Subject: Update SAMHSA on Underage Drinking Prevention in Your Community

Dear [COMMUNITIES TALK ACTIVITY CONTACT],

Nearly one year ago, a *Communities Talk to Prevent Underage Drinking* activity took place in your community. Following the event, a representative from your organization completed an online survey telling the Substance Abuse and Mental Health Services Administration (SAMHSA) about experiences with *Communities Talk* and describing how your community was carrying out evidence-based strategies to prevent underage drinking. Your organization agreed to update SAMHSA on your work a year after finishing that survey.

This update survey will last no more than 10 minutes. Your participation is completely voluntary.

Your feedback is confidential. A report will summarize everyone's answers. It will not name your organization or you. But your input is very important. It will help SAMHSA better support underage drinking prevention in communities like yours across the country.

If you wish to complete the survey, click [here](#) to start. We advise you **not** to use Internet Explorer when completing the survey. Please complete the survey by [DATE].

If you have any questions about this survey, please contact Genevieve Martinez-Garcia, Study Administrator, at [info@stopalcoholabuse.net](mailto:info@stopalcoholabuse.net).

Thanks for your help.

The *Communities Talk to Prevent Underage Drinking* Support Team
