

[Month], [Year]

Dear [Administrator]:

On behalf of the Centers for Medicare and Medicaid Services (CMS), we want to thank you for participating in the Medicare Current Beneficiary Survey.

The Medicare program is always trying to improve! This survey is our main way to learn about how well the program is meeting the needs of Americans enrolled in Medicare. The data collected allows us to understand how Medicare and other sources of coverage help beneficiaries manage the cost of health care.

Our interviewers may contact you again in the future. We sincerely thank you for your time and effort in providing us the information we need to improve. Know that your participation is making a meaningful difference in lives of Medicare beneficiaries across the country.

We look forward to speaking with you again soon. If you have any questions, please do not hesitate to contact NORC toll-free at 1-844-777-2151, or by email at [mcbs@norc.org](mailto:mcbs@norc.org).

Sincerely,

Marina Vornovitsky

Director, Medicare Current Beneficiary Survey
