Parent/Guardian Email Invitation for Youth to Complete Screener Survey

Note: After parent/guardian consent has been received, the parent/guardian will be sent this email inviting their child to complete their screener survey.

Dear **PARENT NAME**

Thank you for agreeing for your child to participate in this Centers for Disease Control and Prevention (CDC) research about questions on health and tobacco product use.

We request that your child complete a short survey so that we can learn a little more about them. This survey should take about 5 minutes to complete. Your child should complete the survey in private, and their responses to the survey will be kept private by ICF. Completing the survey does not guarantee that your child will be selected for an interview.

As a reminder, if your child is selected to participate in an interview, they will receive a \$50 Amazon gift card for participating in the two-hour interview.

Please have your child click the link below to access the survey. The first page of the survey notes that the survey is voluntary and requires their agreement to participate. Following completion of the survey, you will be notified as to whether your child has been selected to participate.

Thank you!

Sincerely,

ICF
