Form Approved
OMB No. 0920-1260
Exp. Date 04/30/2022

CDC estimates the average reporting burden for this collection of information as three minutes per response, including the time for reviewing instructions, searching existing data/information sources, gathering, and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB Control Number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road, NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-1260).

The Vessel Sanitation Program does not require a standard form for this information; however, the requirement to collect and maintain this information is documented in the Vessel Sanitation Program 2018 Operations Manual.

4.1.1.2 Onset Time (02)

The REPORTABLE AGE CASES must include crew members with a symptom onset time of up to 3 days before boarding the vessel. Maintain documentation of the 3-day assessment for each crew member with symptoms on the vessel for review during inspections. Retain this documentation for 12 months.
