## **Objection Filing to Posted Section 232 Exclusion Request: Aluminum**

Objection Filing Requirements: Any individual or organization in the United States may file an Objection to an Exclusion Request. Where relevant, organizations must provide factual information on 1) the aluminum products that they manufacture in the United States; and 3) the production capabilities at aluminum manufacturing facilities that they operate in the United States; and 3) the availability and delivery time of the products that they manufacture relative to the specific aluminum product that is subject to an Exclusion Request. Paper submissions will not be accepted.

Organizations submitting an Objection Filing on an Exclusion Request should provide specific information, as relevant, on the product that their company can provide that is comparable to the aluminum product that is the subject of the Exclusion Request. This information should include 1) discussion on the suitability of its product for the application identified by the Exclusion Request, and 2) a full technical description of the properties of the product it manufactures relative to specifications provided in the Exclusion Request or antipas, and other relevant data.

A separate Objection Filing must be submitted on each Exclusion Request, citing the specific aluminum product and dimension covered in the request posted on regulations.gov. All applicable question blocks in this form must be completed for the Objection Filing to be accepted for consideration. Organizations electing to attach supporting documents must provide a single submission only in PDF format that must not exceed 25 pages in total. All information submitted in the Exclusion Request is subject to public disclosure. Do not provide sensitive Personally Identifiable Information.

Organizations should upload their Objection Filing covering a single aluminum Exclusion Request to the corresponding Exclusion Request on https://www.regulations.gov/ under Docket Number BIS-2018-0002. An Objection Filing must be submitted to regulations.gov no later than 30 days from the date the Exclusion Request is posted in regulations.gov. Processing of the Exclusion Request, including consideration of Objection Filings, will take approximately 90 business days. When Exclusion Requests are approved, notification will made on regulations.gov. For questions related directly to completing this form, contact BIS via email (aluminum232@bis.doc.gov) or telephone (202-482-4757).

Instruction: State the name, address, and related contact information for the organization submitting the Objection Filing. Provide the same information for the Exclusion Requestor that is the subject of this Objection Filing, relying on information in the request notice posted on regulations.gov. Also provide the regulations.gov identification number issued for the submitter of the Exclusion Request, the HTSUS code for the aluminum product, and annual quantity of imported aluminum product at issue. This information is found in the Exclusion Request document posted on regulations.gov

Identify the reasons your organization objects to an Exclusion Request being granted to the applicant cited above. Written comments may be submitted (not required) to supplement information that your organization has provided in the Objection Filing form on the Exclusion Request, but total attachments may not exceed 25 pages. Organizations making an Objections Filing should identify factual problems that they encounter in the Exclusion Request (e.g., product description).

1.b	Indicate what type	of order the Exclusion Request that is the subject of the Objection Filing would pertain to:					
	Comments						
		oduct type identified in the Exclusion Request currently manufactured by your organization in the United mediately be made (within 8 weeks) by your organization, in a company-owned plant in the United States?	-Yes/No-	City	State	Current Annual Plant Production Capacity (mt)	% Plant Utilization Current
1.0		e location(s) of your aluminum production facilities in the United States.					
	This organization d	loes not currently manufacture the identified aluminum product, but can produce the product identified in	Days	City	State	Current Annual Plant Production Capacity (mt)	% Plant Utilization Current

	Objection Filing to Posted Section 232 Exclusion Request: Aluminum - Continued								
3.a	What percentage of the total aluminum product tonnage requirement covered under the Exclusion Request that is the subject of this Objection Filing can your organization manufacture at its U.S. plants on a timely basis?								
3.b	5 State the number of days required by your organization to ship from its U.S. manufacturing plant the aluminum product covered by this Exclusion Request from the time the purchase order is received:								
3.c	c State the number of days required to manufacture the aluminum product covered by this Exclusion Request from the time a binding purchase order is received:								
3.d	3.d State the delivery time in days for the aluminum product covered under this Exclusion Request from the time it is shipped from your manufacturing plant to the Exclusion Requestor's loading dock:								
	Comments:								
3.e	Identify the reasons your organization objects to an Exclusion Request being granted to the applicant. Written comments may be submitted (not required) for each of the reasons your organization has cited in the Objection Filing form. Organizations filing Objections should identify factual problems in the Exclusion Request (e.g., product description).								
	Comments:								
	Has the organization making the Exclusion Request asserted that there is no capability in the United States to manufacture this type of aluminum product it requires? If "Yes" provide comments in the space below.								
	Has the Exclusion Requestor supported its assertion of product uniqueness with engineering and scientific data, or independent laboratory tests results?								
3.f	Does your organization have technical data to disprove the assertions of the Exclusion Requestor? If "Yes" provide comments in the space below, or in attachments.								
	Comments:								
	Has the organization making this Objection Filing within the last two years attempted to sell, or successfully sold, the aluminum product described in the Exclusion Request to the exclusion requestor previously?								
3.g	Does your organization manufacture a aluminum product similar to that cited in the Exclusion Request for which it has asked to Exclusion Requestor, within two years of the filing of the Exclusion Request, to perform a formal technical qualification to determine equivalency in form, fit, function and performance?								
	Did the Exclusion Requestor accept or reject the request to perform a formal technical qualification?								
	Comments:								
l hav	have additional information to provide that is proprietary or otherwise business confidential that is relevant and necessary to this submission:								

Instruction: This Objection Filing must be submitted by an organization official authorized to certify the document as being accurate and complete.
