**Safer Choice Program: Private Label Submissions in the Safer Choice Community  
Cloud-based Salesforce System  
(Private Label Companies, Licensees, or Toll Manufacturers)**

**OMB Control No. 2070-NEW  
Approval expires XX/XX/XX**

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2070-NEW). Responses to this collection of information are voluntary. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 16 hours per response for formulators of cleaning and non-cleaning products and eight hours per response for partners wishing to add private label partners and products, including the time for reviewing instructions, gathering information, and completing and reviewing the application. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Following are screenshots from the Private Label Submission form in the Safer Choice Community cloud-based Salesforce data system. Please refer to Section 12b, IC#1 for a full list of data items collected. Note that the specific details of the screenshots may change over time as the Safer Choice program improves and/or modifies the system. However, the general and fundamental components of the cloud-based Salesforce system will be similar to what is presented in the following screenshots.
