REQUEST FOR A MEDICAL EXCEPTION TO THE COVID-19 VACCINATION REQUIREMENT

Government-wide policy requires all Federal employees, as defined in 5 U.S.C. § 2105, to be vaccinated against COVID-19, with exceptions only as required by law. Employees may seek a legal exception to the vaccination requirement due to a disability, using the form below. The agency may also ask for other information, as needed. Requests for “medical accommodation” or “medical exceptions” will be treated as requests for a disability accommodation and evaluated and decided under applicable Rehabilitation Act standards for reasonable accommodation absent undue hardship to the agency. An employee may also request a delay for complying with the vaccination requirement based on certain medical considerations that may not justify an exception under the Rehabilitation Act. Safer Federal Workforce Task Force guidance on medical considerations that may warrant a delay is available [here](#). The agency will be required to keep confidential any medical information provided, subject to the applicable Rehabilitation Act standards. Employees who receive an exception or a delay from the vaccination requirement would instead comply with alternative health and safety protocols.

Signing this form constitutes a declaration that the information you provide is true and correct to the best of your knowledge and ability. Any intentional misrepresentation to the Federal Government may result in legal consequences, including termination or removal from Federal Service.
