**Safer Choice Program: Product and Ingredient Submissions in the Safer Choice  
Community Cloud-based Salesforce System**

**OMB Control No. 2070-NEW  
Approval expires XX/XX/XXXX**

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2070-NEW). Responses to this collection of information are voluntary. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 16 hours per response for formulators of cleaning and non-cleaning products and eight hours per response for partners wishing to add third-party partners and products, including the time for reviewing instructions, gathering information, and completing and reviewing the application. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Following are screenshots from the Product and Ingredient Submission forms in the Safer Choice Community cloud-based Salesforce data system. Please refer to Section 12b, IC #1 for a full list of data items collected. Note that the specific details of the screenshots may change over time as the Safer Choice program improves and/or modifies the system. However, the general and fundamental components of the Salesforce system will be similar to what is presented in the following screenshots.

## Product Submissions

The screenshot shows a web browser window with the URL `saferchoice.force.com/apex/Sub_TableofContents?sfdc.tabName=01rt0000000PEi3`. The page header includes the Safer Choice Community logo and the user name Klara Zimmerman. The navigation menu contains links for Home, Submit/Renew Product (which is highlighted), Submit Private Label/Alternate Name, My Products and Upcoming Due Dates, and Resources.

The main content area displays the following information:

**OMB Control No. 2070-0178**  
Approval expires 5/31/2022

The public reporting and recordkeeping burden for this collection of information is estimated to average 16 hours per response for formulators of cleaning and non-cleaning products and 8 hours per response for partners wishing to add third-party partners and products, including the time for reviewing instructions, gathering information, and completing and reviewing the application. This is a voluntary collection. EPA cannot collect information without a valid OMB control number. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed application to this address.

Are you submitting for a:

1. [Quote](#)
2. [Formal Review](#)

At the bottom of the page, there is a copyright notice: Copyright © 2000-2021 salesforce.com, inc. All rights reserved. | [Privacy Statement](#) | [Security Statement](#) | [Terms of Use](#)

The respondent may choose to submit for a Quote or a Formal Review. The following screenshots show the Formal Review submission, which is the more comprehensive option and requires some information that the Quote submission does not.

The screenshot shows a web browser window with the address bar displaying 'saferchoice.force.com/Sub\_TableofContents'. The page header includes the 'Safer Choice Community' logo and a user profile for 'Klara Zimmerman'. A navigation menu contains links for 'Home', 'Submit/Renew Product', 'Submit Private Label/Alternate Name', 'My Products and Upcoming Due Dates', and 'Resources'. The main content area features a 'Next Page' button at the top, followed by a 'Quick Tips' section with eight numbered instructions. Below this is a 'Navigate to Specific Section:' section with links to various form sections like 'Company Information', 'Contact Information', 'Product Information', 'Product Characteristics', 'Packaging', 'Formulation', and 'Attachments'. A second 'Next Page' button is located at the bottom of the content area.

**Safer Choice Community** Klara Zimmerman

Home **Submit/Renew Product** Submit Private Label/Alternate Name My Products and Upcoming Due Dates Resources

Next Page

**Quick Tips**

1. If your organization has required that you have a non-disclosure agreement in place before releasing formulation information to third party profilers, please make sure to finalize an agreement before you begin the submission process.
2. Use the latest version of a modern web browser.
3. If you need help, click on the Resources tab.
4. If you need to move between sections, use the "Previous Page" and "Next Page" buttons at the top of the page rather than your browser's navigation arrows (clicking the back arrow may sign you out of the system).
5. Save your submission often.
6. **Red text** in the submission form means that field is required to submit.
7. Be ready to upload SDSs for each ingredient in the formulation and the final product, packaging sustainability, packaging ingredients, ingredient disclosure, performance, and the product label. If you need to add more attachments and/or notes, you may do so on the submission summary page once all other information has been entered and saved.
8. If you submit for a quote, you will be able to return to the system and edit the product prior to submitting for a review. Once a product or ingredient is submitted to a third party profiler for review, you will no longer be able to edit or delete it.

