41	Entity Information & Discount Calculations	Connectivity Questions	<p>Provides data to USAC about sufficiency of Internet access, wide area network bandwidth, and internal connections (e.g., Wi-Fi). These questions ask about the current state of connectivity for schools and libraries, including services and equipment not funded by the E-rate program. Answers to these questions do not affect funding commitments. If this information has already been entered into the applicant's profile, it will be pre-populated into this submission.</p> <p>Note: Connectivity Questions will no longer be required in EPC beginning in FY 2019.</p>
42	Entity Information & Discount Calculations	Consortium Discount Calculation	The system will calculate and display the discount rate, based on an average of student count data for all of the member entities participating on the FCC Form 471.
43	Contract Details	Contract Number	This is the number of the contract if services are being received under contract.
44	Contract Details	Contract Nickname	Applicants provide an easily identifiable name for the contract.
45	Contract Details	Has the applicant piggybacked off another contract or can other applicants use this contract to provide a competitive bid response (i.e., can they piggy back on this contract?) (Yes/No)	Piggybacking allows a contract negotiated by an entity to be used by other entities using the same terms of the contract. The contract issuer has to include piggybacking terms in the contract, and the vendor or contractor involved must agree. These contracts are traditionally for materials and equipment and are permitted only in certain jurisdictions.
46	Contract Details	State Master Contract?	If buying off of a master contract signed by a state, regional or local procurement agency on behalf of eligible schools and libraries, you may use either the master contract number or the number of your own purchase agreement executed pursuant to that master contract.

#	Section	Field Description	Purpose/Instructions
47	Contract Details	Billing Account Number With Service Provider	The account number that the service provider has established for billing purposes.
48	Contract Details	Allowable Vendor Selection/Contract Date	The system will determine and display the Allowable Vendor Selection/Contract Date based on the date of the posting of the establishing FCC Form 470.
49	Contract Details	Contract Award Date	The date that the contract for this service was executed.
50	Contract Details	Service Start Date	Provide the date when services will start in the funding year for which you are applying.
51	Contract Details	Service End Date	Provide the date when services will end.
52	Contract Details	Contract Expiration Date for Current Term	The date the current contract term expires.
53	Contract Details	Contract Expiration Date if all Extensions are exercised	If the contract for this FRN includes a clause that permits the parties to extend or renew the agreement at the end of the current contract period, indicate the expiration date of the contract if all extensions and renewals if all extensions were exercised.
54	Funding Request	Applicant FRN Nickname	Applicants can provide a unique name for each funding request number (FRN) for their own recordkeeping purposes.
55	Funding Request	Funding Request Number (FRN)	USAC's online system assigns a unique number or FRN to each funding request.
56	Funding Request	Continuation of an FRN from a previous funding year, based on a multi-year contract? (Enter FRN)	Will be used to allow the system to copy FRN data from previous funding year. This will allow applicant to bypass the need to reenter data for this FRN and make only the changes that have occurred since the previous year.
57	Funding Request	Service Type	Choices include: Category One - Data Transmission and/or Internet Access; Voice Services Category Two - Internal Connections; Basic Maintenance of Internal Connections; Managed Internal Broadband Services. Note: Options for selecting voice services will no longer be included on the Form 471 commencing July 1, 2018.

#	Section	Field Description	Purpose/Instructions
58	Funding Request	Data Transmission and/or Internet Access	If Data Transmission and/or Internet Access is selected, the applicant will be asked if the FRN includes a request for dark fiber, a self-provisioned network, special construction costs for a network such as special construction for fiber or wireless, equipment for an existing network such as modulating electronics and other equipment necessary to make a broadband service functional, or maintenance and operation costs for an existing network. This will lead the applicant on an alternate path through the form which will include questions about the following, if applicable: installment payment plans for special construction; state matching funds for special construction; attributes about fiber and non-fiber network facilities; and Network Equipment. Applicants will be offered online support to help them answer these questions correctly.

143	Certifications – Competitive Bidding Certification	I certify an FCC Form 470 was posted and that any related RFP was made available for at least 28 days before considering all bids received and selecting a service provider. I certify that all bids submitted were carefully considered and the most cost-effective service offering was selected, with price being the primary factor considered, and is the most cost-effective means of meeting educational needs and technology goals.	Certification will show if there are FRNs that are not covered by competitive bidding exemptions as indicated earlier in the application. Exemptions include: Business class high speed, low cost Internet Access; Preferred Master Contract
144	Certifications – Business Class Internet	I certify that I selected an eligible commercially available business-class Internet access service exempt from the requirement to post an FCC Form 470.	Certification will only show if the applicant indicates that it selected an eligible commercially available business-class Internet access service on this form.

145	Certifications - Preferred Master Contract	I certify that I ordered eligible Category Two equipment from a preferred master contract exempt from the requirement to post an FCC Form 470.	Certification will only show if the applicant indicates that it selected eligible Category Two equipment from an eligible preferred master contract on this form. Note: To date, the Commission has not designated any preferred master contracts.
146	Certifications - Procurement Rules	I certify that the entity responsible for selecting the service provider(s) has reviewed all applicable FCC, state, and local procurement/competitive bidding requirements and that the entity or entities listed on this application have complied with them.	
147	Certifications - Educational Purposes	I certify that the services the applicant purchases at discounts provided by 47 U.S.C. § 254 will be used primarily for educational purposes, see 47 C.F.R. § 54.500 and will not be sold, resold or transferred in consideration for money or any other thing of value, except as permitted by the Commission's rules at 47 C.F.R. § 54.513. Additionally, I certify that the entity or entities listed on this application have not received anything of value or a promise of anything of value, as prohibited by the Commission's rules at 47 C.F.R. § 54.503(d), other than services and equipment sought by means of this form, from the

		service provider, or any representative or agent thereof or any consultant in connection with this request for services.	
148	Certifications - Compliance with Program Rules	I certify that I and the entity(ies) I represent have complied with all program rules and I acknowledge that failure to do so may result in denial of discount funding and/or cancellation of funding commitments. There are signed contracts or other legally binding agreements covering all of the services listed on this FCC Form 471 except for those services provided under non-contracted tariffed or month-to-month arrangements. I acknowledge that failure to comply with program rules could result in civil or criminal prosecution by the appropriate law enforcement authorities.	
149	Certifications - Shared Services	I acknowledge that the discount level used for shared services is conditional, for future years, upon ensuring that the most disadvantaged schools and libraries that are treated as sharing in the service, receive an appropriate share of benefits from those services.	
150	Certifications	I certify that I will retain required

		from their participation in the schools and libraries support mechanism.	
153	Certifications - Cost Allocation	I certify that if any of the Funding Requests on this FCC Form 471 are for discounts for products or services that contain both eligible and ineligible components, that I have allocated the eligible and ineligible components as required by the Commission's rules at 47 C.F.R. § 54.504.	
154	Certifications	I certify that the non-discount portion of the costs for eligible services will not be paid by the service provider. The pre-discount costs of eligible services featured on this FCC Form 471 are net of any rebates or discounts offered by the service provider. I acknowledge that, for the purpose of this rule, the provision, by the provider of a supported service, of free services or products unrelated to the supported service or product will be considered a rebate of some or all of the cost of the supported services.
