The Food and Nutrition Service (FNS) is collecting this information to understand the nutritional quality of CACFP meals and snacks, the cost to produce them, and dietary intakes and activity levels of CACFP participants. This is a voluntary collection and FNS will use the information to examine CACFP operations. The collection does not request personally identifiable information under the Privacy Act of 1974. Responses will be kept private to the extent provided by law and FNS regulations. According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. About the Study. The second Study of Nutrition and Activity in Child Care Settings (SNACS-II) will look at the nutrition and wellness policies and activities in child care centers, family child care homes, and before and after school programs across the country. This important study will help providers, sponsors, and USDA understand how the Child and Adult Care Food Program (CACFP) operates so that it can better help children learn and grow. SNACS-II will provide an updated picture of the CACFP and examine how key outcomes have changed since updated meal pattern requirements went into effect to encourage healthier eating. Mathematica and its partner, Westat, are conducting SNACS-II for USDA.

About this Survey. The purpose of the Infant Menu Survey is to collect information about all of the foods served to infants less than 12 months in your child care program during the assigned target week.

Protecting Privacy. Information gathered for SNACS-II is for research purposes only and will be kept private to the full extent allowed by law. Responses will be grouped together. No programs, staff, parents, or children will be identified by name. Being part of the study will not affect CACFP benefits for programs or families.

Questions. If you have questions about the study, please call us toll-free at [study phone], email us at [study email], or visit [study URL].

Thank you for participating in SNACS-II.

Infant Menu Survey Overview

This survey should be completed by the person most familiar with infant food preparation at your child care center or home. In some child care settings, there is one person who prepares foods for infants and a different person who provides care for the infants. We would like the infant food preparer to complete the Infant Menu Survey forms by providing information about **what** infant food is prepared and **how** it is prepared.

NOTE: The Infant Menu Survey is very similar to the Menu Survey that you are completing for children 1 year and older.

This booklet is divided into the following sections:

- Tab 1:** **Infant Menu Survey Instructions** – Please read all the instructions before you begin completing the forms. These instructions focus on aspects of the Infant Menu Survey that are slightly different from the other Menu Survey that you are completing.

- Tab 2:** **Infant Menu Forms** – Each day of the target week is marked with a colored divider page for Monday, Tuesday, Wednesday, Thursday, and Friday. The section for each day includes a set of four Infant Menu Forms that you will use for recording information for feeding periods throughout the day. Monday’s section also includes sample completed forms that may be useful to review before completing your own forms.

- Tab 3:** **Food You Prepared Forms** –You will use these forms to tell us more about foods you prepare by **combining two or more ingredients**.

In **Tab 4** of the Menu Survey that you are completing for children 1 year and older, you will find the “**Food Description Guide**”. Please review this guidance for what details to include about each food you list on the Infant Menu Forms each day.

Infant Menu Survey Instructions

Please complete the Infant Menu Survey during your specified target week, which is shown on the front of this booklet.

You will complete the **Infant Menu Forms each day of your target week** to describe all foods and drinks that you serve to **infants under 12 months old (or under 1 year)**.

Instructions for completing the Infant Menu Survey are given below. Looking at the **examples** of completed forms as you read through the instructions will make it easier to understand what you need to do when filling out the forms.

Please read all of the instructions and review the examples before you begin. Note that the Infant Menu Survey is very similar to the Menu Survey that you are completing for children 1 year and older. These instructions focus on aspects of the Infant Menu Survey that are slightly different from the other Menu Survey that you are completing.

Someone from Mathematica will be calling you soon to make sure you received the survey and to answer any questions you may have before your target week begins.

Printed Menu: If available, we also ask that you provide a copy of your weekly or monthly menu that you may provide to parents if you have one for infants. Please include this when you return your completed Infant Menu Survey.

When you have completed your Infant Menu Survey, please double-check your work to make sure you have provided all necessary information. Then, place your completed Menu Survey forms and completed Infant Menu Survey forms (and a copy of your printed menu) in the pre-addressed envelope to return the forms to Mathematica.

If you have any questions, please call our toll-free number at [insert TA study phone number] or email [insert TA email address]. We will be happy to answer your questions and to help you in any way we can.

Thank you very much for your help with this important study!

How To Fill Out The Infant Menu Forms

(Tab 2 of this booklet)

1. Each day of your target week, you will fill out the pages in the section of the booklet marked with the name of that day: **Monday, Tuesday, Wednesday, Thursday, and Friday (colored divider page will indicate a new day)**.

Each daily section within the colored dividers includes four Infant Menu Forms, one per time frame:

- Before 10 am
- 10 am – 1 pm
- 1 pm – 4 pm
- After 4 pm

2. The top of each form will look like the example below, with the time frame listed at the top. This example is for foods served before 10 am.