**Navigate to Specific Section:**

- [Company Information](#) - Click here to enter your headquarters address, manufacturing address(es), etc.
- [Contact Information](#) - Click here to enter your contact information and contact information for other involved parties at your company
- [Product Information](#) - Click here to enter your product name, UPCs, production volume, and product uses
- [Product Characteristics](#) - Click here to enter general product chemistry and regulatory information, such as flashpoint, VOCs, GHS labeling, and direct release status
- [Packaging](#) - Click here to enter information about the packaging for your product (materials, sustainability, etc.)
- [Formulation](#) - Click here to enter your product's formulation, including ingredient trade names, suppliers, CAS#s, and ingredient SDSs
- [Attachments](#) - Click here to add the product label, ingredient disclosure, packaging letters, performance data, and product SDSs

Next Page

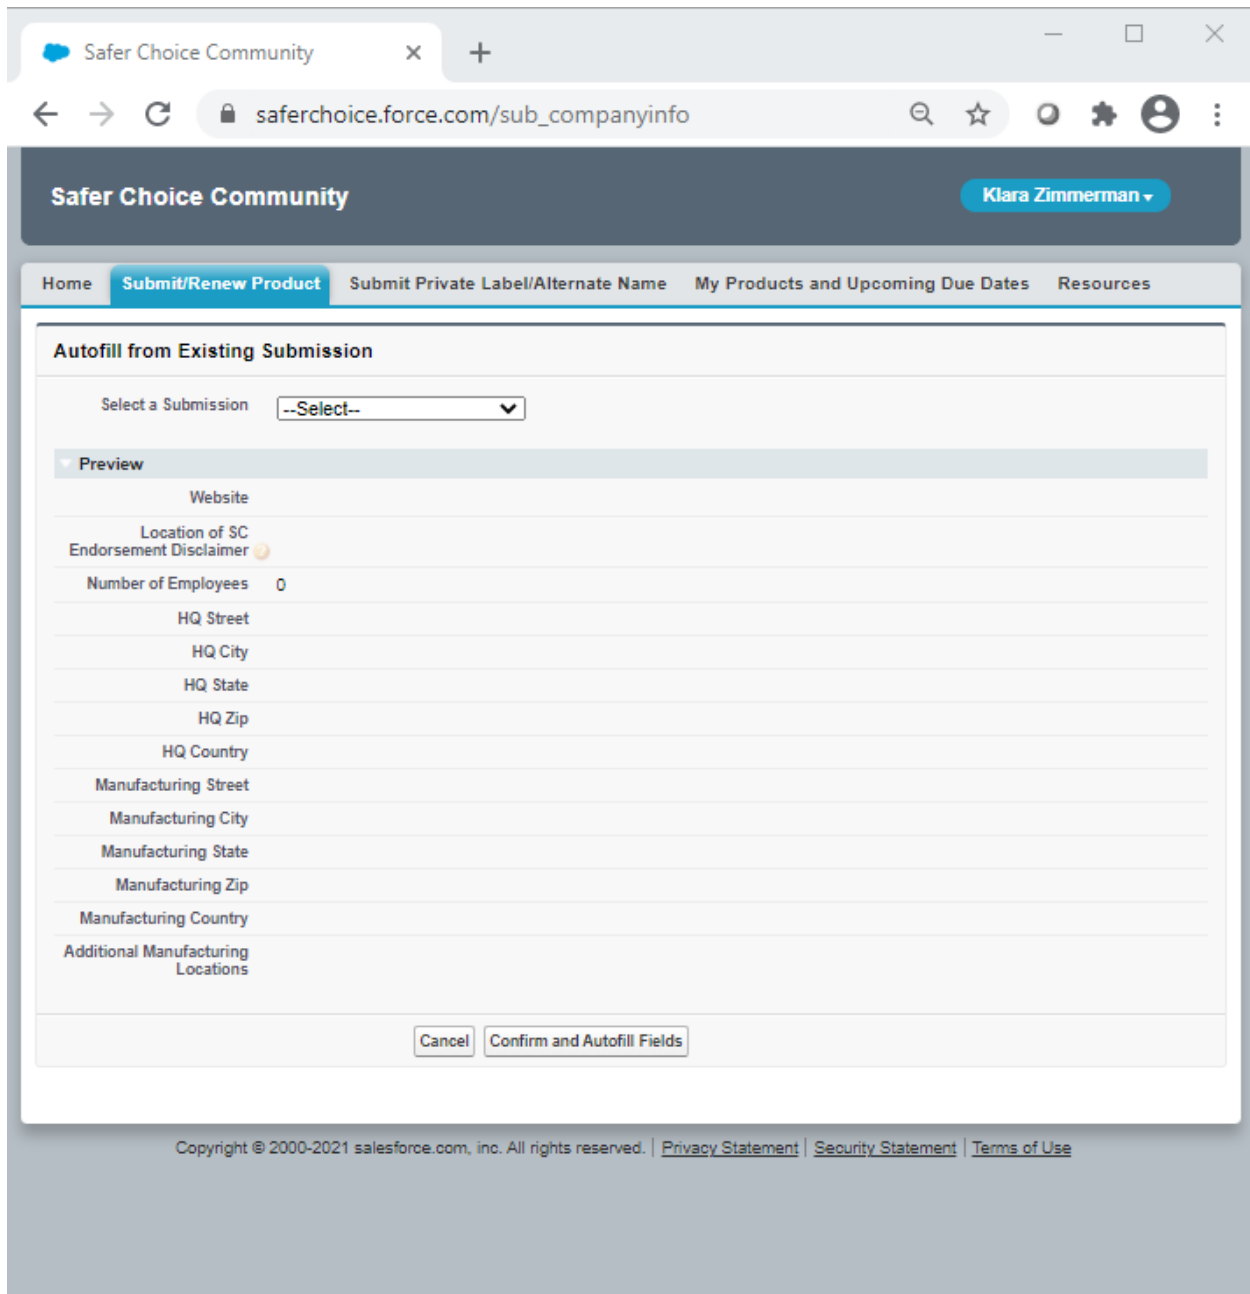

The screenshot shows a web browser window with the URL `saferchoice.force.com/Sub_TableofContents`. The page title is "Safer Choice Community" and the user is logged in as "Klara Zimmerman". The navigation menu includes "Home", "Submit/Renew Product", "Submit Private Label/Alternate Name", "My Products and Upcoming Due Dates", and "Resources".

The main content area is titled "Company Information" and contains the following sections:

- Instructions:** "Please enter company information below. Fields in red text are required for submission. You may return to your submission at any time. If you have completed all required fields, you will have the option to submit to the third party profiler(s) after saving your submission."
- Company Information:** Includes fields for "Company Name" (pre-filled with "Abt Associates"), "Website", "Location of Safer Choice Endorsement Disclaimer", and "Number of Employees".
- HQ Address:** Includes fields for "Company HQ Address", "City", "State/Province", "Zip/Postal Code", and "Country".
- Manufacturing Address:** Includes fields for "Manufacturing Address", "City", "State/Province", "Zip/Postal Code", and "Country".
- Additional Information:** A question "Do you have additional manufacturing sites?" with radio buttons for "Yes" and "No" (selected). Below it is a text area "If yes, please include them here:".

Navigation buttons at the top and bottom of the form include "Back to Table of Contents", "Autofill from Other Submission", "Save", "Next Page", and "Proceed to Submission".

Clicking the **Autofill from Other Submission** button from any page within the submission opens a new page, shown below, that allows the respondent to populate the fields on the current page using information from a previous submission.

