WIT Evaluation Baseline Survey Specifications

(Updated: March 2022)

Font colors are used in the specifications as follows:

- Screen names are in **red font**
- Input variable names are in blue font
- Programmer notes are in green font
- P4 is using a FILLS table just for those who are in USSF. Please see page 13 table.

The main navigation buttons, unless otherwise noted, are:

| ← Back | | Next → |

A header will be displayed at the top of every regular survey question screen (i.e., Q1 through Q28) that reads: *All Survey Responses are Anonymous.*

A footer will be displayed at the bottom of every screen, including the landing page (the layout for the FAQ, TA, and Help pages are provided in the specs). We will use tool-tip for the footer:

| FAQs | Tech Support | Helpful Resources |

Response option formatting:
- Single select items are shown as radio buttons and are preceded by the coded value:
    1◯
- Select all that apply items are shown as square check boxes and are preceded by the coded value:
    1☐

Additional programmer notes:
- There are no hard or soft checks unless otherwise stated at specific screens in the pseudocode below. If the respondent skips a question that doesn't have a hard check, then fill the input variable with a value of 99 (Refused).
- Skip logic will be specified in our programmer notes at certain screens. Otherwise assume linear progression through the specs. Logical skips get coded as 98 (Web skip).
- Matrices with more than five rows should be split across multiple screens.

Consent_Page

The following information is provided to inform you about the NORC Innovations in Sexual Assault Prevention Pilot Program Survey and your participation in it.

Please read this form carefully.

1. **Purpose of the study:**

    You are being asked to participate in this anonymous Survey because you are an Airman/Guardian in the United States Department of the Air Force (DAF). The purpose of this study is to evaluate SAPR (Sexual Assault Prevention and Response) activities in the DAF.

2. **Procedures and approximate time requirements:**

    If you are eligible, you will be asked to complete two online surveys: a baseline survey now and a follow-up survey in about six months. Each survey will take about 15-20 minutes. The surveys include questions about you and your thoughts about sexual harassment and assault. Your participation in this research is voluntary. There is no penalty if you choose not to respond. You can skip most questions and you can stop the survey at any time. Because it is an anonymous survey, it needs to be completed in one session. You will need to begin again (using the anonymous link from xxx@norc.org or accessing the survey link at xxx.norc.org) if you exit unexpectedly.

    You can complete the survey using a personal device (e.g., laptop, tablet, or mobile phone) in a private location of your choice. We recommend using a device with a larger screen for better viewing.

3. **Anonymity:**

    This study is <u>anonymous</u>. No one in your chain of command will ever see your responses. Demographic responses will be recoded to prevent anyone from figuring out your identity based on unique characteristics.

4. **Compensation for participation:**

    If you are eligible and choose to take the survey today, NORC will email you a $10 Amazon gift code. If you also complete the follow-up survey in six months, NORC will email you an additional $15 Amazon gift code.

5. **Benefits and risks:**

    There are no direct benefits to you. However, benefits to future Airmen/Guardians may include better prevention programming and less sexual harassment and sexual assault in the DAF. Your voice is important to your peers and the DAF leadership, and so everyone benefits by having your voice heard.

Completing this survey is not expected to involve any risk or discomfort to you. Respondents who have experienced sexual harassment or sexual assault may experience strong emotions while completing this survey. Helpful resources are provided below.

6. **Resources:**

If you are a victim of sexual assault, or a person who wishes to prevent or respond to a crime, you may want to contact a Sexual Assault Response Coordinator (SARC) or Victim Advocate (VA). To make a restricted or unrestricted report and reach established DoD Sexual Assault Services, call the hotline number:

DoD Safe Helpline

Toll-Free: 877-995-5247
Worldwide: https://www.safehelpline.org/

If you are a victim of sexual harassment, or a person who wishes to prevent or respond to it, you may want to contact one of the DAF resources, below.

Air Force Discrimination and Sexual Harassment Hotline
https://www.af.mil/Equal-Opportunity/

Available 24 hours a day. You can reach the hotline by calling 1-888-231-4058. Air National Guard members can also contact the National Guard EO hotline at 703-607-5462 or 1-800-371-0617.

The DAF SAPR Response Line (24/7):   1-800-616-3775

7. **Data security:**

Data will be secured on dedicated servers, and access to sensitive data will be restricted to authorized users. All NORC systems reside within secure facilities with controlled physical access with restricted hours of access. Systems are in a data center with boundary protection utilizing network firewalls, Intrusion Prevention Systems (IPS) and security monitoring using a unified situational platform. The IT environment is documented and managed utilizing NIST 800-53 Revision 4 security framework and is audited by third party auditors on a regular basis. The aggregated results of this anonymous survey may be shared with the DAF leadership, USAF Wingman Intervention Training (WIT) staff, and DoD SAPR staff, without any personally identifiable information.

8. **Contact information:**

This research is being conducted by criminologist Bruce Taylor, Ph.D., a Senior Fellow at NORC at the University of Chicago with over 25 years of experience conducting research in the social sciences. He may be reached at **xxx@norc.org** or x-xxx-xxxx for questions or to report a research-related problem. You may contact the NORC Institutional Review Board (IRB) Office at xxx-xxx-xxxx, or Major Leah Pound at xxx@us.af.mil if you have questions or comments

regarding your rights as a participant in the research. This research has been reviewed according to the DAF's procedures governing your participation in this research.

STATEMENT BY PERSON AGREEING TO PARTICIPATE IN THIS ANONYMOUS STUDY

I have read this informed consent document. I understand each part of the document and I freely and voluntarily choose to participate in this anonymous survey. I can choose to withdraw from the NORC Survey at any time without penalty.

Who is NORC at the University of Chicago?

For more information, visit www.norc.org.

How do I know this survey is anonymous?
NORC is using a "self-generated ID" coding method so that no one can connect your survey responses to you. The follow-up survey in six months will ask the same questions so your responses can be linked across time while *maintaining your anonymity*.

How long will this survey take to complete?
The survey will take about 15-20 minutes to complete.

Why should I participate?
The benefits to your participation may include better prevention programming and less sexual harassment and sexual assault at the DAF.

Any benefit to me?
If you choose to participate in the survey today, NORC will email you a $10 e-gift code redeemable at Amazon. If you also complete the follow-up survey in six months, NORC will email you an additional $15 gift code.

Do I have to take it?
No, you do not have to take the survey. The survey is voluntary. However, we would very much appreciate your participation.

What is this survey about?
The survey includes some questions about you and how you think about sexual harassment and assault.

<u>IT INFO:</u>   DISPLAY THIS SCREEN USING TOOL-TIP IF THE "Tech Support" BUTTON IN THE FOOTER IS CLICKED. IN THE SCREEN THAT POPS UP, THERE SHOULD BE A "Close" BUTTON AT BOTH THE TOP AND THE BOTTOM OF THE SCREEN.

I closed my survey and it did not save any of my responses.
We ask that you complete the survey in one session because your responses are not saved until you submit the survey. If you accidently close out or your survey window crashes, you will have to restart the survey.

I returned to my survey after stepping away and now I get an error message that says "Sorry Invalid Request".
This happens if you left the survey idle for more than 10 minutes. Because the survey is anonymous, and we do not have a way of accessing the survey where you left off, you will have to restart the survey using xxx.norc.org from xxx@norc.org if you exit unexpectedly.

For other technical support questions:
Please contact NORC at xxx@norc.org or 1-234-5678.
