Re: Share Your Feedback: Communities Talk Event Follow-up Survey

**Communities Talk: Town Hall Meetings to Prevent Underage Drinking
6-Month Follow-up Organizer Survey**

Dear NAME:

About 6 months ago, your organization hosted an underage drinking prevention event as part of Communities Talk: Town Hall Meetings to Prevent Underage Drinking. Following your event, you completed a survey. At that time, you agreed to be contacted again to follow up on your Communities Talk event.

The below link will take you to a follow-up survey about your event. This is your opportunity to tell the Substance Abuse and Mental Health Services Administration (SAMHSA) about the impact your event had on your community's prevention efforts. Your input also allows us to learn how to best support your work, moving forward.

The survey will take about # minutes to complete and is uniquely tied to your e-mail address. **Please complete this survey by DATE.**

Your feedback is confidential. The information you provide will not be associated with you or your organization. SAMHSA will use the input received to assess how communities implemented this national initiative and to enhance future efforts.

If you have any questions about completing this survey, please e-mail eval@stopalcoholabuse.net.

Thanks for your participation!