**Select a Submission:** Dropdown options include all of the respondent's previous product submissions.

The screenshot shows a web browser window with the address bar displaying 'saferchoice.force.com/sub\_companyinfo'. The page header includes 'Safer Choice Community' and a user profile for 'Klara Zimmerman'. A navigation menu contains 'Home', 'Submit/Renew Product', 'Submit Private Label/Alternate Name', 'My Products and Upcoming Due Dates', and 'Resources'. The main content area is titled 'Contact Information' and features a series of navigation buttons: 'Back to Table of Contents', 'Previous Page', 'Autofill from Other Submission', 'Save', 'Next Page', and 'Proceed to Submission'. Below these buttons is an 'Instructions' section with the following text: 'A Signatory contact signs the Partnership Agreement.', 'A Technical contact best understands the product formula.', and 'A Marketing/Outreach contact is in charge of sales, marketing or outreach.' The 'Contact Information' section contains three rows of input fields. The first row is for the 'Signatory Contact', with fields for Name, Email, Phone, and Title. The second row is for the 'Technical Contact', with fields for Name, Email, Phone, and Title. The third row is for the 'Marketing/Outreach Contact', with fields for Name, Email, Phone, and Title. At the bottom of the form, the same set of navigation buttons is repeated. The footer of the page contains the copyright notice: 'Copyright © 2000-2021 salesforce.com, inc. All rights reserved. | Privacy Statement | Security Statement | Terms of Use'.

The screenshot shows a web browser window with the URL `saferchoice.force.com/sub_contacts`. The page title is "Safer Choice Community" and the user is logged in as "Klara Zimmerman". The navigation menu includes "Home", "Submit/Renew Product", "Submit Private Label/Alternate Name", "My Products and Upcoming Due Dates", and "Resources".

The main content area is titled "Product Information" and contains the following sections:

- Instructions:** Please select the submission type. There are two Initial Review submission options - one requires full product information (including packaging, performance, etc.), and the second is for the product formulation only (e.g., to screen an R&D formulation against Safer Choice criteria). Select Renewal if your product(s) are currently recognized and you are submitting to renew your partnership. Select Reformulation if your product(s) have already been submitted to a third party profiler and you are submitting an updated formulation that is not associated with a partnership renewal.
- Submission Type:** A dropdown menu labeled "Submission Type" is set to "Initial Review - Full Product".
- Instructions:** Please enter product information below. Fields in red text are required for submission. You may save your submission at any time and come back to it later.
- Product Information:** A series of input fields for product details:
  - Brand Name
  - Product Name (required)
  - Additional Product Names
  - UPCs (required)
  - GSA Nat. Stock #/Man. Part #
  - Retailer Identification Number
  - Prod. Volume (lbs/yr) (required)
  - Concentrate (dropdown menu, currently set to "Yes")
  - Dilution Ratio (1:)
  - Min As-sold pH (concentrate) (required)
  - Max As-sold pH (concentrate) (required)

**Submission Type:** Dropdown options are Renewal, Reformulation, Initial Review – Full Product, Initial Review – Formulation

**Concentrate:** Dropdown options are Yes, No. If Yes, additional fields appear:

<b>Concentrate</b>	Yes ▾
<b>Dilution Ratio (1:)</b>	<input type="text"/>
<b>Min As-sold pH (concentrate)</b>	<input type="text"/>
<b>Max As-sold pH (concentrate)</b>	<input type="text"/>
<b>Min As-used pH (min. dilution ratio)</b>	<input type="text"/>
<b>Max As-used pH (min. dilution ratio)</b>	<input type="text"/>

The screenshot shows a web browser window with the URL `saferchoice.force.com/sub_contacts`. The page displays a form for product information. The 'Concentrate' dropdown is set to 'Yes', which has triggered the appearance of several additional input fields for pH and dilution ratios. Below these fields, there are two sections for selecting sectors: 'Sector 1B' and 'Sector 2B'. Each sector section contains an 'Available' list of product categories and a 'Chosen' list. The 'Available' lists for both sectors include: Air Conditioner Coil Cleaners, Aircraft Cleaning Products, All-Purpose Cleaners, Appliance Cleaners, Athletic Field Paints, Automatic Dishwasher Detergents, Brick and Masonry Cleaners, Brush Washes, and Car Care Products. The 'Sector 1' dropdown is currently set to '--None--'.