Please use this form to record all food served <i>before 10 am</i> to children under 1 year old.	

3. On each form, please provide the **Date** and check the box for the corresponding **Day of the Week**.
4. There is also an option to check off a box if you did not serve any foods or drinks during that time frame. In the example above, if you did not serve anything before 10 am that day, you would select this box and leave the rest of the form blank.

<input checked="" type="checkbox"/> Check this box if you did not serve any items in the morning before 10 am.

Checking this box will show us that you did not overlook filling in the Menu Form for that time frame.

Filling Out The Rest Of The Infant Menu Form:

On each Infant Menu Form, please record all foods and drinks that you provided to infants under 12 months old in your care. Follow the instructions at the top of each column:

1. List Each Food and Drink Served During This Time.

- In this column, list each food or drink you served during the timeframe.

List Each Food and Drink Served During This Time	Please Describe Each Food or Drink For detailed information on what to include in this column, please refer to the Food Description Guide	Food Preparation	Age Group(s) Served Select the age group(s) of infants that are served the food or drink			
		Foods You Prepared*	0-3 months	4-5 months	6-7 months	8-11 months

- List each food or drink under the category it belongs to:
 - Breastmilk and Formula
 - Infant Cereal (include what it is mixed with)
 - Fruits and Vegetables
 - Grains and Bread
 - Meat/Meat Alternate and Mixed Component Foods
 - Other food and beverage items (include milk and water here)
- If you are unsure of which category a food you served belongs to, write it in the “Other food and beverage items” category.

Important to Note:

- If infants are fed breastmilk, please include it on the Infant Menu Forms, but do **not** include any other items parents bring from home.
- If you prepare alternate foods or meals for infants with dietary restrictions, do **not** include these items on the Infant Menu Forms.

2. Please Describe Each Food or Drink

- In this column, describe each food and drink in detail. Include details such as brand name or manufacturer and the type or flavor of the food.
- In **Tab 4** of the Menu Survey that you are completing for children 1 year and older, you will find the **“Food Description Guide”**, which lists the types of details that we need you to write down in this column. There is a section specifically for infant foods, named **“Infant Specific Foods”**.
- **Breastmilk and Formula:** Under the breastmilk and formula category, you will see pre-filled rows with checkboxes for how the formula is prepared (see example below). If you provide formula to infants in your care, please include the brand name or manufacturer and select the checkbox which describes how the formula is prepared:
 - o **RTF: Ready to Feed**
 - o **Liquid Conc: Liquid Concentrate**
 - o **Powder: Powder mixed with water**

Infant cereal – you do not need to use the Foods You Prepared Form if you are following the package instructions to prepare the infant cereal. Please list what the infant cereal is mixed with (breastmilk, water, formula) in the food description column.

Please note that you **DO NOT** need to complete the Foods You Prepared Form for the following:

- Any foods that need little or no preparation on your part, or any foods that can be eaten as is (“ready to eat”). This includes foods that only need to be heated before serving or foods that only need to be cut, sliced, or poured before serving.
- **Ready to feed, liquid concentrate, or powdered formula** as long as you are following the package instructions to prepare the formula.

The chart below provides examples of when to fill out a Foods You Prepared Form and when it is not needed.

Detailed instructions on how to complete the Foods You Prepared Form can be found in the Menu Survey Instructions.

Important to Note:

If you have a printed copy of the recipe, you can provide that instead of completing the Foods You Prepared Form. Please make sure the recipe includes all of the information requested on the Foods You Prepared Form. If it does not, add notes to your copy of the recipe so we have all the information that we need. If you make any changes to the recipe, write them directly on the recipe.

4. Age Group(s) Served

- Use the checkboxes in this column to tell us the age group(s) of infants that are served each food or drink. The age groups on the Infant Menu Survey include 0-3 months, 4-5 months, 6-7 months, and 8-11 months.
- If a food or drink is served to infants in multiple age groups, select all relevant groups that are served that item.
- If breastmilk is served to infants, be sure to select all relevant age groups.
- If different types of the same food were served to infants in different age groups, you should list the different types of the food on separate rows, and

Foods You Prepared Forms

Please fill out a **Foods You Prepared Form** for any food items where you placed a check mark in the “Food Preparation” column on your **Infant Menu Forms**. See the Infant Menu Survey Instructions for more information.

Note: If have a **printed copy of the recipe**, you can provide that instead of completing the Foods You Prepared Form. Please make sure the recipe includes all of the information requested on the Foods You Prepared Form. If it does not, add notes to your copy of the recipe so we have all the information that we need. If you make any changes to the recipe, write them directly on the recipe.
