

Response to Public Comments
Methods for Assuring Access to Covered Medicaid Services
Under 42 CFR 447.203 and 447.204
CMS 10391, OMB 0938-1134

Comment 1: We received one comment from a student and health care researcher with interests in programs that serve older Americans who are low income or have debilitating health conditions. The commenter expressed support for the information collection and noted that it increases transparency and provides a voice to the individuals served by the Medicaid program.

CMS Response: We thank the commenter for supporting the information collection.

Actions Taken: None. CMS has not modified the information collection as a result of the comment.
