Your answers to the questions below are needed to prepare reliable State and National cattle on feed statistics to be published in the March 20, 2020 lowa Cattle on Feed Report. The data are collected and published as a service to the cattle industry and may assist in planning and adjusting your cattle feeding operations. Your report is needed even though you may not currently have cattle on feed. Please mail your report in the enclosed envelope. The information you provide will be used for statistical purposes only. Your responses will be kept confidential and any person who willfully discloses ANY identifiable information about you or your operation is subject to a jail term, a fine, or both. This survey is conducted in accordance with the Confidential Information Protection provisions of Title V, Subtitle A, Public Law 107-347 and other applicable Federal laws. For more information on how we protect your information please visit: https://www.nass.usda.gov/confidentiality. Response is voluntary.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB number is 0535-0213. The time required to complete this information collection is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Please make corrections to names, address and ZIP Code, if necessary.

We need to know about all cattle and calves on feed for the slaughter market, regardless of ownership, on the total acres operated.

- Include cattle being fed by you for others.
- **Exclude** any of your cattle being custom fed in feedlots operated by others.

- Exclude cattle being "backgrounded only" for sale as feeders, for later placement on feed in another feedlot, or to be returned to pasture.
- **Exclude** "cows and bulls" from feed
