this agency deserves an f minus for its sloppy slipshod accounting of requiriing those who took out loans using taxpayer dolalrs and keeping a record of their payback.teh fact is this dept is very sloppy and slipshod in keeping records so that the taxpaeys get back the money they loaned out. this wwas never to be a grant program. it iw as to be a loan program to be paid back so that other could come along and also go to school on the payback of the loans that were made. we have alot of shysters who have taken out loans and have determined they will never pay a penny back and that is all wrongj and it hsould not be allowed. they shoudl pay back the oney they borrowed. the taxpayers of this country have a right to experct that. we shoudl not have a program that is a complete and total lie to the taxpayers of htis country. we need a dept that is not as sloppy as this onej to keep good records. this dept gets a grade of f minus for its work in this regad. we need to replace this dept and stop giving out loans that are never repaid. we shoudl stop this entire program entirely. this comment is for the publi recofd. please receipt. let the students go to a bank to borrow money. it would make mor esense. this program is a dud, a complete and total dud.
