Change Request for OMB#0920-1227: Assessment of Ill Worker Policies Study

Justification for the Change Request

This is a non-material/non-substantive change request for OMB Control No. 0920-1227 (expiration date 3/31/2024) titled “Assessment of Ill Worker Policies Study.”

We are adding attachment 3a with a reduced reading level for the consent script at a recipient’s IRB request. Recipient sites will be able to use either form as long as it is approved by their IRB. CDC is requesting to make a change to the following forms:

- Attachment 3a (Manager Informed Consent and Interview)
- Ill Worker Protocol

There is no change to the survey questions, number of respondents or requested burden hours.

As such, CDC appreciates OMB’s consideration of this request.
