Customer/Partner Satisfaction Service Surveys

(OMB Control Number 0910-0360)

Non-substantive Change Request:

The Food and Drug Administration is submitting this nonmaterial/non-substantive change request to add 13,750 burden hours. No other changes are occurring.

This generic clearance is used by various programs in all Centers within FDA, and because we anticipate more use of this generic approval over the next two years, we therefore request an increase in hours until the expiration date in 2023.
