

Dear Sir/Madam,

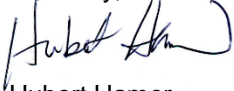

OMB No. 0535-0218 Exp. Date 05/31/2023

You should have recently received your 2020 Agricultural Resource Management Survey. **Thank you if you have already responded. If not, there's still time.** You are encouraged to respond online at [agcounts.usda.gov](https://agcounts.usda.gov), or by phone or mail. To protect the health and safety of producers, partners, and employees, NASS has suspended in-person data collection until further notice.

This survey gauges the financial well-being of our farms and the impacts of numerous programs, including crop insurance, dairy margin protection, and local payments, which are especially important today. **Your response is very important**, especially given this challenging time. When agricultural stakeholders, local and federal decision-makers, and other data users want to know how this pandemic affected producers and the agricultural industry, they will continue to look to our data for their analyses. **Accurate information is essential to make informed decisions.**

Your response is protected by federal law (Title 5 Subtitle A, Public Law 107-347), which keeps your individual identity and answers confidential. For more information about this survey, visit [nass.usda.gov/go/arms](https://nass.usda.gov/go/arms). If you have questions or difficulty completing your survey, please call toll-free 1-888-424-7828.

Sincerely,

Hubert Hamer

Administrator, National Agricultural Statistics Service
