MEMORANDUM FOR DEFENSE PRIVACY CIVIL LIBERTIES AND TRANSPARENCY
DIVISION

SUBJECT: Social Security Number Justification for DLA Form 1822, "End-Use Certificate."

Department of Defense Instruction (DODI) 1000.30, "*Reduction of Social Security Number (SSN) Use Within DoD*," (August 1, 2012), requires all DoD personnel to reduce or eliminate the use of SSNs wherever possible, except when the use of the SSN meets one or more of the acceptable use criteria DoDI 1000.30 establishes. To continue use of the SSN in a system or form, DLA must provide a memorandum justifying the continued use to the Defense Privacy, Civil Liberties, and Transparency Division.

This memorandum serves to justify the continuing need for the collection and use of the SSN for DLA Form 1822, "End-Use Certificate." DLA Forms 1822 are stored in the DLA Criminal Incident Reporting System (DCIRS) information system which has a Privacy Impact Assessment (PIA) and which maintains records from the following DLA Privacy Act systems of records notices (SORNs):

S500.20 – DLA Criminal Incident Reporting System Records
S640.45 – End Use Certificates

Please note that DLA is working to update the above referenced SORNs. When the revised SORNs are published a revised SSN Justification Memo will be provided.

Under the DODI 1000.30, Enclosure 2, section 2, paragraph c, there are 13 designated acceptable uses for SSNs. The designated acceptable uses for DLA Form 1822, "End-Use Certificate," is as follows:

“(2). Law Enforcement, National Security, and Credentialing. Almost every law enforcement application available to Federal, State, and local law enforcement and other criminal justice agencies reports and tracks individuals, and makes application information available to other agencies, through the use of the SSN. This includes, but is not limited to, checks of the National Crime Information Center; State criminal histories; and Federal Bureau of Investigation records checks.”

“(3). Security Clearance Investigation or Verification. The initiation, conduct, adjudication, verification, quality assurance, and billing fund control of background investigations and security clearances requires the use of the SSN. The SSN is the single identifier that links all of the aspects of these investigations together. This use case is also linked to other Federal agencies that continue to use the SSN as a primary identifier.”

DLA Form 1822, "End-Use Certificate," is used in the management of transfers of export-controlled personal property and technical data to determine bidder or transferee eligibility to receive export-controlled property and technical data, and to ensure that transferees comply with the terms of the sale or transfer regarding end use of the property and technical data. Transfers of export-controlled personal property/technical data includes information necessary for the development, production, or use of an item.

Records are used in the management of the property disposal program and in connection with Military Critical Technical Data Agreements to determine bidder/transferee eligibility to receive export-controlled personal property and technical data. The purpose of which is to ensure that transferees comply with the terms of the sale or transfer regarding end use of the property/data.

The SORNs used in association with DLA Form 1822, "End-Use Certificate," cite several authorities for the collection and maintenance of the records it contains. These include: 10 U.S.C. Sec. 133b, "Under Secretary of Defense for Acquisition and Sustainment;" 22 U.S.C. Chapter 39, "Arms Export Control;" 50 U.S.C. Chapter 58, "Export Control Reform"; Executive Order 13478, "Amendments to Executive Order 9397 Relating to Federal Agency Use of Social Security Numbers;" Executive Order 13222, "Continuation of Export Control Regulations," as amended; Executive Order 12738, "Administration of foreign assistance and related functions and arms export controls," as amended; Executive Order 12981, "Administration of Export Controls," as amended; 22 CFR Part 122, "Registration of Manufacturers and Exporters;" 15 CFR Part 762, "Recordkeeping;" 41 CFR Part 101, "Regulation System," and 41 CFR Part 102, "Federal Management Regulation System;" DoD Instruction 2030.08, "Implementation of Trade Security Controls (TSC) for Transfers of DoD Personal Property to Parties Outside DoD Control;" DoD Directive 2040.3, "End-Use Certificates (EUCs);" DoD Instruction 2040.02, "International Transfers of Technology, Articles, and Services;" DoD Instruction 4161.02, "Accountability and Management of Government Contract Property;" DoD Instruction 5240.04, "Counterintelligence (CI) Investigations;" and DoD Instruction 5505.02, "Criminal Investigations of Fraud Offenses."

Information collected directly from the public is captured via DLA Form 1822, "End-Use Certificate." This collection is in accordance with Sections 3501-3520 of the Paperwork Reduction Act and has an OMB Collection number (0704-0382).

DLA Office of the Inspector General gather this information and safeguards it. DLA Form 1822 is stored in the DCIRS information system and will be protected by DLA policies on Information Assurance. All infrastructure supporting the DCIRS information system will have all applicable Security Technical Implementation Guides (STIGs), checklists, and vulnerability scans applied. Additionally, only DLA Office of the Inspector General are authorized access to the DCIRS information system. Personnel are vetted by the designated DCIRS information system application administrative officer, prior to granting access to the system. Access will be solely via Common Access Card (CAC) authentication. Insider and outsider threats for information theft, hacking, etc., are mitigated through the use of encryption, CAC authentication requirements, unique user identification and passwords in addition to CAC authentication where required, and ensuring compliance with information assurance and other DOD Directives, policies, and procedures. The assigned Information System Security Manager (ISSM) reviews associated risks and provides detailed information to both the DLA Chief Privacy and FOIA Officer and the DLA decision authority for acceptable/non-acceptable use and maintains applicable Plan of Action and Milestones (POA&M) for security and privacy controls. Significant changes to the DCIRS information system are reviewed by the DLA CIO and the DLA Chief Privacy and FOIA Officer.

My signature below constitutes approval and justification for continued use and collection of SSNs on the DLA Form 1822 and in the DCIRS information system.
