Welcome back to the NCI Electronic Individual Development Plan (eIDP)

An Individual Development Plan (IDP) is a tool to help you establish your training and career goals. You will use this electronic IDP system to map out your short- and long-term projects and career plans. This tool will enable you to identify skills gaps, set goals to address them, and consider how best to utilize your NCI mentors and other resources to be most successful. This electronic IDP system complements, but does not replace open, respectful, in-person communication between you and your mentor(s).

Your IDP should be reviewed and approved by all parties (including Lab/Branch/Office Chief) by 03/15/2022 (Overdue) .

You must complete all the sections to view your IDP details and take an action.

Completed IDP

Navigate along the tabs to complete each section of your IDP. You may discuss your IDP with your Mentor(s) at any time during your appointment. When you are done and hit submit, your IDP goes to your Mentor(s) for review.

Once you have submitted your IDP, it will be sent to your Mentor(s). Your Mentor(s) will review, comment, add their expectations, and approve your IDP. If your Primary Mentor has suggested revisions, the IDP will be returned to you for review. You and your Primary Mentor may send revisions to each other up to three times.

Your Training Director (TD) will review your IDP and either accept it or return it to you or your Primary Mentor for additional revisions. If your TD returns your IDP, you and your Primary Mentor must review the suggested revisions and update the IDP accordingly.

Once your electronic IDP is complete, you and your mentor will have an in-person discussion about your research and career development goals and your expectations for the coming year. You and your mentor will electronically confirm that you reviewed and discussed the IDP in person.

Your Chief will review your IDP for final approval. If additional revisions are requested, the IDP will be returned to your TD for guidance. If your TD returns your IDP to you for revisions, you and your Primary Mentor must discuss the additional revisions and update the IDP accordingly.

Once your IDP has received final approval, it cannot be modified. You will be able to view a PDF of your IDP at any time during your appointment.
