Form FNS-834 Instructions (11-11)

Click this link to open the PDF file containing the FNS-834 (11-11) form and instructions in a new window: [FNS-834.pdf](#)

Data Element	Instructions and additional information
# 1	SNAP CHILDREN DIRECTLY CERTIFIED FOR FREE SCHOOL MEALS: This is the number of children directly certified with SNAP for free school meals as of the last operating day in October. THIS DATA ELEMENT #1 DOES NOT COME IN ON THIS FORM; it comes in instead on the FNS-742, line 3-2B. It is due to the NSLP State agency no later than February 1st and to FNS no later than March 15th each school year.
# 2	SCHOOL-AGED CHILDREN IN SNAP HOUSEHOLDS: For our direct certification rate formula, we define "school-aged" as 5 to 17 years old. A query on the database must yield any child in a household receiving assistance under SNAP during the months of July, August, or September and whose birthdate is between July 1st (of the SY-minus-18) and September 30th (of the SY-minus-5). For example, for SY 2012-2013, that would be children born between July 1, 1994 (2012 minus 18) and September 30, 2007 (2012 minus 5); and for SY 2013-14, that would be children born between July 1, 1995 (2013 minus 18) and September 30, 2008 (2013 minus 5). So long as the child's birthday falls within the birthdate age-range listed for the given school year, include the child in the count. Be careful, however, that you do not count the same child more than once. We are looking for the unduplicated count, so even if the child is in a SNAP household for each of the three months, s/he is counted only once. We need only the counts, not the list of names of such children. THIS DATA ELEMENT #2 IS REPORTED ON THE FRONT OF THIS FORM BY THE SNAP STATE AGENCY in the space provided. It is due to FNS as soon as possible, but no later than December 1st of each school year. In addition to submitting a completed report to FNS, you, as the SNAP State agency, must also send a copy of this completed report to the State agency that administers the NSLP in your State so that they will know the data element you are reporting to FNS. Reporting this data element as soon as it is available will allow these NSLP State agencies to better monitor their own performance.
# 3	SNAP CHILDREN IN SPECIAL PROVISION SCHOOLS OPERATING IN A NON-BASE YEAR - To get this count, NSLP State agencies must ensure that a match is run between SNAP records and school enrollment records from schools operating under the provisions of 7 CFR 245.9 (special provision schools) in a year other than the base year. Although you will not actually directly certify children attending these schools in a non-base year, this process will provide a measure for the count of the number of children who could have been directly certified with SNAP had it been a base year when direct certification with SNAP is conducted. Such special provision school matching efforts should occur in or close to October, but must occur no later than the last operating day in October. (Please refer to the preamble of the final rule cited on the front of this form and to other FNS Guidance regarding special phase-in allowances and CEO school options.) THIS DATA ELEMENT #3 IS REPORTED ON THE FRONT OF THIS FORM BY THE NSLP STATE AGENCY in the space provided. It is due by December 1st of each school year. (Note: In a base year, actual SNAP direct certifications will be reported on the FNS-742, line 3-2B and included in Data Element #1 instead of in Data Element #3. If your State does not have any special provision schools operating in a non-base year for this school year, enter "0" in the box on the front of this form.)

Special Circumstances (Optional)	If your State has special circumstances that you want us to consider to more closely approximate either of the two data elements collected on this form, please alert us by putting an "X" in the Special Circumstances box on the front of this form. FNS would then contact any State agency that marks this box, asking the State agency to forward a description of the circumstance they want FNS to consider, the count of the number of children affected by the circumstance, the methodology for estimating the count, and the source(s) of published State or Federal data used to support that methodology.

Please note that although this is an interagency form, it is not a shared form. FNS expects separate forms to come in from each State agency. The SNAP State agency is to fill out the front of this form, completing Data Element #2 and leaving Data Element #3 blank. The State agency that administers the NSLP in the State is to complete the front of a separate form, completing Data Element #3 and leaving Data Element #2 blank. (If more than one State agency administers the NSLP in the State, they each are to submit separate forms.) Either State agency may mark the Special Circumstances (Optional) box.
