

JCAMP CIP Data Capacity Survey: Recruitment Script Read by Scott Trowbridge during CIP All Call

I'd like to draw your attention to an important opportunity and encourage your participation.

As you know, the JCAMP project is working to develop performance measures for courts, judges, and attorneys. To help inform the project and guidance about how to implement the performance measures, the team has designed a survey to learn more about your CIP's data capacity. This will help us include the needed information in the implementation guide.

The survey should take an average of 50 minutes to complete. We will send it to the primary CIP administrator and the data staff on the CIP team. Your participation in the survey is voluntary. Your responses to this survey will remain private to the extent permitted by law. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB number and expiration date for this collection are OMB #: 0970-xxxx, Exp: xx/xx/xxxx.

Please look for an email invitation to participate in the survey in your inbox from the project team. That email invite will include the link to the survey.

Do you have any questions about the survey invitation or the research project generally?

We know that you are very busy, so we appreciate you reading the email and considering the survey. Thanks very much!
