

## KAP: Older Children (12-13)

1. If you could **change** or **improve** three things in your community, what would they be?

Do **not** read the options; it is okay if they only provide 1-2 answers.

- Standing water
- Environmental/Pollution
- Stray animals
- Crime/Gangs/Safety
- Potable water distribution
- Drugs
- Electricity
- Teen pregnancy
- Sexually transmitted diseases/HIV
- Diseases transmitted by mosquitoes (dengue, Zika, chikungunya)
- Debris
- Lack of sewage system
- Children's health
- Maintenance of green spaces
- Flies, no-see-ums, other insects
- Mosquitoes
- Homelessness
- Trash removal
- Messy or dirty neighborhood
- None
- Other: \_\_\_\_\_

2. In the **last 12 months**, since this month of the past year, which of the following sources have you used to **obtain health information**?

Probe if necessary. Select all that apply.

- School
- Brochures
- Internet
- Children
- Newspapers/magazines
- Official spokespeople
- Health professionals
- Radio
- Social networks (Facebook, Twitter, Instagram)
- Community meetings
- TV
- Neighbors
- WhatsApp

6. Do you think that diseases transmitted by mosquitoes such as dengue, Zika and chikungunya are a problem in your community?

- No  Yes |

7. Have you used **mosquito repellent** in the **last 30 days**?

- No  Yes |

7a. What **type of repellent** have you used to prevent mosquito bites?

- Citronella
- Store-bought spray (Off)
- Cream
- Natural/Artisanal/Homemade repellents

## KAP: Older Children (12-13)

8. In the **last 12 months**, how often have you used a **mosquito net**?

- Daily
- One time per week
- One time per month
- Rarely
- Never
