

**Justification for Non-Substantive Changes for  
VIPr Mobile Check-In  
20 CFR 422.103-422.110  
OMB No. 0960-0066**

**Justification for Non-Substantive Changes to the Collection**

We are making the following revisions to the VIPr Mobile Check-In App:

- **Change #1:** We revised the Covid 1 question:

**From:**

Do you have any of the following symptoms?

**To:**

Do you have any new or worsening symptoms of Covid-19 including:

**Justification #1:** We are making these changes to align with reopening screening signage posted on our offices. We want all screening language to be consistent.

- **Change #2:** We revised the bullets under the Covid 1 question:

**From:**

- Cough or sore throat
- Fever (100.4 degrees or higher)
- Chills
- Shortness of breath or difficulty breathing
- Muscle pain or body aches
- Headache
- New loss of taste or smell
- Gastrointestinal symptoms like nausea, vomiting, or diarrhea

**To:**

- Fever (100.4 degrees or higher);
- Cough or sore throat;
- Shortness of breath or difficulty breathing;
- Fatigue;
- Muscle pain or body aches;
- Headache;
- New loss of taste or smell;
- Congestion or runny nose; or
- Nausea, Vomiting, or diarrhea

**Justification #2:** We are making these changes to align with reopening screening signage posted on our offices. We want all screening language to be consistent.

- **Change #3:** We revised the Covid 2 question:

**From:**

In the last 14 days, have you:

**To:**

Have you:

Within the last 10 days:

**Justification #3:** We are making these changes to align with reopening screening signage posted on our offices. We want all screening language to be consistent.

- **Change #4:** We revised the bullets under the Covid 2 question, and added a definition of close physical contact:

**From:**

- Been diagnosed with Covid-19;
- Received instructions to monitor for symptoms or self-quarantine;
- Traveled outside the country by means other than land travel, such as car, bus, ferry, or train; or
- Been within 6 feet of a person who was diagnosed with Covid-19?

**To:**

- Been diagnosed with Covid-19;
- Received instructions from a public health authority (local authority, medical professional, etc.) to self-monitor for symptoms of Covid-19 or self-quarantine due to Covid-19;
- Been tested for Covid-19 and are awaiting the results (other than for travel purposes); or
- Been in close physical contact with anyone who was diagnosed with Covid-19 or developed symptoms consistent with Covid-19?

Close physical contact is defined as being within 6 feet of an infected/symptomatic person for a cumulative total of 15 minutes or more over a 24-hour period starting from 48 hours before illness onset (or, for asymptomatic individuals, 48 hours prior to test specimen collection).

**Justification #4:** We are making these changes to align with reopening screening signage posted on our offices. We want all screening language to be consistent.

- **Change #5:** We added an additional question to the Covid 2 question:

Within the last 5 days:

- Traveled outside the country by means other than land travel, such as car, bus, ferry, or train?

**Justification #5:** We are making these changes to align with reopening screening signage posted on our offices. We want all screening language to be consistent.

- **Change #6:** We made the above language revisions on the Express Telephone Interviews Pre-Screening Questions as well.

**Justification #6:** We are making these changes to align with reopening screening signage posted on our offices. We want all screening language to be consistent.

We will implement these changes upon OMB approval.

These actions do not affect the public reporting burden.