**Sector 1 and Sector 2:** Dropdown options are Consumer, Industrial/Institutional, Both, N/A

**Sector 1B and Sector 2B:** Pick list options are Air Conditioner Coil Cleaners; Aircraft Cleaning Products;-, All-Purpose Cleaners; Appliance Cleaners; Athletic Field Paints; Automatic Dishwasher Detergents; Brick and Masonry Cleaners; Brush Washes; Car Care Products; Carpet Care Products: Carpet Cleaners; Carpet Care Products: Spot Removers; Degreasers; Deicers; Descalers; Dish Soaps; Dry Erase Board Cleaners; Fire-Fighting Products; Floor Care Products: Floor Cleaners; Floor Care Products: Floor Finishes; Floor Care Products: Floor Strippers; Graffiti Removers; Granite/Stone Cleaners; Hand Soaps; HVAC Maintenance; Industrial Coating: Conversion Coatings; Industrial Coating: Pavement Treatments; Inkjet Printing Products; Kitchen/Countertop Cleaners; Laundry Products: Boosters; Laundry Products: Dryer Sheets; Laundry Products: Fabric Softeners; Laundry Products: Laundry Detergents; Laundry Products: Pre-Treaters; Leather Cleaners; Marine/RV Cleaners; Medical Instrument Cleaners; Metal Cleaner/Polishes; Microorganism-Based Products; Odor Removers; Oven/Grill/Barbeque Cleaners; Parts Washers; Pet Care Products; Rinse Aids; Semiconductor/Microelectronics Cleaners; Soluble Films; Stainless Steel Cleaners; Tire Additives; Toilet Bowl Cleaners; Tub/Tile Cleaners; Upholstery Cleaners; Window/Glass Cleaners; Wood Cleaners; Other Industrial/Institutional Products; Other Consumer Products

**Product Form:** Pick list options are Liquid, Trigger Sprayer, Aerosol, Solid, Powder, Foaming Nozzle, Wipe, Other

**Flash Point:** Dropdown options are N/A, <140 F, >140 F, HMIS Flammability Rating 0, HMIS Flammability Rating 1, HMIS Flammability Rating 2, HMIS Flammability Rating 3, HMIS Flammability Rating 4

**Is an EPA Registered Pesticide:** Dropdown options are Yes, No

**Is direct release product:** Dropdown options are Yes, No

**Contains enzymes:** Dropdown options are Yes, No

**Contains microorganisms:** Dropdown options are Yes, No

**Contains fragrance:** Dropdown options are Yes, No

**Contains volatile organic compounds (VOCs):** Dropdown options are Yes, No

**Requires hazard labeling (e.g. OSHA, GHS):** Dropdown options are Yes, No

**Method of ingredient disclosure:** Dropdown options are Product Label, Website, Phone Number, SDS, Other

The screenshot shows a web browser window with the URL `saferchoice.force.com/sub_prodchar`. The page header includes the text "Safer Choice Community" and a user profile for "Klara Zimmerman". A navigation bar contains links for "Home", "Submit/Renew Product", "Submit Private Label/Alternate Name", "My Products and Upcoming Due Dates", and "Resources".

The main content area is titled "Packaging" and contains several navigation buttons: "Back to Table of Contents", "Previous Page", "Autofill from Other Submission", "Save", "Next Page", and "Proceed to Submission".

Below the navigation buttons is a section titled "Instructions" with the following text: "Is the packaging for this product the same as another product you manufacture? If yes, provide that product's name below. If no, please proceed to the next section." Below this text is a dropdown menu with the label "Packaging same as recognized product?".

At the bottom of the page, there is a copyright notice: "Copyright © 2000-2021 salesforce.com, inc. All rights reserved. | [Privacy Statement](#) | [Security Statement](#) | [Terms of Use](#)".

