

**Federal Geographic Data Committee**

**DOUG D. NEBERT NSDI CHAMPION OF THE YEAR AWARD**

**Nomination Criteria (Individual or Team)**

**Description of the Award**

This award recognizes an individual or a team representing Federal, State, Tribal, regional, and (or) local government, academia, or non-profit and professional organization that has developed an outstanding, innovative, and operational tool, application, or service capability used by multiple organizations that furthers the vision of the National Spatial Data Infrastructure (NSDI). The award honors Doug D. Nebert who was a respected colleague, technical visionary, and recognized national leader in the establishment of spatial data infrastructures (SDI).

The vision of the NSDI is to assure that spatial data from multiple sources—Federal, State, Tribal, regional, and local governments, academia, and the private sector—are available and easily integrated to enhance the understanding of our physical and cultural world.

**Considerations**

- The award is available to an individual or a team representing Federal, State, Tribal, regional, and (or) local government, academia, or non-profit and professional organization.
- The tool, application or service developed by this individual or team that meets the criteria.
- The nominee must be a United States citizen.
- Nomination Authority: Nominations are accepted from United States public and private sector individuals, teams, organizations, and professional societies. Previous nominees not selected as recipients may be re-nominated for future awards.

**Criteria**

The award is based on the following foundational precepts:

- Innovation and vision
- Interoperability
- Use of standards
- Advancement of NSDI principles
- Service to communities of users
- Developed once, used by many
- Improved performance and service
- Real-world application
- Collaborative, cross-cutting

Specific individual and team achievements should be demonstrable via leadership of NDSI related working group or committee, documented in peer-reviewed, industry-recognized credible publication, presentations at professional conferences, a working application, or other credible basis.

**Award Recognition**

The award consists of a citation and plaque, which are presented to the recipient by the FGDC Chair at an appropriate public forum. The name of the recipient is also inscribed on a permanent plaque, which are displayed by the FGDC.

**Award Selection**

An interagency team of SDI experts from the FGDC will review all nominations and make a recommendation for the award to the FGDC Chair who will make the final decision on the award. The award information will be posted on the FGDC website at [www.fgdc.gov](http://www.fgdc.gov).

**Paperwork Reduction Act Statement:** The authority for the program is listed in Executive Order 12906 COORDINATING GEOGRAPHIC DATA ACQUISITION AND ACCESS: THE NATIONAL SPATIAL DATA INFRASTRUCTURE from April 11, 1994. Sec. 6. Partnerships for Data Acquisition. We estimate that it will take 10 hours for a user to submit a nomination for the award.. This includes the amount of time it takes to gather the information and send it to the requestor.

If you wish to make comments on the form and instructions regarding the burden estimate or any other aspect of this collection send them to the Information Collection Clearance Officer, gs [info\\_collections@usgs.gov](mailto:info_collections@usgs.gov). Note: Comments, names and addresses of commentators are available for public review during regular business hours. If you wish us to withhold this information, you must state this prominently at the beginning of your comment, but we cannot guarantee that we will be able to do so.

In compliance with the Paperwork Reduction Act of 1995, as amended, the collection has been reviewed by the Office of Management and Budget and assigned a control number and expiration date. The number and expiration date are at the top of these instructions. Please note that an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.
