| 32 | Entity Information & Discount Calculations | Main Branch? (Yes/No) | Used to determine the Category Two budget for libraries. If this information has already been entered into the applicant's profile, it will be pre-populated into this submission. |

| # | Section | Field Description | Purpose/Instructions |
|----|--|---|--|
| 33 | Entity Information & Discount Calculations | School District Billed Entity Number | Used to determine the Category Two budget for libraries. If this information has already been entered into the applicant's profile, it will be pre-populated into this submission. |
| 34 | Entity Information & Discount Calculations | Library Attributes | The list of attributes for a Library includes: Public, Private, Academic, Research, Tribal, Bookmobile, Kiosk, New Construction, Main Branch and State Library Agency. If this information has already been entered into the applicant's profile, it will be pre-populated into this submission. |
| 35 | Entity Information & Discount Calculations | Institute of Museum and Library Services (IMLS) Locale Code | The IMLS assigns Locale Codes at the entity level (e.g., for each outlet/branch). Note that a library annex will have the same Locale Code as its associated outlet/branch. This is used to determine the budget for libraries located in cities and urbanized areas with a population of 250,000 or more, as identified by (IMLS) locale codes of 11, 12, and 21. There is a separate budget for urban libraries of \$5.00 per square foot. If this information has already been entered into the applicant's profile, it will be pre-populated into this submission. |
| 36 | Entity Information & Discount Calculations | Summary of Category Two Budget Information | Pre-discount Entity Category Two Budget; Post-discount Entity Category Two Budget. The system will calculate these amounts based on the information entered or pulled from the applicant's profile. |
| 37 | Entity Information & Discount Calculations | Total Number of Students Enrolled in School District | Total number of students in the school district is used to determine the district-wide discount calculation and should include all of the students in the school district as a whole, counting each student only once. This is different than the student count for Category Two. If this information has already been entered into the applicant's profile, it will be pre-populated into this submission. |
| 38 | Entity Information & Discount Calculations | Percentage of Students in School District Eligible for NSLP | This is used to determine the school district's discount rate. |
| 39 | Entity Information & Discount Calculations | Category One Discount Rate | System determines the discount rate that applies to Category One services. (Voice services will be subject to a separate discount rate). Note: Options for selecting voice services will no longer be included on the Form 471 commencing July 1, 2018. |

| # | Section | Field Description | Purpose/Instructions |
|----|--|---|--|
| 40 | Entity Information & Discount Calculations | Category Two Discount Rate | System determines the discount that applies to Category Two services. |
| 41 | Entity Information & Discount Calculations | Connectivity Questions | <p>Provides data to USAC about sufficiency of Internet access, wide area network bandwidth, and internal connections (e.g., Wi-Fi). These questions ask about the current state of connectivity for schools and libraries, including services and equipment not funded by the E-rate program. Answers to these questions do not affect funding commitments. If this information has already been entered into the applicant's profile, it will be pre-populated into this submission.</p> <p>Note: Connectivity Questions will no longer be required in EPC beginning in FY 2019.</p> |
| 42 | Entity Information & Discount Calculations | Consortium Discount Calculation | The system will calculate and display the discount rate, based on an average of student count data for all of the member entities participating on the FCC Form 471. |
| 43 | Contract Details | Contract Number | This is the number of the contract if services are being received under contract. |
| 44 | Contract Details | Contract Nickname | Applicants provide an easily identifiable name for the contract. |
| 45 | Contract Details | Has the applicant piggybacked off another contract or can other applicants use this contract to provide a competitive bid response (i.e., can they piggy back on this contract?) (Yes/No) | Piggybacking allows a contract negotiated by an entity to be used by other entities using the same terms of the contract. The contract issuer has to include piggybacking terms in the contract, and the vendor or contractor involved must agree. These contracts are traditionally for materials and equipment and are permitted only in certain jurisdictions. |
| 46 | Contract Details | State Master Contract? | If buying off of a master contract signed by a state, regional or local procurement agency on behalf of eligible schools and libraries, you may use either the master contract number or the number of your own purchase agreement executed pursuant to that master contract. |

| # | Section | Field Description | Purpose/Instructions |
|----|------------------|--|--|
| 47 | Contract Details | Billing Account Number With Service Provider | The account number that the service provider has established for billing purposes. |
| 48 | Contract Details | Allowable Vendor Selection/Contract Date | The system will determine and display the Allowable Vendor Selection/Contract Date based on the date of the posting of the establishing FCC Form 470. |
| 49 | Contract Details | Contract Award Date | The date that the contract for this service was executed. |
| 50 | Contract Details | Service Start Date | Provide the date when services will start in the funding year for which you are applying. |
| 51 | Contract Details | Service End Date | Provide the date when services will end. |
| 52 | Contract Details | Contract Expiration Date for Current Term | The date the current contract term expires. |
| 53 | Contract Details | Contract Expiration Date if all Extensions are exercised | If the contract for this FRN includes a clause that permits the parties to extend or renew the agreement at the end of the current contract period, indicate the expiration date of the contract if all extensions and renewals if all extensions were exercised. |
| 54 | Funding Request | Applicant FRN Nickname | Applicants can provide a unique name for each funding request number (FRN) for their own recordkeeping purposes. |
| 55 | Funding Request | Funding Request Number (FRN) | USAC's online system assigns a unique number or FRN to each funding request. |
| 56 | Funding Request | Continuation of an FRN from a previous funding year, based on a multi-year contract? (Enter FRN) | Will be used to allow the system to copy FRN data from previous funding year. This will allow applicant to bypass the need to reenter data for this FRN and make only the changes that have occurred since the previous year. |
| 57 | Funding Request | Service Type | Choices include: Category One - Data Transmission and/or Internet Access; Voice Services Category Two - Internal Connections; Basic Maintenance of Internal Connections; Managed Internal Broadband Services. Note: Options for selecting voice services will no longer be included on the Form 471 commencing July 1, 2018. |

| # | Section | Field Description | Purpose/Instructions |
|----|---------------------------|--|--|
| 58 | Funding Request | Data Transmission and/or Internet Access | If Data Transmission and/or Internet Access is selected, the applicant will be asked if the FRN includes a request for dark fiber, a self-provisioned network, special construction costs for a network such as special construction for fiber or wireless, equipment for an existing network such as modulating electronics and other equipment necessary to make a broadband service functional, or maintenance and operation costs for an existing network. This will lead the applicant on an alternate path through the form which will include questions about the following, if applicable: installment payment plans for special construction; state matching funds for special construction; attributes about fiber and non-fiber network facilities; and Network Equipment. Applicants will be offered online support to help them answer these questions correctly. |
| 59 | Funding Request | Establishing FCC Form 470 or Competitive Bidding Exemption | Applicant identifies the establishing FCC Form 470 or specifies the competitive bidding exemption: Business class high speed, low cost Internet Access; Preferred Master Contract. |
| 60 | Funding Request | Number of vendors who provided a responsive bid | Provide the number of vendors who provided a responsive bid for the services or products for which support is being requested in this funding request. Note that the criteria for responsiveness must be established in the original solicitation. This field is not required when support is requested for a product or service that is exempt from the requirement to post an FCC Form 470. |
| 61 | Funding Request | SPIN | The 9-digit SPIN for the service provider that will provide service(s) on this funding request. |
| 62 | Funding Request | Service Provider Name | The online system will populate the full legal name associated with the Service Provider Identification Number entered. |
