

management for medium funds, and \$0.0000009 per dollar of assets under management for large funds, the staff estimates compliance with the record storage requirements of rule 2a-7 costs the fund industry approximately \$33.0 million per year.³

Based on responses from individuals in the money market fund industry, the staff estimates that some of the largest fund complexes have created computer programs for maintaining and preserving compliance records for rule 2a-7. Based on a cost of \$0.0000132 per dollar of assets under management for large funds, the staff estimates that total annualized capital/startup costs range from \$0 for small funds to \$71.6 million for all large funds.⁴ Commission staff further estimates that, even absent the requirements of rule 2a-7, money market funds would spend at least half of the amount for capital costs (\$35.8 million)⁵ and for record preservation (\$16.5 million)⁶ to establish and maintain these records and the systems for preserving them as a part of sound business practices to ensure diversification and minimal credit risk in a portfolio for a fund that seeks to maintain a stable price per share.

These estimates of burden hours and costs are made solely for the purposes of the Paperwork Reduction Act. The estimates are not derived from a comprehensive or even a representative survey or study of Commission rules.

The collection of information under Rule 2a-7 is mandatory. The information provided by the rule is not kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of

information unless it displays a currently valid control number.

Form T-6

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget this request for extension of the previously approved collection of information discussed below.

Form T-6 (17 CFR 269.9) is an application for eligibility and qualification for a foreign person or corporation under the Trust Indenture Act of 1939 (15 U.S.C. 77aaa *et seq.*). Form T-6 provides the basis for determining whether a foreign person or corporation is eligible to serve as a trustee for qualified indenture. Form T-6 is filed on occasion. The information collected must be filed with the Commission and is publicly available. Form T-6 takes approximately 17 burden hours per response and is filed by approximately one respondent

annually. We estimate that 25% of the 17 hours (4.25 hours) is prepared by the filer for an annual reporting burden of 4 hours (4.25 hours per response × 1 response).

An agency may conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Interactive Data

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget this request for extension of the previously approved collection of information discussed below.

The “Interactive Data” collection of information requires issuers filing registration statements under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) and reports under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) to submit specified financial

³ The staff estimated the annual cost of preserving the required books and records by identifying the annual costs incurred by several funds and then relating this total cost to the average net assets of these funds during the year. With a total of \$328.5 million under management in small funds, \$52.4 billion under management in medium funds and \$5.4 trillion under management in large funds, the costs of preservation were estimated as follows: $(0.0051295 \times \$328.5 \text{ million}) + (0.0005041 \times \$52.4 \text{ billion}) + (0.0000009 \times \$5.4 \text{ trillion}) = \33.0 million . For purposes of this PRA submission, Commission staff used the following categories for fund sizes: (i) small—money market funds with \$50 million or less in assets under management; (ii) medium—money market funds with more than \$50 million up to and including \$1 billion in assets under management; and (iii) large—money market funds with more than \$1 billion in assets under management.

⁴ This estimate is based on the following calculation: $\$0.0000132 \times \$5.4 \text{ trillion in assets under management for large funds} = \71.6 million .

⁵ This estimate is based on the following calculation: $\$71.6 \text{ million in capital costs}/2 = \35.8 million .

⁶ This estimate is based on the following calculation: $\$33.0 \text{ million in record preservation costs}/2 = \16.5 million .

information to the Commission and post it on their corporate websites, if any, in interactive data format using eXtensible Business Reporting Language (XBRL). This collection of information is located primarily in registration statement and report exhibit provisions, which require interactive data, and Rule 405 of Regulation S-T (17 CFR 232.405), which specifies how to submit and post interactive data. The exhibit provisions are in Item 601(b)(101) of Regulation S-K (17 CFR 229.601(b)(101)), Form F-10 under the Securities Act (17 CFR 239.40) and Forms 20-F, 40-F and 6-K under the Exchange Act (17 CFR 249.220f, 17 CFR 249.240f and 17 CFR 249.306).

In interactive data format, financial statement information could be downloaded directly into spreadsheets and analyzed in a variety of ways using commercial off-the-shelf software. The specified financial information already is and will continue to be required to be submitted to the Commission in traditional format under existing requirements. The purpose of the interactive data requirement is to make financial information easier for investors to analyze and assist issuers in automating regulatory filings and business information processing. We estimate that 8,315 respondents per year will each submit an average of 4.5 responses per year for an estimated total of responses. We further estimate an internal burden of 54.56446 hours per response for a total annual internal burden of 2,041,693 hours (54.56446 hours per response × 37,418 responses).

An agency may conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Business Conduct Standards for Security-Based Swap Dealers and Major Security-Based Swap Participants

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information provided for in Business Conduct Standards for Security-Based Swap Dealers and Major Security-Based Swap Participants¹ (17 CFR 240.3a67–10, 240.3a71–3, 240.3a71–6, 240.15Fh–1 through 15Fh–6 and 240.15Fk–1), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (“Exchange Act”). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

In 2010, Congress passed the Dodd-Frank Act, establishing a comprehensive framework for regulating the over-the-counter swaps markets.² As required by Title VII of the Dodd-Frank Act, new section 15F(h) of the Exchange Act established business conduct standards for security-based swap (“SBS”) Dealers and Major SBS Participants
