and/or exported by Ozdemir A.S. and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at the CVD cash deposit rate in effect for Ozdemir LLC. This cash deposit requirement shall remain in effect until further notice.

Notification to Interested Parties

This notice serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This notice is published in accordance with sections 751(b)(1) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.216(e).

Dated: April 6, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Bay Watershed Education and Training Program National Evaluation System

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on February 8, 2022 (87 FR 7157), during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration (NOAA), Commerce.

Title: Bay Watershed Education and Training Program National Evaluation System.

OMB Control Number: 0648-0658.
Form Number(s): None.

³ *Heavy Walled Rectangular Welded Carbon Steel Pipes and Tubes from the Republic of Turkey; Amended Final Affirmative Countervailing Duty Determination and Countervailing Duty Order*, 81 FR 62874 (September 13, 2016) (*Order*).

Type of Request: Regular submission, extension of a current information collection.

Number of Respondents: 2,583.

Average Hours per Response:

Awardee-respondents will complete an online survey in 60 minutes and teacher-respondents will complete two online surveys in 30 minutes each.

Total Annual Burden Hours: 1,027.

Needs and Uses: The National Oceanic and Atmospheric Administration's (NOAA) Office of Education is sponsoring data collection efforts on its Bay Watershed Education and Training (B-WET) program. The NOAA B-WET program is authorized under 33 U.S.C. 893a(a), the America COMPETES Act. The Administrator of the National Oceanic and Atmospheric Administration is authorized to conduct, develop, support, promote, and coordinate formal and informal educational activities at all levels to enhance public awareness and understanding of ocean, coastal, Great Lakes, and atmospheric science and stewardship by the general public and other coastal stakeholders, including underrepresented groups in ocean and atmospheric science and policy careers. B-WET advances NOAA's mission by awarding education grants that foster an environmentally literate citizenry who have the knowledge, attitudes, and skills needed to protect watersheds and related ocean, coastal, and Great Lakes ecosystems. B-WET currently funds projects in seven regions (California, Chesapeake Bay, Great Lakes, Gulf of Mexico, Hawaii, New England, and the Pacific Northwest).

To ensure that educational activities funded by B-WET are of the highest quality, and maximize federal resources, B-WET has created an across-region, internal evaluation system to provide ongoing monitoring of program implementation and to identify opportunities for improved program outcomes. The evaluation system is maintained by B-WET staff with occasional assistance from an outside contractor. The evaluation system collects information from B-WET program-funded project participants.

B-WET awardees of grants or cooperative agreements, and the awardees' teachers who attend professional development programs provided by the awardees, are asked to voluntarily complete online survey forms to provide data for the evaluation system. Information collected from awardees includes program elements such as program duration, format, audience, location, support and/or materials offered, and topics covered. Information collected from teacher

professional development participants includes teaching methodologies, program satisfaction, program coverage, suggestions for improvement, and teaching confidence. Information collected from teachers at the end of the school year following their participation in a professional development program includes time spent teaching topics covered in the professional development program, types of activities used with their students, teachers' perceptions of student learning, and teaching practices utilized. One individual from each awardee organization is asked to complete a survey once per year of the award, and the teacher participants are asked to complete one survey at the end of their professional development program and another survey at the end of the following school year. Responses to the survey questions are aggregated and analyzed as part of ongoing evaluation efforts.

Based on a review of annual evaluation system results, B-WET has made program improvements by adjusting its Federal Notice of Funding Opportunities and program guidelines. On-going data collection enables NOAA to monitor program implementation and outcomes on a regular basis and supports adaptive management of the program.

Affected Public: Business and other for-profit organizations; not-for-profit institutions; state, local or tribal government; individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

Legal Authority: 33 U.S.C. 893a(a), the America COMPETES Act.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648-0658.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510-12-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Application for Appointment in the NOAA Commissioned Officer Corps

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on February 9, 2022 (87 FR 7429), during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration (NOAA), Commerce.

Title: Application for Appointment in the NOAA Commissioned Officer Corps.

OMB Control Number: 0648-0047.

Form Number(s): NOAA 56-42 and NOAA 56-42A.

Type of Request: Regular submission [extension of a current information collection].

Number of Respondents: 300.

Average Hours per Response: Written applications, 2 hours; interviews, 5 hours; references, 15 minutes.

Total Annual Burden Hours: 2,475.

Needs and Uses: This is a request for extension of an existing information collection.

The NOAA Commissioned Officer Corps is the uniformed service of the National Oceanic and Atmospheric Administration (NOAA), a bureau of the United States Department of Commerce. Officers serve under Senate-confirmed appointments and Presidential commissions (33 U.S.C. chapter 17, subchapter 1, sections 853 and 854). The NOAA Corps provides a cadre of professionals trained in engineering, earth sciences, oceanography, meteorology, fisheries science, and other related disciplines who serve their country by supporting NOAA's mission of surveying the Earth's oceans, coasts, and atmosphere to ensure the economic and physical well-being of the Nation.