**Packaging same as recognized product:** Dropdown options are Yes, No. If no, additional instructions appear:

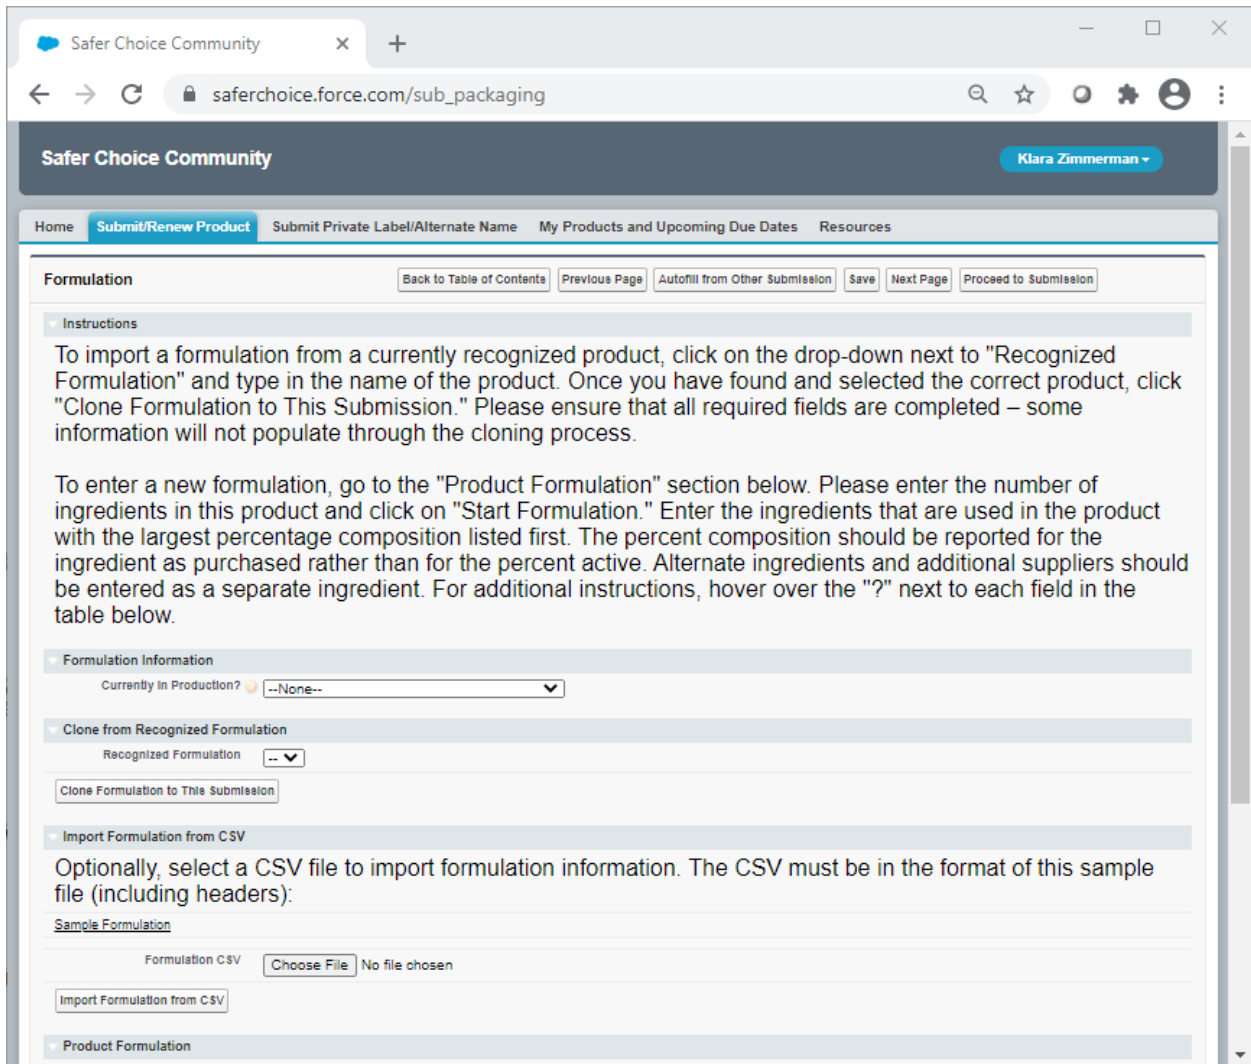

▼ Instructions

Enter information below only if packaging materials have not been described for a prior product. Please describe the size and shape of each container, what the primary packaging is made of, and the name of the packaging supplier.

