Instrument 2. Identifying and contact information - revised

The purpose of this information collection is to evaluate innovative programs serving individuals facing challenges to employment and economic independence to expand the evidence base. Public reporting burden for this collection of information is estimated to average 25 minutes per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This is a voluntary collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The OMB # is 0970-0545 and the expiration date is 04/30/2023. If you have any comments on this collection of information, please contact Mathematica at NextGenProject@mathematica-mpr.com.

Identifying and Contact Information Data Collection - Screens in the Random Assignment, Participant Tracking Enrollment, and Reporting, or RAPTER®, system
