MISSISSIPPI CROPPING PRACTICES RICE - 2020

(DRAFT)

OMB No. 0535-0218 Approval Expires: ??/??/20?? Project Code: 722 QID: 153675 SMetaKey: 3675 Version M311C

USDA/NASS - Mississippi 10800 Financial Centre Parkway, #110 Little Rock, AR 72211 Phono: 1 800 227 2070

Phone: 1-800-327-2970 Fax: 1-855-270-2705 Email: NASSRFODLR@nass.usda.gov

Please make corrections to name, address and ZIP Code, if necessary

The information you provide will be used for statistical purposes only. Your responses will be kept confidential and any person who willfully discloses ANY identifiable information about you or your operation is subject to a jail term, a fine, or both. This survey is conducted in accordance with the Confidential Information Protection provisions of Title V, Subtitle A, Public Law 107–347, and other applicable Federal laws. For more information on how we protect your information please visit: https://www.nass.usda.gov/confidentiality. Response to this survey is voluntary.

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB number is 0535-0218. The time required to complete this information collection is estimated to average 90 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

	lease verify name and mailing address of this operation. Iake corrections (including the correct operation name) on the label and c	ontinue.	
2. P	lease answer the following question(s) for the total acres you (name on la	bel) operate.	
a.	Have there been or will there be any crops grown at any time during2020?	Yes (Go to Item 5)	No (Continue)
b.	Have there been or will there be any grains, oilseeds, or hay stored at any time during 2020?	Yes (Go to Item 5)	No (Continue)
c.	Do you have facilities for storing whole grains or oilseeds?	Yes (Go to Item 5)	No (Continue)
d.	Is any of the land in this operation cropland?	Yes (Go to Item 5)	No (Continue)
	(Including idle cropland and cropland in government programs such as	CRP, etc.)	
e.	Have there been or will there be any livestock, catfish or poultry, regardless of ownership, at any time during 2020 ?	Yes (Go to Item 5)	No (Continue)

Complete this section only if all questions in Item 2 are answered "No".

3. Has this operation (named on label) been sold, rented, or turned over to someone else?

Yes - [Continue] **No** – complete bottom of page 2 then conclude the interview.

4. What is the name and address of the new operation that has taken over the land?

FIELD SELECTION

I will follow a simple procedure to make a random selection from the rice for grain fields planted for the 2020 crop.

1. What is the TOTAL number of rice for grain fields planted on this operation in 2020?.....

Number of fields

- 2. Please identify your non-abandoned fields with a name or number and list them below. Then a field will be selected.
 - > (If there are more than 18 fields, list only the 18 fields closest to the respondent's permanent residence.)
 - > (If respondent is unable to identify or describe the fields, use a Field Selection Grid.)

	Field Name, Number or Description	Fie	ld Name, Number or Description
1		10	
2		11	
3		12	
4		13	
5		14	
6		15	
7		16	
8		17	
9		18	

APPLY RANDOM NUMBER LABEL HERE

- 4. In which Land Resource Area (LRA, from the table below) is this field located? Use the provided "Major Land Resource Areas" map. Check the appropriate box below and enter the code for that Land Resource Area in the box.....
 - a. Using the field selection table to the left, determine which Region the selected field is located in, and write that number in the box to the right.

Land Resource Area (LRA)	Region
1 = Upper Delta	1
2 = Lower Delta	2
🗌 3 = Brown Loam	3
4 = Coastal Plain	3
5 = Black Belt	4

b. ENUMERATOR INSTRUCTIONS:

- Compare the region in which the field is located to the sampled region (on the label).
- If these do not match, go back to your list of fields.
- Go through all fields listed until you find one that matches the sampled region.
- If you still don't find a matching field, ask the operator if he has ANY fields that might fall in the sampled region.
- Use the first field you find that is in the correct region. If that region is one of the original 18, enter its number for the selected field.
- Otherwise, enter '19' for the selected field. Be sure to correct the entries in the field number, IRA, and Region boxes above.
- If the farmer does not have any such fields, either listed or not, you may proceed with the originally selected field.

			Acres	
5.	The selected field name is	[Record field acreage here]	623	

For the rest of the interview, my questions will be about this SELECTED field.

7

- LRA Code
- 151

Region

ENUMERATOR NOTES:

Use this page for calculations, verification notes, and for any other notes or remarks that could NOT be used to identify the operation or operators. **DO NOT** write the operation name, the name of the operator, and partners' names, social security numbers, EIN's, addresses, phone numbers, or any other personal information on this page.

b. What expense per acre was incurred	I for land forming this field?		509

SECTION E OPERATOR CHARACTERISTICS

SECTION F MSUES CROP PRODUCTION SURVEY CHECK SHEET
Is 2019 crop harvested on this field listed on page 9?
Lime: If lime application is not listed in Cropping Practices Section, please verify that no lime was applied.
Is row spacing and number of rows entered with the planting operation in the Cropping Practices Section?
Is the seed type and amount planted in the selected field entered with the planting operation in the Cropping Practices Section? Be sure that the seed listed in Section C matches one of the categories indicated in question B2.
Fertilizer: If there is no fertilizer application listed in the Cropping Practices Section, please verify that no fertilizer was applied.
Herbicide: If there is no herbicide application listed in the Cropping Practices Section, please verify that no herbicides were applied.
Insecticide: If there is no insecticide application listed in the Cropping Practices Section, please verify that no insecticides were applied.
If field was irrigated, please check that all irrigation activities are listed in Section C.
Harvest:
Did producer specify a harvest date?
Did producer combine/pick or custom harvest ?
Did custom harvest include hauling cost?
Did producer list additional harvest equipment? (For example: boll buggy, module builder, grain cart, etc.)
Post Harvest Operations 2020:
Please verify post harvest operations related to residue management of the crop that was just harvested.
Service fees: Please verify additional service fees such as insect scouting, crop consultant, etc.

ENUMERATOR NOTES:

Use this page for calculations, verification notes, and for any other notes or remarks that could NOT be used to identify the operation or operators. **DO NOT** write the operation name, the name of the operator, and partners' names, social security numbers, EIN's, addresses, phone numbers, or any other personal information on this page.

MSUES YIELD SUPPLEMENT 2020

Name and Address Label

Please verify that you received an average yield in bushels of rice for grain in **Section B**, **question 4**. If the operator is not able to estimate yield at this time, you will need to re-contact the operator at a later date for the yield information. First, get the operator's best estimate of what date would be best to call or return for the yield information, and put that date in the box directly below.

Call/come back on [enter date] _	I	I	for yield.

Then, copy acres from **Section A**, question 3, in the space below for acres. Do not complete Respondent, Enumerator, or Date (at the bottom) at this time. Cut this page out of the questionnaire and send the rest of it to your supervisor for review. Keep this page until you obtain yield(s), then fill it out and return it to the state office. Remember when collecting yield data that the yield refers to **ALL** harvested rice for grain acreage, not just the selected field.

Check	Bu/acre
The 2020 average yield on your acres of rice	531
The 2020 average yield on the sampled field only.	533
Respondent	
Enumerator	
Date	

NOTES:

(Use this page for any notes pertaining to re-contacting the operator for yield information.)