Packaging Description (size, shape, etc)	<input type="text"/>
Packaging Material (e.g., HDPE)	<input type="text"/>
Packaging Supplier	<input type="text"/>

[Delete Packaging](#)

---

**Currently in Production:** Dropdown options are Yes, the formulation below is in production; No, this is a proposed formulation

**Recognized Formulation:** Dropdown options are the currently approved formulations on file with the Safer Choice program for the company

**Formulation**

Back to Table of Contents Previous Page Autofill from Other Submission Save Next Page Proceed to Submission

**Instructions**

To import a formulation from a currently recognized product, click on the drop-down next to "Recognized Formulation" and type in the name of the product. Once you have found and selected the correct product, click "Clone Formulation to This Submission." Please ensure that all required fields are completed – some information will not populate through the cloning process.

To enter a new formulation, go to the "Product Formulation" section below. Please enter the number of ingredients in this product and click on "Start Formulation." Enter the ingredients that are used in the product with the largest percentage composition listed first. The percent composition should be reported for the ingredient as purchased rather than for the percent active. Alternate ingredients and additional suppliers should be entered as a separate ingredient. For additional instructions, hover over the "?" next to each field in the table below.

## Ingredient Submissions

### CleanGredients Submission

The screenshot shows a web browser window with the URL `saferchoice.force.com/apex/CleanGredientsSubmission?sfdc.tabName...`. The page title is "Safer Choice Community" and the user is logged in as "Klara Zimmerman...". The navigation menu includes "Home", "CleanGredients Submission", "SCIL Submission", and "Resources".

**Quick Tips**

1. If your organization has required that you have a **non-disclosure agreement** in place before releasing formulation information to third party profilers, please make sure to finalize an agreement before you begin the submission process.
2. Use the latest version of a modern web browser.
3. If you need help, click on the Resources tab.
4. **If you need to move between sections, use the "Return to First Page" and "Save and Continue" buttons at the top of the page rather than your browser's navigation arrows (clicking the back arrow may sign you out of the system).**
5. Save your submission often.
6. Red text in the submission form means that field is required.
7. Be ready to upload SDSs for each chemical in the formulation and the tradename ingredient itself.
8. Once chemical information or a CleanGredients® submission is sent to a third party profiler, you will no longer be able to edit or delete it.

**Instructions**

Indicate the company and raw material product information here. Please include all contact and address information.

Buttons:

**Company and Product Information**

Class (if other)

Product Sectors

**Ingredient Class:** Dropdown options are Abrasive, Active, Antifoaming Agent, Antioxidant, Buffer, Builder, Chelant, Colorant, Corrosion Inhibitor, Deicer, Denaturant, Deodorant, Dispersant, Emollient, Enzyme, Fragrance, Hydrotrope, Impurity, Leveling Aid, Microorganism, Optical Brightener, Oxidant, pH Adjuster, Plasticizer, Polymer, Preservative, Propellant, Residual, Sequestrant, Solvent, Stabilizer, Surfactant, Thickener, Wax, Wetting, Other (please specify)

The screenshot shows a web browser window with the following content:

- Product Sectors**: A dropdown menu.
- HQ Address**: Fields for Company HQ Address, City, State/Province, Zip/Postal Code, and Country.
- Contact Information**: Fields for Technical Contact Name, Technical Contact Phone, Technical Contact Email, and Technical Contact Title.
- Instructions**: A text block providing detailed instructions on how to enter chemical/ingredient information, including the requirement to list the largest percentage composition first and to alternate ingredients and suppliers.
- Import Formulation from CSV**: A section with a link to a sample file, a file upload area (currently showing 'No file chosen'), and an 'Import Formulation from CSV' button.
- Formulation Information**: A field for 'Number of Ingredients' (currently set to 0) and a 'Start Formulation' button.

**Instructions**

Please enter the number of chemicals/ingredients and click on "Start Formulation." Then, please enter complete information for all chemicals/ingredients, including residuals, by-products, or impurities at any level. List chemicals/ingredients with the largest percentage composition (% comp.) listed first. Alternate ingredients and additional suppliers should be entered as a separate ingredient. When selecting "Other" as an Ingredient Class please indicate the class name on the open text box field below. Note that "Supplier Name" refers to the name of the direct supplier/distributor.
