Original

The screenshot shows a mobile app interface for Social Security. At the top, there is a dark blue header with the Social Security logo and the text "Social Security". Below the header, the "Office Location" is listed as "4TH FLOOR 28 ALLEGHENY AVENUE TOWSON, MD 21204" with a phone number "(410) 123-1212". The main content area contains the question "Do you have any of the following symptoms?" followed by a bulleted list of symptoms: "Cough or sore throat", "Fever (100.4 degrees or higher)", "Chills", "Shortness of breath or difficulty breathing", "Muscle pain or body aches", "Headache", "New loss of taste or smell", and "Gastrointestinal symptoms like nausea, vomiting, or diarrhea". At the bottom, there are three buttons: "Yes", "No", and "Back".

We amended the language to reflect current CDC guidance.

The screenshot shows a mobile application interface for a COVID-19 screener. At the top, there is a dark blue header with the Social Security Administration logo and the text "Social Security". Below the header, the "Office Location" is listed as "4TH FLOOR 28 ALLEGHENY AVENUE TOWSON, MD 21204" with a phone number "(410) 123-1212". The main content area is white and contains the question "In the last 14 days, have you:" followed by a bulleted list of criteria: "• Been diagnosed with COVID-19;", "• Received instructions to monitor for symptoms or self-quarantine;", "• Traveled outside the country by means other than land travel, such as car, bus, ferry, or train; or", and "• Been within 6 feet of a person who was diagnosed with COVID-19?". Below the list are three buttons: a solid blue "Yes" button, a solid blue "No" button, and a white "Back" button with a blue border.

Have you:

Within the last 10 days:

- Been diagnosed with COVID-19;
- Received instructions from a public health authority (local health authority, medical professional, etc.) to self-monitor for symptoms of COVID-19 or self-quarantine due to COVID-19;
- Been tested for COVID-19 and are awaiting the results (other than for travel purposes); or
- Been in close physical contact with anyone who was diagnosed with COVID-19 or developed symptoms consistent with COVID-19?

Close physical contact is defined as being within 6 feet of an infected/symptomatic person for a cumulative total of 15 minutes or more over a 24-hour period starting from 48 hours before illness onset (or, for asymptomatic individuals, 48 hours prior to test specimen collection).

Within the last 5 days:

- Traveled outside the country by means other than land travel, such as car, bus, ferry, or train?
